Auditor's Report.

To the Citizens of the Town of Saugus :

Having examined the accounts of the Treasurer, Overseers of the Poor and Tax Collector, and finding them correctly kept with proper vouchers for all payments made, I herewith submit the annual report for the year 1901, and trust that all will be interested enough in it, especially the financial part, to give it a very careful perusal. The deficiency has been decreased nearly \$11,000, which is certainly a step in the right direction, although at a cost of a high rate of taxation. The interest account still continues large but as the last of the coupon notes become due this year, it should be considerably less, and I recommend that the sum of \$10,500 be appropriated to meet interest charges the ensuing year. An appropriation of \$2,500 will be required for Principle of Water Loan, \$2,150 for Clifondale Schoolhouse Loan and \$350 for Lynnhurst Schoolhouse Loan. The Town Farm account continues to improve, and taking the increase of personal property into consideration, has been more than self-supporting the past year by several hundred dollars. I desire to again request all who receive remittances from the Treasurer with bill enclosed, to at once receipt the same and return to Auditor.

Respectfully submitted,

GEORGE PARSONS, Auditor.

Saugus, Feb. 10, 1902.

ANNUAL TOWN MEETING.

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus,

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the several voting precincts in the Town, on Monday, March the Fourth, A. D. 1901, at six (6) o'clock A. M., then and there to bring in their ballots to the Wardens for the following Town Officers:—

Town Clerk, Three (3) Selectmen for one year, Town Treasurer, One Assessor for three years, Three Overseers of the Poor for one year, Tax Collector for one year, One Member Board of Health for three years, Auditor, Constable, One Sinking Fund Commissioner for three years, Three Trustees of Public Library for three years, One Water Commissioner for three years, One Member of School Committee for three years, Three Fence Viewers, Tree Warden for one year.

Also your answer "Yes" or "No" to the following question, "Shall eight hours make a day's work for City and Town employees according to Chap. 344, Sections 1, 2, 3, Acts 1899?"

Also your answer "Yes" or "No" to the following question, "Shall License be granted for the sale of Intoxicating Liquors in the Town for the ensuing year?"

Also to appear at the Town Hall, on Monday Evening, March Eleventh, A. D. nineteen hundred and one, at eight o'clock, to hear and act on the following articles, viz:—

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To hear and act on Reports of Committees.

Art. 3. To choose all other Town Officers which Towns are, by law, required to choose in the months of March and April annually.

Art. 4. To revise the Jury List.

Art. 5. To choose a Committee on Appropriations, as required by the Town By-Laws.

Art. 6. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed in the ensuing year.

Art. 7. To make an appropriation and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

Art. 8. To see what action the Town will take in the matter of fixing the compensation of any or all Town Offices, and make an appropriation for the same.

Art. 9. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same for the following purposes:

1st. For the purpose of paying notes coming due the present year.

2d. For the purpose of paying notes not yet due.

3d. To hire money temporarily, not exceeding seventy-

five thousand dollars (\$75,000) for one year, in anticipation of the taxes of the year 1901.

Art. 10. To see if the Town will make an appropriation for Police Service.

Art. 11. To see if the Town will appropriate the sum of two hundred dollars for the observance of Memorial Day, the same to be expended under the supervision of Post 95, G. A. R., or to see what action the Town will take in the matter.

Art. 12. To see what action the Town will take in relation to Street Lighting, and make an appropriation therefor.

Art. 13. To see if the Town will make an appropriation to cover the cost of insurance on Town Buildings.

Art. 14. To see if the Town will make an appropriation for Repairs on Town Buildings and Grounds.

Art. 15. To see if the Town will make an appropriation for thirteen hundred dollars for the Board of Health, or to see what action the Town will take in the matter.

Art. 16. To see if the Town will make an appropriation for the Superintendent of Schools.

Art. 17. To see if the Town will appropriate the sum of one hundred dollars (\$100) for searching the Records and Plans and for Incidentals for the Assessors.

Art. 18. To see if the Town will make an appropriation for Sidewalks, or to see what action the Town will take in the matter.

Art. 19. To see if the Town will make an appropriation for Tree Warden or to see what action the Town will take in the matter.

Art. 20. To see if the Town will make an appropriation for Sealer of Weights and Measures or to see what action the Town will take in the matter.

Art. 21. To see if the Town will make an appropriation of three hundred dollars (\$300.00) for repairs and incidental expenses on School Buildings, to be expended under the direction of the School Committee, or to see what action the Town will take in the matter.

Art. 22. To see what compensation the Town will give the Collector for collecting the tax of 1901, or to see what action the Town will take in the matter.

Art. 23. To see if the Town will vote to adopt some rule for collecting taxes, or to see what action the Town will take in the matter.

Art. 24. To see if the Town will instruct the Assessors to abate the tax on a certain Town note held by Mrs. E. Hathaway, in payment of the Gravel Pit purchased by the Town, or to see what action the Town will take in the matter.

Art. 25. To see if the Town will defray the expenses of the Lock-up from Court Fines, or to see what action the Town will take in the matter.

Art. 26. To see if the Town will make an appropriation for the Salaries of Firemen of the Saugus Fire Department, or to see what action the Town will take in the matter.

Art. 27. To see if the Town will appropriate the sum of two thousand dollars (\$2,000) for the expenses of the Fire Department for the ensuing year, or to see what action the Town will take in the matter.

Art. 28. To see if the Town will make an appropriation

for two Fire Alarm boxes, one to be placed at the corner of Central and Denver streets, one at Lynnhurst, or to see what action the Town will take in the matter.

Art. 29 To see if the Town will instruct the Board of Engineers to remove the hose from Lynnhurst, or to see what action the Town will take in the matter.

Art. 30. To see if the Town will appropriate the sum of five hundred dollars and dog tax for use of the Public Library, the same to be expended under the direction of the Trustees of the aforesaid Library, or to see what action the Town will take in the matter.

Art. 31. To see if the Town will authorize the Water Commissioners to make a new contract with the City of Lynn for a future water supply, or to see what action the Town will take in the matter.

Art. 32. To see if the Town will authorize the Treasurer with the approval of the Selectmen to make a Water Loan of Five Thousand Dollars (\$5,000) for the extension of the water pipes, or to see what action the Town will take in the matter.

Art. 33. To see if the Town will appoint a committee of not more than three citizens whose duty is shall be to take entire charge of the Cemetery, who shall receive all money therefrom and pay the same over to the Treasurer, taking his receipt for the same. They shall also have the appointing of a Superintendent of the Cemetery, who shall receive from the Treasury of the Town such a sum of money for a salary as the Town shall appropriate, or to see what action the Town will take in the matter.

Art. 34. To see if the Town will make an appropriation

for salary of Superintendent of Cemetery, or to see what action the Town will take in the matter.

Art. 35. To see if the Town will make an appropriation for the purpose of laying out and grading avenues in the Cemetery, or to see what action the Town will take in the matter.

Art. 36. To see if the Town will make an appropriation of five hundred dollars (\$500) for Soldiers' Relief, or to see what action the Town will take in the matter.

Art. 37. To see if the Town will concur in the proposed change in the boundary line between the Towns of Saugus and Lynnfield, as recommended by the Board of Topographical Survey Commissioners.

Art. 38. To see if the Town will accept the provisions of Section 1, Chapter 186, Acts of 1895, or to see what action the Town will take in the matter.

Art. 39. To see if the Town will instruct the Selectmen to locate four incandescent lamps on Denver Street, between the railroad crossing and the corner of Denver Court, and make an appropriation for the same, agreeable to the petition of G. H. Johnson, Adrian D. Hall and others, or to see what action the Town will take in the matter.

Art. 40. To see if the Town will furnish more light on Pleasant Street, and make an appropriation for the same, agreeable to the petition of Solon A. Hall, C. O. Popp and others, or to see what action the Town will take in the matter.

Art. 41. To see if the Town will appoint a committee to confer with the officials of the Lynn and Boston R. R. Co., relative to a reduction in fare between Saugus Centre and

Malden Square, also between Saugus Centre and Wakefield, or to see what action the Town will take in the matter.

Art. 42. To see if the Town will make an appropriation for fitting up the vacant room in the Old Town Hall building as a laboratory for the use of the High School, and the purchase of apparatus for the same.

Art. 43. To see if the Town will instruct the Selectmen to establish a voting precinct at Pleasant Hills and make an appropriation for the same agreeable to the petition of Wm. Barber, H. W. Brown and others, or to see what action the Town will take in the matter.

Art. 44. To see if the Town will instruct the Selectmen to purchase land and build a four-room school-house at Pleasant Hills at a cost not to exceed twelve thousand dollars (\$12,000) agreeable to the petition of F. E. Standley, Rudolph Rasch and others, or to see what action the Town will take in the matter.

Art. 45. To see if the Town will authorize the Treasurer with the approval of the Selectmen to make a loan not exceeding twelve thousand dollars (\$12,000) for a term of years, to be called the Pleasant Hills Schoolhouse loan, agreeable to the petition of H. W. Brown, Thos. Bowser and others, or to see what action the Town will take in the matter.

Art. 46. To see if the Town will appropriate the sum of two hundred dollars (\$200), the same to be expended on Jasper street agreeable to the petition of James Biffin, Frank L. Oliver and others, or to see what action the Town will take in the matter.

Art. 47. To see if the Town will appoint a committee of not more than Three Citizens to consider the matter of a municipal lighting plant and to report their findings at some

future meeting, or to see what action the Town will take in the matter.

Art. 48. To see if the Town will vote to authorize the Selectmen to extend Pleasant Avenue to the Newburyport Turnpike, Broadway, so called, a distance of about 186 feet, in accordance with plans filed with the Town Clerk and recommendations of the County Commissioners and make an appropriation of six hundred dollars (\$600) for that purpose, or to see what action the Town will take in the matter.

To see if the Town will give the Selectmen authority to grade the extension of Pleasant Avenue, to purchase and sell land, move buildings and do such other work as will be necessary to complete the extension of said avenue, in compliance with the recommendations of County Commissioners and plans filed. All work to be let out by contract to the lowest responsible bidders, or to see what action the Town will take in the matter.

The Polls will open at 6 o'clock A. M. and may close at 4.30 P. M., and you are hereby directed to serve this warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting and to distribute copies as provided by the By-Laws at least four days before.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands and Town Seal this nineteenth day of February, A. D. nineteen hundred and one.

J. WESLEY PAUL,
H. O. PRATT,
B. F. SANBORN,

Board of Selectmen.

Saugus, March 4th, 1900.

Pursuant hereunto, I have notified the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the several voting precincts in said Town, on Monday, March the fourth, A. D. 1900, at six o'clock A. M., by posting attested copies of the warrant in the usual places in said Town, seven days at least before the time of said meeting; also by leaving copies at the several dwellings at least four days before said meeting.

Also to appear at the Town Hall on Monday evening, March the eleventh, A. D. 1900, at eight o'clock P. M.

CHARLES A. BLAKELEY,
Constable.

March 4th, 1900.

PRECINCT I.

Saugus, March 4th, 1901.

The Polls were opened at 6 o'clock A. M.

The state of the Ballot Box Register at the opening of the Polls was 000. At the close it was 219. The Ballot Box Register failed to cancel any of the ballots deposited therein. Number of names checked by the Ballot Clerks, 219. At the Ballot Box, 219.

Election Officers.

F. E. Parker, sworn by E. B. Newhall, Warden.

A. J. Jenkins, sworn by Warden, Clerk.

D. S. Bannon, sworn by Warden, Inspector.

A. W. Sawyer, sworn by Warden, Inspector.

F. B. Newhall, sworn by Warden, Inspector.

W. A. Adlington, sworn by Warden, Inspector.

A. W. Mansfield, sworn by Warden, Inspector.

There were three other ballots in the box delivered to the Warden by Town Clerk. The Polls closed at 4.30 P. M.

A true record.

A. J. JENKINS,
Clerk.

PRECINCT 2.

Cliftondale, Mass., March 4, 1901.

The citizens of Precinct 2 of the Town of Saugus, qualified to vote in said precinct, assembled at 6 o'clock on Monday, March 4, 1901, at Hose House No. 2, in said Cliftondale, and deposited their votes for the purpose expressed in the notice of Election, advertised as is provided by Law and by the Board of Selectmen.

The following named persons were present and served as Election Officers:—

W. H. Raddin.....	Inspector
Osborne Gallup.....	Inspector
O. E. Mosher.....	Inspector
F. W. Foss.....	Inspector
C. H. Stocker.....	Inspector
A. F. Sachsse.....	Inspector
Thos. Bonser.....	Inspector
Fred Feakins.....	Inspector

A. G. Williams and William B. Johnston reported as Deputy Election Officers at 6 o'clock A. M. Services not required. Warden M. F. Cunningham read the warrant issued by order of the Selectmen, when the balloting proceeded at 6 A. M. sharp.

In the operation of the ballot box, which was publicly examined by the Warden and Inspectors previous to the deposit of ballots, the figure two (2) was registered, hence shows a record of two (2) in excess of the actual ballots deposited.

On registering ballots 34 and 72 error was made, making a total in excess of actual number ballots cast of four (4).

Deputy Inspector Wm. B. Johnston and A. G. Williams reported for duty at 12 o'clock noon, and took their positions as Inspectors. At 12:30 P. M. error was made on ballot 175, making a total of five (5) votes in error. At 4:30 P. M. the polls closed.

The ballot box registered on opening showed...	2
On closing.....	216
To error (5) ballots.....	5
Total vote registered.	211

A true record.

JAMES W. SWOGER,
Clerk.

March 4, 1901.

TOWN ELECTION.

March 4, 1901.

The citizens of Precinct 3, qualified to vote in said precinct, assembled at Hose House in Ward 4, on the 4th day of March, 1901, and gave in their votes for the purpose ex-

pressed in the notice of this election advertised as provided by Law by the Selectmen. The following named persons were present and served as election officers, having been previously qualified, viz.:—

Henry J. Mills, Warden, sworn by Town Clerk.

W. H. Savage, Clerk, sworn by Warden.

Levi Florence, Inspector, sworn by Warden.

I. E. Graves, Inspector, sworn by Warden.

Geo. L. Priest, Inspector, sworn by Warden.

Evan Evans, Inspector, sworn by Warden.

J. W. Hitchings, Inspector, sworn by Warden.

Wm. Savage, Inspector, sworn by Warden.

Dennis S. Newhall, Inspector, sworn by Warden.

Terrence McTague, Inspector, sworn by Warden.

Chas. W. Bailey, Inspector, sworn by Warden.

Brainard Perkins, Inspector, sworn by Warden.

The polls were opened at 6 A. M. and were closed at 4:30 P. M., and the whole number of ballots given in having been sorted and counted by the election officers in the manner provided by law, the result was as follows:—

The state of the ballot box registered before the polls were opened was 000. At the close of the Polls it was 126. Number of names checked on check list used at the ballot box was 125; number of names checked on check list used by the ballot clerks was 126.

The state of the ballots counted and recorded as above in open meeting was declared to the meeting by the Warden.

A vote of thanks was extended to Hon. H. H. Atherton for his kindness at this and former elections by precinct officers.

The meeting then dissolved.

A True Record.

W. H. SAVAGE,
Clerk.

Art. 5. The following gentlemen were elected as a Committee on Appropriations:—

Frank H. Coburn, Benj. F. Sanborn, Edgar Putnam, Martin L. Penney, Clarence Fox.

The following articles were referred to said Committee: 7, 8, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 25, 26, 27, 28, 30, 32, 34, 35, 36, 39, 40, 42, 43, 44, 45, 46, 48.

Art. 8. Choose the following Town Officers for the ensuing year:—

Field Drivers—Walter Pratt, Chas. A. Blakeley, Eugene Stevens.

Pound Keeper—James B. Wiggins.

Measurers of Wood and Bark—Herbert O. Pratt, George Metcalf, Phillip W. Farnham.

Art. 6. Voted:—That a discount of two per cent. be made on the tax of 1901, paid on or before October 10, 1901, and that interest at the rate of six per cent. per annum be charged after Jan. 1, 1902.

Art. 9. Voted:—That the Town Treasurer, with the approval of the Selectmen, be and hereby is, authorized to hire money temporarily, not exceeding one year, in anticipation of the Taxes of the year 1901, and give notes of the Town for the same, and that all money so hired shall be expressly made payable from such Taxes of 1901, the whole amount so hired under this vote not to exceed the sum of Seventy-Five Thousand Dollars (\$75,000).

Yes, 67. No, 0.

Art. 23. Voted:—That the Selectmen demand that the Tax Collector proceed at once to collect the taxes due the Town of Saugus, and in his failure to reasonably comply they consult counsel as to his liability on his bond.

Art. 24. Voted:—That the Selectmen be instructed to abate the Tax on the Hathaway Note.

Art. 29. Voted:—To lay this article on the Table until the next meeting.

Art. 31. Voted:—That the Water Commissioners be instructed to make a contract with the City of Lynn for a future water supply upon as favorable terms as prevail at present for a term of five years.

Art. 33. Voted:—That a committee of not over three citizens, one from each precinct, be appointed, to be known as the Cemetery Commission, and who for the present, at least, shall serve the Town in that capacity without compensation, whose duty it shall be to take entire charge of the Cemetery. They shall keep all accounts thereof, and receive all money therefrom, and pay it over to the Treasurer, taking his receipt for the same. They shall have the appointing of an officer, to be known as Superintendent of Cemetery, who shall receive from the Treasurer of the Town such a sum of money for a salary as the Town shall vote for that purpose.

Committee chosen as follows: Joseph S. Meacom, Richard Witcher, Clarence W. Fox.

Art. 37. Voted:—That the Town of Saugus hereby concurs in the proposed change in the boundary line between the towns of Saugus and Lynnfield, recommended by the Board of Topographical Survey Commissioners, by which the line between the corner of Lynn, Lynnfield and Saugus shall consist of one straight line, as follows:—

Beginning at the corner of Lynn, Lynnfield and Saugus, marked by a rough boulder 3 feet in height and 7x7x4 feet at the base, lettered L., S., LD., and standing in a stone wall in woodland about 100 feet west of the west shore of Walden Pond, in latitude 42 deg., 30 m., 06.15 s., and longitude 71 deg., .00 m., 43.64 s.; thence about north 78 deg., 48 m.; west about 6,800 feet to a point in the present dividing line between Lynnfield and Wakefield, in the channel of Saugus River.

Art. 38. Voted:—To accept the provision of Sec. 1, Chap. 186, Acts of 1898, referring to Street Sprinkling

Art. 41. Voted:—That the matter of a reduction of Car Fares between Saugus Centre and Malden Square, also between Saugus Centre and Wakefield be referred to the Selectmen.

Art. 47. Voted:—That a committee of not over three citizens be appointed to look into the advisability of a municipal lighting plant and report their findings at a future town meeting.

Committee chosen as follows: George Parsons, J. W. Paul, George Caswell.

Voted:—To adjourn until Monday evening, March 18, 1901, at 8 P. M.

Saugus, March 18, 1901.

Adjourned Meeting called to order at 8:10 P. M. by the Moderator.

The following Tellers were appointed and sworn by the Moderator: Wesley Paul, Wm. F. Belcher, Herbert Forristall, George Johnson.

The Report of the Committee on Appropriations was made at this time by Mr. Chas. E. Putnam, Chairman. Report was accepted.

Art. 7. Voted:—That the recommendations of the Committee be accepted, as follows:—

Schools	\$22,000
Selectmen Incidentals.....	6,500
Overseers of the Poor.....	3,500
Water Loan—principal.....	4,000

Fire Department.....	2,000
Total.....	<u>\$61,100</u>

Art. 8. Voted:—That the Salary of the Treasurer be taken up separately.

Voted:—That the Salary of the Treasurer be \$500.

Voted:—That the balance of Art. 8 be accepted as a whole, as recommended by the committee.

Total appropriation on Salaries, \$4,100.

Art. 10. Voted:—That the sum of Four Thousand Dollars (\$4,000.00) be, and hereby is, appropriated for Police Service the ensuing year.

Art. 11. Voted:—To appropriate the sum of Two Hundred Dollars for Memorial day, the same to be expended under the direction of Gen. E. W. Hinks Post 95, G. A. R.

Art. 12. Voted:—That the sum of Five Thousand One Hundred Dollars be and hereby is appropriated for Street Lighting.

Art. 13. Voted:—That the sum of Nine Hundred Dollars be and hereby is appropriated for Insurance.

Art. 14. Voted:—That the sum of Six Hundred Dollars be and hereby is appropriated for repairs on Public Buildings and grounds.

Art. 15. Voted:—That the sum of Thirteen Hundred Dollars be and hereby is appropriated for the Board of Health, and that the same be used under the direction of said Board.

Art. 16. Voted:—That the sum of One Thousand Dollars be appropriated for Superintendent of Schools.

Art. 17. Voted:—That the sum of Fifty Dollars be and hereby is appropriated for searching the Records and Plans and for Incidentals for the Assessors.

Art. 18. Voted:—That the sum of Three Hundred Dollars be and hereby is appropriated for Sidewalks.

Art. 19. Voted:—That the sum of Two Hundred Dollars be and hereby is appropriated for Tree Warden.

Art. 20. Voted:—That the sum of One Hundred and Fifty Dollars be and hereby is appropriated for Sealer of Weights and Measures.

Art. 21. Voted:—That the sum of Three Hundred Dollars be appropriated for repairs and incidental expenses on School buildings, to be expended under the direction of the School Committee.

Art. 22. Voted:—That the compensation of the Tax Collector be as follows: If less than 75 per cent. of taxes of 1901 are collected before Feb. 1, 1902, 1 per cent. If 75 per cent. or over are collected before Feb. 1, 1902, 1½ per cent.

Art. 25. Voted:—That the expenses of the Keeper of the Lockup be paid from the Court fines, for the ensuing year.

Art. 26. Covered in the Recommendations of Committee on Appropriations under Art. 8. Voted to indefinitely postpone.

Art. 27. Covered in the Recommendations of Committee on Appropriations under Art. 8. Voted to indefinitely postpone.

Art. 28. Voted:—That the sum of Four Hundred Dollars be and hereby is appropriated for the location of two fire alarm boxes, one to be placed at Lynnhurst, and one at the corner of Central and Denver Sts.

Art. 29. Voted:—That the Board of Engineers of the Fire Department be instructed to remove the Hose from Lynnhurst.

Art. 30. Voted:—That the sum of Five Hundred Dollars and the Dog Tax be and hereby is appropriated for the use of the Public Library for the ensuing year.

Art. 32. Voted:—Not to make an appropriation for the use of the Water Board. Yes, 3. No, 36.

Art. 34. Voted:—To indefinitely postpone the matter of an appropriation for the Salary of the Superintendent of the Cemetery.

Voted: To take up Art. 44.

Voted to indefinitely postpone the matter of a School Building at Pleasant Hills.

Voted to take up Art. 43.

Voted to indefinitely postpone the matter of Establishing a Voting Precinct at Pleasant Hills.

Art. 45. Voted:—To indefinitely postpone the matter of a School House Loan at Pleasant Hills.

Art. 35. Voted:—That the sum of Six Hundred and Fifty Dollars be and hereby is appropriated for care of Cemetery.

Art. 36. Voted:—To appropriate the sum of Five Hundred Dollars for Soldiers' Relief.

Voted to reconsider Art. 32.

Art. 32. Voted:—That the Treasurer, with the approval of the Selectmen, be authorized to make a water loan of Five Thousand Dollars for the purpose of extending the water pipes. Yes, 43. No, 0.

Art. 39. Voted:—That the Selectmen be authorized to establish the Lights called for on Denver street, and that the number of Lights be left to their judgment, the expenses of the same to be paid from the appropriation under Art. 12.

Art. 40. Voted:—That the Selectmen place two Incandescent Lights on Pleasant Street.

Art. 42. Voted:—That the sum of Five Hundred Dollars be appropriated for fitting up the vacant room in the Old Town Hall building for a Laboratory for the High School, and to purchase apparatus for the same.

Art. 46. Voted:—No appropriation to be expended on Jasper Street.

Art. 48. Voted:—That a Committee of three be elected to look into the matter of the extension of Pleasant Avenue. That said Committee be instructed to confer with the County Commissioners and also to confer with the land owners who may be affected by the taking of land or change of grade and acting with the advice of the Town Council, obtain from the said land owners a binding legal agreement to accept certain sums in compensation of all damages to said land owners and report their finding to the Town at some future Town Meeting.

Committee as follows: Richard Witcher, Marion V. Putnam, J. Wesley Paul.

Voted: To dissolve the meeting at 11:35 P. M

A True Copy of Record.

Attest:

ELMER B. NEWHALL,
Town Clerk.

* In submitting our annual report for the past year, the overseers regret to have to state that it has been necessary to draw out more money from the treasury than was appropriated. But it will be remembered that the overseers in their last annual report recommended an appropriation of \$4,000, but the Appropriation Committee considered that, as a less amount was expended that year, \$3,500 would be sufficient. The requirements of the year just closed, however, were

greater, and, consequently, it was necessary to overdraw. The insane expenses have alarmingly increased since then, and evidently will continue to increase.

It will be seen by the Town Farm account that advancement has been made. Four cows have been added to the stock, making now forty-four (44) in the herd, all in fine condition. The demand for milk required this increase. The crop of hay was much larger than usual and was of a fine quality.

In this connection the Board feels it but justice to the Superintendent, Mr. Wiggin, and the Matron, Mrs. Wiggin, to state that they are untiring in their efforts for the success of the farm and the welfare of the inmates of the almshouse.

A milk room, which was much needed, has been built during the year, a portion of the expense having been paid by this Board.

Owing to the increased expenses in this department during the past year, and the evident increase, especially in caring for the insane, we recommend that the sum of \$5,000 be appropriated to defray the expenses of the Overseer's Department for the ensuing year.

Respectfully submitted,

GEORGE FAULKNER,
JAMES A. HALLIDAY,
GEORGE H. AMES.

TREASURER'S REPORT.

ELMER B. NEWHALL,
Town Clerk.

Selectmen's Report.

To the Citizens of the Town of Saugus:

We herewith submit our report for the past year. While congratulating the Town upon its material condition, as shown by the increase in population and buildings, we regret very much that the expenditures of the Town exact from its citizens such a high rate of taxation. It would seem to your Board, after a very careful consideration of the matter, that the utmost economy in all departments of the Town, should be strictly adhered to, together with the strictest care on the part of the citizens, in making their appropriations for the coming year, as they must remember that the rate of taxation depends upon the appropriations made by their votes. We would also ask them to remember that a prompt payment of taxes would go far toward improving our financial condition, and we regret that some of our most prominent citizens have failed to set a good example in this respect.

The Board has endeavored to act for the best interest of the Town, and every vote taken has been unanimous, a record which gives much pleasure and satisfaction to its members.

Highways and Bridges.

The past year has been laden with requests from our citizens for improvements in this department. We have, as far as our appropriation would allow, complied with the most urgent of these, but there is still a large amount of work which sooner or later must be attended to. The matter of surface water is fast becoming a serious problem. We have

been repeatedly threatened during the year with suits for damages on account of this trouble and we can see no other alternative, after due consideration and after having consulted our Town counsel in regard to the matter, than that the Town take some steps toward abating the nuisances that exist in different sections of the Town along this line.

We would especially call the attention of our citizens to the extensive improvements that have been made on Lincoln Avenue, from the Lynn line to Lincoln Square, Cliftondale, made imperative by the heavy traffic caused by the closing of the Salem turnpike during the building of the State highway. Our efficient Superintendent of Streets deemed it advisable to use crushed stone with a binder of gravel upon this important thoroughfare, which we have done, and we believe that the work speaks for itself. We would also call your attention to the improvements on Main Street from Broadway to Forest Street, and the extension of the grade on Whitney Street. Especially would we ask you to consider the great improvements that have been made in all parts of the town in the care of the gutters, straightening them, and in bringing them to a proper grade to take care of the water from our streets.

The heavy rains of the past season have been an additional source of annoyance to the Department, having caused some serious washouts in many places in the town, together with the necessary expenditure of some five hundred dollars for repairing the bridges at East Saugus.

Street Lighting.

The number of arc lamps is 68, at a cost of \$67.00 per lamp. The number of incandescent lamps is 25, at a cost of \$16.00 per lamp. You will see by this that the total cost of the system will be about \$5,000.00.

We have examined into the results of street lights and we find them giving good satisfaction; not perfect, but we have

always found the Lynn Gas & Electric Co. willing to do everything in their power to improve and make good all defects as they may occur.

We think that if the Town should make a small increase in their appropriations the coming year, the Selectmen can take care of all extensions that may be asked for in the coming year.

We are of the opinion that it would not be the part of wisdom for the Town to consider the subject of municipal street lighting, simply because we believe that the Town is not in a condition to consider this matter from a financial point of view.

Police Department.

This, as we believe our citizens will agree, has become one of the first and most important departments in our town. Under the guidance of our efficient Chief, the department has been brought up to a high standard, and we believe, equal, if not superior to any similar department of its size, in any town in this State.

We would at this time compliment the Chief and his men for the splendid services they have rendered to the Town during the year that has just passed.

Please see report for further information.

Cemetery.

We believe that the cemetery should be placed in the hands of three commissioners for one, two and three year terms, but before we can accomplish this it will be necessary for the Town to accept the Acts of 1890 in regard to cemetery commissioners. The Selectmen will put an article covering this matter in the Town Warrant for 1902.

Fire Department.

When the good citizens of the town are asleep, and dead

to the world, so to speak, it must be a source of gratification to them to know that while in that condition, our fire laddies, ever alert, stand ready to risk their lives to protect them from fire. Too much encouragement and support to these brave men cannot be bestowed by our citizens, and we would suggest that they at all times temper their criticisms with the kindly consideration they so justly deserve in the discharge of their duties.

For a detailed account of this department, please see the Engineers' report.

Public Buildings.

We believe that every citizen of the town will agree with us on the importance of keeping our public buildings in good repair. Now to do this we have got to have a small appropriation every year. Every one knows that it costs something every year to keep his own private property in good repair, and what is true of ours is equally true of public property. We think that a word to the wise is sufficient.

Finances.

This department of our Town is not in as good a condition as we would wish, although the Town has made some improvement the past year, from the fact that at the beginning of the year 1901 there was due the Town some \$85,000 in uncollected taxes, and at the close of the year 1901 some \$75,000, showing a decrease of about \$10,000. This is a step in the right direction, but when we consider the fact that there still remains an amount nearly equal to the entire tax levy for a year, we feel that the results attained are far from being satisfactory.

We hope that every citizen of the Town of Saugus will give this matter their most serious consideration.

Appropriations.

We would recommend the following appropriations:

Highways and Bridges	\$4,500 00
Selectmen's Incidentals	6,500 00
Insurance	150 00
Police Department	4,000 00
Public Buildings	800 00
Street Lighting	5,100 00
Soldiers' Relief	400 00

J. WESLEY PAUL,

H. O. PRATT,

H. F. FISKE,

Selectmen of the Town of Saugus.

Assessor's Report.

The Assessors herewith present to the citizens of Saugus their report for the year ending Dec. 31, 1901:

Table of Aggregates.

Of Polls, Property and Taxes Assessed May 1, 1901.

Number of polls assessed, 1,383; a gain of 15.

Number of polls exempt 108; an increase of 19.

Number of persons paying poll tax only, 657; an increase of 22.

Total number of polls registered, 1,526; a gain of 56.

Total number of persons assessed, 2,478; a decrease of 170.

Number of persons paying property tax, 1,821; a decrease of 202.

Number of persons liable to do military duty, 875; a gain of 50.

Number of dogs registered, males 186, females 24, total 210.

Population as taken by the Assessors, 5,234; a gain of 180.

Schedule of Property Assessed.

Number of dwelling houses, 1,249; a gain of 42.

Number of acres of land, 6,038; a gain of 39.

Number of horses, 383; a loss of 27.

Number of cows, 756; a loss of 34.

Number of neat cattle, 8; same as last year.

Number of sheep, 60; a gain of 25.

Number of swine, 42; a gain of 3.

Number of fowl, 8,690; a loss of 810.

Number of carriages, 130; a loss of 20.

Number of bicycles, 360; a gain of 11.

Number of automobiles, 3; a gain of 2.

Value of Personal Property.

Money at interest, \$11,875; a loss of \$7,360.

Stock in trade, \$50,270; a loss of \$80.

Machinery, \$31,050; a loss of \$20.

Live stock, \$47,705; a loss of \$5,618.

Carriages, \$9,960; a loss of \$1,013.

Bicycles, \$9,090; a gain of 225.

Automobiles, \$2,300; a gain of \$1,300.

Other personal property, \$9,976; a gain of \$2,735.

Showing a loss of \$10,570.

Value of Real and Personal Estate.

Personal property assessed	\$172,226
Buildings exclusive of land	\$2,170,150
Land exclusive of buildings	1,449,179
	<hr/>
	3,619,329
	<hr/>
Total amount of property assessed,	\$3,791,555

Divided as Follows:

Resident real estate, \$2,627,875; a gain of \$82,895.

Non-resident real estate, \$990,654; a gain of \$39,299.

Resident personal estate, \$161,972; a loss of \$11,487.

Non-resident personal estate, \$10,254; a gain of \$986.

Total value of assessed estate May 1, 1901, \$3,791,555

Total value of assessed estate May 1, 1900, 3,679,062

Showing a net gain of, \$112,493

Divided as Follows:

On buildings	\$53,200	
On land	69,794	
	<hr/>	
Showing a gain of	\$122,994	
On personal property a loss of..	10,501	
	<hr/>	\$112.493

Basis of Taxation.

Appropriations	\$81,850 00	
State tax	2,135 00	
County tax	3,017 59	
Metropolitan Park tax (two years)..	2,500 00	
State highway tax	80 00	
Overlay	1,785 07	
	<hr/>	\$91,367.66
Less Town's income		9,000 00
		<hr/>
Net amount raised by taxation..		\$82,367. 66

Apportioned as Follows:

On real estate	\$75,984 90	
On personal estate	3,616 76	
On polls	2,766 00	
	<hr/>	\$82,367. 66

Total tax for State, County and Town purposes committed to Lewis J. Austin, Collector. \$82,367.66.

Tax rate per \$1000, \$21.

State tax rate per \$1000, \$16.80.

City of Lynn land tax, \$383.67.

Corporation tax, \$581.40.

National Bank tax, \$334.63.

Street Railway excise tax, \$2,457.47.

Street railway, \$2,769.77.

The Assessors hereby recommend the sum of \$750.00 to meet the expenses (salary) of their department for the year 1902.

During the year 1901, the Assessors have obtained twelve new plans for use in their department, by which means two lots of woodland have been located, and taxed for the first time for several years. By these plans, other lots show an increase in acreage. One lot in particular, taxed heretofore as 3 acres, proved to be $6\frac{1}{4}$ acres. One lot of marshland, taxed as 2 acres, increased to 5. Another lot of 3 acres, tax uncollected for several years, has been located, and will be sold for taxes, if not paid in future.

To aid the Assessors to continue this line of work, they would recommend that the sum of \$50.00 be appropriated for searching the records, and in securing such plans as might be deemed necessary.

BENJ. F. CALLEY.
JOHN H. PARKER.
LEVI G. HAWKES.

Assessors of Saugus.

Report of Sealer of Weights and Measures.

For the Year Ending Dec. 31, 1901.

Number of glass jars sealed	15,890
Number condemned	930
Number found broken	45
Number of tin measures sealed	305
Total number	17,170

Extracts from the Revised Laws of Massachusetts, relating to the sealing of weights and measures:—

Section 38. Whoever sells or, if by the custom of trade, such weights, measures, scales, beams or balances than those which have been sealed as provided in Chapter sixty-three, shall forfeit not more than twenty dollars for each offence to the use of the person suing therefor.

Chapter 62, Acts of 1901.

An Act Relative to the Sealing of Glass Bottles or Jars Used by Milkmen.

Be it enacted, etc., as follows:

Section 43.

above act took effect in cities Dec. 31, 1900; in towns March 1, 1901.

Section 32. All weights and measures and balances that cannot be made to conform to the standard shall be stamped "Condemned" or "C. D." by the sealer.

BENJ. F. CALLEY,
Sealer.

Crime.

The whole number of arrests for 1901 was 148, of which 136 were males and 12 were females.

Finance.

The total amount of fines paid during the year was \$374. Paid to Town of Saugus, \$307.50. Paid to Mass. Society of Cruelty to Animals, \$55. Paid to various officers in peddler cases, \$11.50.

I would recommend that the sum of \$4000 be appropriated for police service for the year of 1902.

Conclusion.

In concluding my report I wish to thank the honorable Board of Selectmen and George M. Amerige, Trial Justice,

for the many acts of kindness shown me in the past year. I wish also to extend my thanks to the officers both regular and special for the able manner in which they have supported me.

Respectfully submitted,

CHARLES O. THOMPSON,
Chief of Police.

Report of Sinking Fund Commissioners.

Saugus, Jan. 1, 1902.

To the Selectmen of Saugus:

The Sinking Fund Commissioners beg leave to submit the following report:

In Town Treasurer's hands.....	705 00	
Interest accrued not collected to Jan. 1.		
1902	805 00	
	<hr/>	\$82,010 00

No appropriation will be required for the year 1902.

HERBERT B. NEWHALL,
SAMUEL HAWKES,
HERBERT O. PRATT.

Report of Chief of Fire Department.

I would recommend that the Honorable Board of Selectmen instruct the Water Board of Revere to place hydrants on Vine St. and on Main St. above the Methodist Church, which would greatly add to the protection of property in that vicinity. I would also recommend the laying of a six-inch water pipe from the four corners on Main St. to the Town Farm buildings, as at present time there is no protection to these buildings. I would recommend that twenty-three hundred dollars be appropriated this year, as we now have the fire system in three circuits which is a great benefit to the system, but makes more expense in the battery room.

The apparatus consists of 3 hose wagons, 1 hook and ladder truck, 8 Underwriters' and 4 Babcock extinguishers, 4,700 feet of hose, 100 feet of garden hose, 3 plain brass and 7 regulation play pipes, 12 extinguishers in Town buildings, 4 sets of double harness, 300 feet of ladder, 28 rubber coats, 3 jump nets, 1 line gun, 1 pull down hook with chain and rope attached, 3 crotch poles, 8 lanterns, 3 long hooks, 2 axes, 3 bars, 26 spanners and 20 belts, 12 lighters, 14 fire hats, 3 wrenches, 3 wagon jacks.

CHARLES A. BLAKELEY,
Chief.

The Fire Department at the present time consists of 39 regular men and 6 call men and superintendent of the fire alarm and 3 engineers.

C. A. BLAKELEY, Chief.

C. J. HITCHINGS, 1st Asst.

M. F. CUNNINGHAM, 2d Asst.

RECORD OF ALARMS FOR THE YEAR 1901.

Total number of bell alarms	15
Total number of false alarms	1
Total number of still alarms	6
Total number of second alarms	2
Total miles run by all apparatus.....	51
Total feet of hose laid.....	2,550
Total feet of ladders used.....	295
Total gallons of chemicals used.....	72

March 6. Box 14, 320 Central street; damage, \$100; insured.

March 19. Box 32. This alarm was for a fire in Lynn; Hose 3 responded and laid 1,000 feet of hose, which was used by the Lynn Department.

June 5. Box 31, East Sauguc Depot; damage about \$10.

July 3. Box 125. This alarm was rung for an old stove catching fire, which did no damage.

July 21. Box 25, caused by an overturned oil stove; damage slight.

July 24. Box 213, house on State highway owned by Galliger heirs; total loss.

July 28. Box 27, false alarm.

Aug. 20. Box 126, 25 Whitney street; damage, \$410; insured.

Sept. 24. Box 31, spice mills at East Saugus; caused by friction of shafting; damage about \$5.

Oct. 27. Box 32, small building on Atherton street owned by Mr. Atherton and used for' boys club; total loss.

Nov. 10. Box 18, woods fire.

Nov. 17. Box 124, building on Broadway owned by Van Antwerp; total loss before the alarm was given.

Nov. 26. Box 31, Masonic hall, East Saugus; caused by an overheated furnace.

Dec. 2. Box 12, fire on roof of Napashemet Club House; caused from a spark; no damage.

Dec. 16. Box 24, building on Western avenue owned by J. H. Waters, occupied by A. Vollen; total loss; insured.

Report of Board of Health.

The Board of Health respectfully submits its annual report for the year 1901.

The Board was organized as follows: George W. Gale, M. D., Chairman; William F. Belcher, Secretary; Benjamin F. Robinson, Health Officer and Inspector.

Regular meetings of the Board are held at the Town Hall on the first Monday of each month at 8 o'clock P. M.

But complaints can be made to any of the members at any time and the same will receive prompt attention. There have been a number of complaints to the Board the past year, but all have been attended to without any recourse to law, all citizens showing a willingness to comply with the requirements when notified and in most cases being ignorant of the existing ordinances.

There has been a general compliance with the law in regard to the location, ventilation and making of manholes large enough for the passage of a man's body to clean out the same. We would still urge upon the citizens the benefits of this ordinance. The collection of ashes, swill and garbage has been attended to and only two complaints have been made during the year. The amount of swill has increased by a third, there being fifty more places than in the year 1900. The ashes have increased in some cases more than one-half. The collections of ashes and garbage have been made same as last year, viz.: East Saugus, Tuesdays; Cliftondale, Wednesdays; Saugus Centre, Thursdays. The swill being collected Tuesdays and Saturdays. There are still a great many places that

the swill and ashes are dumped in the back yard, making a nuisance not only to their own yard and themselves, but to all their neighbors.

In consequence of the prevalence of smallpox in the City of Boston and the appearance of isolated cases in cities and towns in our immediate vicinity, the Board of Health considered it their duty for the health and safety of the public to issue circulars requesting each and every person within the limits of Saugus, to be successfully vaccinated, and as an inducement that all should be protected by vaccination, the Board voted to furnish means of vaccination and re-vaccination free, to all who applied at the various stations designated for that purpose for the period of one week, commencing Dec. 9, 1901. 343 availed themselves of this opportunity. This action of the Board was taken in compliance with the requirements of Chap. 515, Sects. 3 and 4, Acts of 1894.

Smallpox has its period of dormancy and activity, making its appearance at irregular intervals with more or less severity, the immunity of certain localities being largely due to the thorough manner in which the vaccination laws are enforced.

It has been demonstrated that there is no contagion so strong and sure, it is readily communicated by contaminated atmosphere, by inoculation, and by immediate contact with the patient.

We are informed that the disease exists more or less throughout all sections of the United States and Canada. It is to be remembered that no thoroughly vaccinated community can be visited by a severe epidemic of smallpox. Experience teaches that vaccination has great protective power, beyond a reasonable doubt. This power, however, is not absolute, nor does it always continue throughout adult life, hence the necessity of re-vaccination. A person who has been vaccinated is much less liable to an attack of smallpox, and if the attack does occur, the severity of the disease is greatly modified.

We have had no cases of smallpox in Saugus during the year.

The State laws provide that no child who has not been duly vaccinated shall be admitted to a public school, except upon presentation of a certificate signed by a regular practicing physician that such a child is an unfit subject for vaccination.

Vaccination.

Attention is called to the following requirements of the Public Statutes regarding vaccination:

Chapter 47, Section 9.—“The School Committee shall not allow a child who has not been duly vaccinated to be admitted to or connected with the public schools.”

Chapter 80, Section 51.—“Parents and guardians shall cause their children and wards to be vaccinated before they attain the age of two years, and re-vaccinated when the Selectmen, or Mayor and Aldermen, shall, after five years from the last vaccination, require it. For every year's neglect, the party offending shall forfeit five dollars (\$5.00).”

Section 52.—“The Selectmen and Mayor and Aldermen shall require it and enforce the vaccination of all inhabitants, and when, in their opinion, the public health requires, the re-vaccination of all the inhabitants who do not prove to their satisfaction that they have been successfully vaccinated or re-vaccinated within five years. Every person over twenty-one years of age, not under guardianship, who neglects to comply with any such requirements, shall forfeit five dollars (\$5.00).”

We have had a number of cases of scarlet fever and diphtheria, but no deaths during the year. We believe that the most of this disease can be stamped out if the necessary sanitary laws are complied with. We would still call your attention to the lack of requirements in regard to the cleanliness of vaults and cesspools. The law of the State as well as of

cities and towns, require them to be cleaned once each year, but many persons never have anything on this line done until either can no longer be used. Many cesspools are ruined by this course, for the wall of a cesspool once being filled with grease will hold water most as well as a cistern. We think that most people, especially tenants, are negligent in this important matter.

The following number of contagious diseases have been reported the past year. Diphtheria, 26 cases, the largest number of cases reported since the Board has existed in the Town in any one year, and no deaths. Scarlet Fever, 3, which is the smallest number reported in any one year, and no deaths, and 3 cases of Typhoid Fever. We would respectfully ask that an appropriation sufficiently large be made for the Board to attend to the calls that will surely be made upon us.

Cesspools, Privies and Vaults.

Rule 22. No person shall build, or cause to be built, any privy, vault or cesspool, unless the same is constructed in a thorough and substantial manner, lined with stone, brick, or other suitable material of sufficient thickness and strength to prevent the walls from falling in, and located so that the inside of the same shall be at least three feet distant from the line of any adjoining lot or street. Every cesspool shall be of sufficient size to contain at least eighty cubic feet, measured below two feet beneath the surface of the ground, and, when not water tight, shall be at least twenty feet from the outside of the cellar wall of any tenement or dwelling, and thirty feet distant from any well, spring, or any other source of water supply used for culinary or domestic purposes. In no case shall the drainage from a privy, vault, cesspool or sink, or foul drainage from any domestic source, be permitted to enter any stream, brook, run or pond within the limits of the Town.

Rule 23. All privies and vaults shall be cleaned at least

once a year. Any privy or vault not cleaned within that time shall be declared a nuisance.

Cleanliness of House and Premises.

Public Statutes, Chapter 80, Section 24, provides:

"The Board, when satisfied, upon due examination, that a cellar, room, tenement or building in its town, occupied as a dwelling house, has become, by reason of the inhabitants, want of cleanliness, or other cause, unfit for such purpose, and a cause of nuisance or sickness to the inhabitants or the public, may issue a notice in writing to such occupants, or any of them, requiring the premises to be put in a proper condition as to cleanliness; or, if they see fit, requiring the occupants to quit the premises within such time as the Board may deem reasonable. If the persons so notified, or any of them, neglect or refuse to comply with the terms of the notice, the Board may cause the premises to be properly cleansed at the expense of the owners, or may remove the occupants forcibly, and close up the premises, and the same shall not be again occupied as a dwelling-place, without the consent in writing of the Board. If the owner thereafter occupies, or knowingly permits the same to be occupied, without such permission in writing, he shall forfeit not less than ten dollars (\$10.00), nor more than fifty dollars (\$50.00)."

In considering the number of occupants, in accordance with the foregoing section, this Board will consider a sleeping-room to be over-crowded unless there should be at least three hundred (300) cubic feet of air space for each inhabitant occupying the same.

Rule 24. No person shall remove or carry in or through any of the streets, squares, courts, lanes, avenues, places, or alleys within the Town, stinking or offensive matter, or any house dirt or house offal, either animal or vegetable, or any grease, bones, or any refuse substance from any of the dwell-

ing houses or other places in the town, unless such person so removing or carrying the same, and the mode in which the same may be removed or carried, shall be expressly licensed by the Board of Health, upon such terms and conditions as it may deem the health and interest of the town may require.

Rule 25. No person, without a license from the Board of Health, shall throw into or leave in or upon any street, court, square, lane, alley, public square, public enclosure, vacant lot, or any pond or body of water, within the limits of the Town, any dead animal, dirt, sawdust, soot, ashes, cinders, shavings, hair, manure, oyster, clam or lobster shell, waste water, rubbish, or filth of any kind, or any refuse animal or vegetable matter whatsoever; nor shall any person throw into or leave in or upon the flats or tide water within the jurisdiction of the Town, any dead animal or other foul or offensive matter.

Rule 26. No person shall bury the contents of any vault or cesspool on premises occupied by him or his tenants, or allow any filth or bad-smelling water to be run out upon, or be thrown upon the surface of the ground of such premises.

Rule 27. Kitchen and waste sinks must be safely and securely connected with cesspool or well-covered drain, and must not be permitted to discharge by spouts, or otherwise, upon the side of the house or upon the surface of the ground.

Rule 28. No person shall keep any fowl or animal in any place in the Town where the Board of Health may deem such keeping detrimental to the health or comfort of the residents of the neighborhood, or to those who may pass thereby; and said Board shall have the power to remove or cause to be removed therefrom any such fowl or animal so kept.

Rule 29. No swine shall be kept within the limits of the Town, without a license first obtained therefor from the Board of Health, and then only in such place and manner as it shall direct.

Rule 30. Owners and occupants of livery and other stables

within the Town shall not wash or clean their carriages or horses, or cause them to be washed or cleaned in the streets or public ways. They shall keep their stables and yards clean, and not allow large quantities of manure to accumulate in or near the same at any one time between the first day of May and the first day of November, and no manure shall be allowed to accumulate or remain uncovered outside of a stable building.

Rule 31. No person shall remove a dead body or its remains from a grave or tomb in the town, or disturb in a tomb or grave such body or its remains, except in accordance with a permit from the Board of Health.

Rule 32. No person, except the Superintendent, shall open or dig a grave in any burial-ground, except in accordance with a permit from the Board of Health.

GEORGE W. GALE, M. D., Chairman.

WILLIAM F. BELCHER, Secretary.

BENJAMIN F. ROBINSON, Health Officer.

TRUSTEES' REPORT OF THE FREE PUBLIC LIBRARY.

The issue of books from the public library increases with each year. This increase in the circulation of books means a correspondingly larger return to the Town from its investment; for the books are valuable only in the proportion in which they are used.

We would urge upon parents the importance of keeping a careful supervision over the reading of their children. A certain proportion of solid reading should be required of them, with reasonable regard to their age and capacity. Your Trustees have endeavored to keep the library abreast of the times, and a goodly share of the best new publications will be found upon its shelves. An abundance of books may be found in the library in the departments of history, biography, travels and popular science, eminently suited to supplement the education our children are receiving in the public schools.

It is especially desirable that books taken from the library by the children should be thoroughly read, and if it were possible, we might even wish that upon the return of a book the borrower, if a child, should be required to pass an examination which would determine to what degree its contents had been assimilated. Superficial reading is one of the worst forms of mental dissipation. In fine, it should be understood that the public library is part and parcel of our system of free public education, and that so far as it fails to subserve its purpose in that regard, it falls short in its legitimate sphere of usefulness.

We are glad to observe that our school teachers make good use of the library.

Your Trustees cannot report the gifts of so many books as

in the year before, but magazines have been received from Mrs. F. C. Cheever, Mrs. A. C. Cheever, Miss Julia Nourse, Miss Mary Thayer, Miss Emma Newhall, and a few books and papers from others, besides the usual publications from our Senator, Congressman, and State representatives.

A new supplementary catalogue has been published. Owing to the illness of the Librarian, it did not come out as early in the year as expected. Sales of the new catalogue have been very gratifying.

A new system of charging books has been adopted recently, which promises to be more accurate and reliable than the old way, a saver of time, and a great help in tracing the books.

The library is much better lighted than formerly, through the introduction of electric incandescent lights, but will soon be hampered for the want of shelf room.

The library does not receive quite the respect and attention in the crowded room in the Town Hall that would be given it with proper accommodations in a building of its own.

Our Librarian has worked very faithfully to make the Library a benefit to the people of the Town, and to have the work run smoothly.

Your Trustees have communicated with Mr. Andrew Carnegie, with a view to getting a donation for a new library building. To facilitate Mr. Carnegie's consideration of our appeal, the Trustees are required to answer the following questions:

Population of Town?

Has it a Library at present?

How housed?

Amount of taxes paid by community yearly for support?

Amount guaranteed yearly if building is obtained?

Is requisite site available?

Amount now collected toward building?

Mr. Carnegie's rule is, that the Town shall raise an amount annually equal to ten per cent of his donation.

Your Trustees would recommend an appropriation of 600 dollars and the dog tax the coming year, which would be substantially ten per cent. on a \$10,000 donation, which would insure us a comparatively good building if a proper site can be obtained.

B. F. CALLEY,
A. B. COATES,

Respectfully submitted,

EMMA E. NEWHALL,

Librarian.

REPORT OF SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

Gentlemen:—I herewith submit my first annual report for the year ending Dec. 31, 1901. When I was given the honor to take charge of this department I found the streets in a very bad condition, generally, especially the entire lengths of Lincoln Avenue, Ballard and Bristow Streets, owing to the fact that the Salem turnpike was closed, thus throwing the entire traffic upon these streets.

I would call your attention to the work done on Lincoln Avenue this year and would recommend a special appropriation for the grading and piping of same with catch basins to receive the great volumes of water now flowing through the street from Lincoln Square to Revere town line, thereby doing away with the liability of damages and the waste of money which has been the custom for so many years. As to the condition of streets in the west and north wards of our town, a large sum of money must be expended the coming year.

Storing Machinery.

Upon inspection I found that all the road machinery was stored on private property in different sections of the town or left out of doors the entire year, especially the snow-plows. I leased the barn owned by the Town on the Hathaway place, and early in the spring caused them to be returned, stored and put in thorough repair with two coats of paint before entering upon the fall duties. They will be returned to the barn in the spring for inspection and storage.

Blacksmith Shop.

A great deal of inconvenience has been experienced in not having a place to sharpen tools and do repairing. We have a first-class and well-equipped blacksmith shop where all repairing and sharpening is done conveniently at a small cost.

Drainage.

More attention must be paid to drainage. So many complaints have been made that I have given this subject great care and attention. A large sum of money has been spent this year in widening gutters, putting in catch basins and earthen pipe culverts. There are a number of old dilapidated stone culverts that must be replaced immediately. I would recommend that some means be provided for taking care of the water from Morton Avenue to Ballard Street.

Crushed Stone.

Since the Town purchased the Hathaway place, a great amount of the best road material has been thrown away, namely, the stone. By the consent of your Board I hired the stone crusher of Mr. Ellis and secured eleven hundred tons from our own pit, with six hundred bought, making seventeen hundred tons used this year. I have at the present time about seven hundred tons of stone which has been saved this summer, ready for crushing, that otherwise would have been wasted. I would ask that you inspect that part of Lincoln Avenue where nothing but the different grades of stone were used, top dressed with stone dust, thus using no gravel. Having an unlimited amount of this material and a section of street showing what can be done in the interest of good streets and economy, I would recommend a stone crusher.

Steam Roller.

It is surprising to many in authority in the towns and cities

about us, that a town like Saugus, with nearly sixty miles of streets, is not the owner of a steam roller. On many of our streets we have used nothing but gravel for years, and to continue would be a waste of money, yet the same is rough and rocky. What they need is picking up, reshaping and rolling. By the use of a roller this can be done at a small expense, thereby having many miles of streets in good order and at a better grade for the care of water. The roller could furnish power for a steam drill, enabling us to do our own blasting and ledge work in any part of the town. I cannot too strongly urge the necessity of a steam roller.

One of the greatest needs of this department is to have experienced men. The policy that good men should be dropped after a few days to make room for an inferior workman simply because he is a resident of the town, is a thing that is not done in private business and should not be done in this department. If we have experienced men who are willing to work and are interested in the same, the department will be a credit to the town. I am more than satisfied with the work done when I consider the condition of things in the spring. Nearly all the town fences had to be rebuilt, a large sum of money was spent on the bridge at Ballard Street, also new platform and heavy retaining timbers and planking at east end of covered bridge at East Saugus. Should I serve another year I will try to give a more detailed account of the work done and expense of same in different localities.

Under the eight-hour system, to do credit to the town and myself, I have been obliged to employ the best help I could procure and keep the same employed whenever there was work.

I wish to thank the Honorable Board for your advice and approval, also Mr. Hall and all the gentlemen employed in the department for their able and efficient service. Following is a schedule of property in charge of this department:

PROPERTY OF SAUGUS HIGHWAY DEPARTMENT.

32 picks	\$12 00
4 wedges	16 00
7 crowbars	7 00
15 No. 4 shovels	7 00
35 No. 2 shovels	15 00
11 hammers	10 00
3 grub hoes	1 50
8 iron tooth rakes	4 00
1 fork	50
9 hoes	2 00
4 axes	3 00
2 chains	5 00
1 lot drills	25 00
2 monkey wrenches	1 75
24 pick handles	2 00
5 long handle shovels	2 50
6 lanterns	2 00
1 derrick	25 00
1 tool box	15 00
1 watering cart	350 00
1 road machine	175 00
1 roller	125 00
1 battery	10 00
2 iron screens	6 00
1 forge	15 00
1 anvil	6 00
4 small hammers	2 00
200 feet spruce lumber	4 00
11 snow plows	2 00
2 common plows	10 00
2 post tampers	2 00

2 post scoops	1 00
2 long horses	2 00
1 iron vise	6 00
2 gallons paint	3 20
8 iron tooth hoes	4 00
1 drag	5 00
4 scythes	2 00
2 sneths	1 00
1 extension bit	50
1 bitstock	1 00
1 drawknife	50
10 dozen bolts (all sizes)	1 00
2 gallon oil cans	50
1 chain hoist	17 00
1 cross-cut saw	2 00
1 spirit level	3 00
1 blacksmith shop	65 00

REPORT OF CATTLE AND MILK INSPECTOR.

Since Jan. 1, 1901, I have inspected at slaughter houses 93 animals, finding none to be tuberculous.

I have taken 321 samples of milk, finding none, in my opinion, that had been adulterated.

In making the annual inspection, I examined 1,155 animals, none of which were affected with any contagious disease.

A. M. SAWYER.

JANITOR'S REPORT:

For the year ending Dec. 31, 1901 :

Received for Town Hall		\$76 00
Paid for police service at Hall	\$26 00	
Paid Treasurer	50 00	
<hr/>		
Total		\$76 00

JUSTIN E. MANSFIELD,
Janitor.

ANNUAL REPORT

OF THE

School Committee

AND

Superintendent of Schools

OF THE

TOWN OF SAUGUS

For the Year Ending December 31, 1901

BOSTON, MASS.:

FARRINGTON PRINTING CO., PRINTERS, 61 ESSEX ST.

1902.

SCHOOL COMMITTEE.

THOMAS P. PARSONS, Chairman....Term expires 1903
GEORGE M. AMERIGE.....Term expires 1904
HENRY J. MILLS, Secretary.....Term expires 1902

The Board meets in its rooms in the Town Hall, the first Monday of each month at 7.30 P. M.

SUPERINTENDENT OF SCHOOLS.

Charles E. Stevens.

The Superintendent may be found at his office, in the Town Hall building, on Mondays and Thursdays, from 8.30 to 9 A. M., and Thursdays, from 4 to 4.30 P. M. Telephone at residence.

CALENDAR, 1902.

Winter term (12 weeks), January 2—March 21.

Spring term (12 weeks), March 31—June 20.

Fall term (15 weeks), September 8—December 23.

School closes Wednesday noon of Thanksgiving week.

Winter term opens Monday, January 5, 1903.

The spring term of the high school will close one week later than is indicated above.

FINANCIAL STATEMENT.

Receipts.

Supplies	2,362 13	
Fuel	2,164 87	
Incidentals	354 74	
Balance unexpended	4 44	
	<hr/>	\$22,391 08

REPORT OF THE SCHOOL COMMITTEE.

To the Citizens of the Town of Saugus:

The close of the financial year finds your schools in good condition.

The appropriation for the general expenses of the schools has been sufficient to meet all expenditures, and, as the schools have not materially increased in the number of scholars, we think there will be no need of an increase in the appropriation for the coming year.

The appropriation for fitting up the lower room in the old Town Hall building for a laboratory and the purchase of apparatus for the same has been expended and the room is now being used for that purpose. The amount of apparatus is, however, very limited, and we believe it will be for the best interest of the high school if a small addition is made each year and would recommend that an appropriation of \$200.00 be made for that purpose.

The membership of the high school is increasing quite fast, and, from the number of pupils now attending the 7th, 8th and 9th grades, promises to do so more rapidly during the next three years.

What can be done to accommodate the school as its membership grows is a very serious problem and should have your thoughtful consideration.

Even with its present membership the school labors under many difficulties, principally from the lack of recitation rooms, and this will be much worse as the membership increases.

No more room can be given to the school in the present building unless some way can be found to rearrange the upper story for recitation rooms, but if this is not practicable, then the only other solution will be the building of a new building, which the Town in its present financial condition can ill afford to do.

The other schools in this part of the town are not overcrowded, but should there be any large increase so that more room was needed to accommodate them, the situation would be still further complicated.

Miss Eliza Mansfield of East Saugus resigned at the close of the school year, after a continuous service of 51 years. She was a conscientious, efficient and painstaking teacher, and in retiring carries with her the good wishes and esteem of all. Your Committee felt that such faithful service merited recognition and presented her with an appropriate set of resolutions.

Miss Esther A. Parker of Saugus Centre, who had served the Town faithfully and efficiently as a teacher for 38 years, asked for and was granted an indefinite leave of absence. Since the beginning of the new year she has sent us her formal resignation. She, too, in retiring from her school will carry with her the good will and esteem of all and her long and faithful service will be appropriately acknowledged by your Committee.

The heating arrangements at the Essex Street school are not wholly adequate. It is now being heated by stoves, which do not give satisfaction, and we believe it would be wise to put in a furnace.

We submit herewith the reports of the Superintendent of Schools, Principal of the High School, Teachers of Music and Drawing, and believe they will repay your careful perusal.

We estimate the requirements of this department for the year as follows:

Teachers	\$15,500
Supplies	2,000
Janitors	2,100
Fuel	2,100
Incidentals	300
		<hr/>
		\$22,000

Respectfully submitted,

THOMAS P. PARSONS,
HENRY J. MILLS,
GEORGE M. AMERIGE,
School Committee.

REPORT OF THE SUPERINTENDENT.

To the School Committee:

Gentlemen:—I have the honor to submit herewith the eighth annual report of the Superintendent of Schools. A glance at the history of the year just closed reveals nothing of an unusual character. School work has been pursued regularly, and, in the main, successfully, although there have been some interruptions due to illness and change of teachers. Reading has received special attention and marked improvement has been made, especially in the lower grades. During the summer a high school laboratory was planned and equipped, thus making it possible to greatly improve the efficiency of the science department. The high school shows commendable increase in numbers and undoubtedly will continue to do so. An additional teacher has been employed. At the close of the school term in June six teachers withdrew. Miss Carrie Bassick, who has taught with signal success at East Saugus for five years; Miss Esther A. Parker, Saugus, whose long record of fidelity and conspicuous efficiency covers a period of thirty-eight years; Miss Martha J. Parsons, Clifftondale, who has given five years of valued service to the town; Miss Eliza A. Mansfield, East Saugus, who has devoted her life to the welfare of the children. She taught more than fifty years with remarkable fidelity, a record which you have already recognized in an appropriate manner.

The other withdrawals were Mrs. Belle Nutting and Miss Annie L. Ricker, Saugus.

The numerical increase the past year is less than usual. For the sake of record and comparison, the average membership for six years is here inserted.

Average Membership.

School Discipline.

Good discipline is a prime essential of a good school. However, the meaning of this word discipline has greatly changed in recent years. The rule of the rod—the rule of fear—is no longer our ideal. We seek for a spirit of co-operation rather than antagonism. We expect to see pupils interested and attentive during the recitation, quietly busy with their work during the study period, and conducting themselves properly

on the playground. There should be such sympathetic relations between pupils and teachers that interest will take the place of compulsion. Under these happy conditions children not only progress rapidly in their studies but are adding strength to their moral fibre.

Corporal punishment is not used except in extreme cases, and such cases are very rare. Our best teachers, after becoming well established in their school, seldom strike a pupil. But there are times when the wisest, most sympathetic and tactful teachers find punishment of this kind helpful as a preventative and as a corrective.

Corporal punishment is disappearing, and properly so. Yet teachers and parents as well need to consider whether they are gaining in other ways the good that was in the rod. They need to question whether with the passing of the rigid discipline of former years there is not a lessening of strength of character.

In our school-room methods we seek to have sturdy, wholesome discipline in all schools, and we ask the co-operation of parents to this end.

Teachers.

We are fortunate in our teaching force. We have a good number of excellent teachers who are earning more money than they receive. They conduct their schools with skill in management, with power as instructors, and enter heartily into all plans for the improvement of the schools of Saugus. Several have been offered an increase of salary to go elsewhere, but because of pleasant conditions here we have been able thus far to retain them. But owing to the constant demand from near cities for the best teachers at salaries much larger than we can pay, we cannot expect that teachers of unusual excellence will greatly prolong their stay with us.

But notwithstanding the fact that our teachers are getting hardly more than two-thirds the salary paid in our more wealthy cities and towns, competent judges tell us that the work done here compares favorably with that seen in the more favored municipalities. This happy condition is due in part to the fact that in the selection and retention of teachers merit alone has a controlling consideration. Personal friendship, church affiliation or family connection should have no influence. Efficiency as a teacher must be paramount to all personal considerations. Efficiency involves not only ability as an instructor and strength as a disciplinarian, but also the many personal qualities which make the teacher's life and conduct exemplary.

We expect teachers to work together harmoniously, with loyalty and the true spirit of co-operation. Any other condition cannot be tolerated. Indeed, it may be assumed that any teacher lacking this spirit cannot convey to her pupils the true spirit of helpfulness.

Our teachers are giving increased attention to the playground. They are coming to believe that no part of their school duties is more important and no place is more in need of their influence. Before school opens in the forenoon and in the afternoon, and at recess as well, some teacher should have charge of the school grounds and be held responsible for the conduct of the children there. All teachers admit their authority over the pupils in the yard, but they have been less ready to assume the responsibility for happenings there. Undoubtedly many physical injuries and immoral suggestions would have been prevented if the yard supervision had been properly attended to.

Your attention is called to the reports of the Supervisor of Music, the Supervisor of Drawing and the Principal of the High School, which are here inserted.

Drawing.

Mr. C. E. Stevens, Superintendent of Schools:

Dear Sir:—One of the most important things which can be said of the work in drawing during the past year, is the improvement in the work in most of the schools. We have had so many changes in teachers this last year that it is rather hard to keep all the work progressing equally, but whatever good has been accomplished is due to the faithfulness and interest of the teachers in their teaching, and in their attendance of meetings. We have been trying to have special meetings after school, so the teachers may learn more about the work, and thus teach more intelligently.

The same amount of time is given to the work as last year, and the general character of the work is the same. Less time has been given in the lower grades to the study of type solids, only the most important being studied. We now let the child begin to draw immediately and try to get free expression of the imagination. We cannot do too much in this direction, for to cultivate the child's taste for the beautiful is to give him more enjoyment in life and to make him a more cultured citizen. That means a great deal in these days when the one and only thought of many is the getting of money, no matter what kind of things they make or sell to get it. I think we all realize that the only way to get a better national culture is through the child in the school.

I wish more could be done for a better school-room decoration. We have, for the most part, good school-rooms, and that ought to encourage the pupils and teachers to make them more attractive. Why should not the room where the pupil spends most of his time and perhaps the brightest part of his life be remembered with pleasure because of its beauty?

In the past two years the work in decorative design and color has been taught and studied in accordance with the theories of Dr. Denman Ross of Harvard University, and I know both teachers and pupils have gained much more than ever before. The child has become better able to create and has become a better judge of beautiful things.

Constructive work has received more attention and has been taught more intelligently.

The time given to the high school is the same as last year. I give all the lessons there—three a month—to the different classes. As I stated last year, the time which I give to Saugus is not as much as it should be, and I am unable to do what I should do. On account of the lack of time, I have found it best to do more teaching in the higher grades and leave the lower grades to depend upon the regular teachers.

Probably those who have been interested in the work have seen that in the past few years, the idea of the way drawing should be taught has changed. Instead of keeping drawing a distinct and separate course, we try to connect and relate it to the different subjects taught. The effect should be, as Mr. Bailey says, "more tasteful work in the other branches taught every hour of the day and every day of the week."

SADIE R. McBARE.

Music.

Mr. C. E. Stevens, Superintendent of Schools:

Dear Sir:—I have the honor to submit my annual report as Supervisor of Music.

One who has interested himself to watch the development of our work, will find a steady improvement shown from week to week and month to month. Not a spasmodic out-

burst of energy, but a growth which is laying a foundation for the future superstructure.

Our teachers each year extend their knowledge of music, gain more confidence in their own ability to present the various difficulties—from the scale in its many positions on the staff to the most intricate problem of chromatics.

Music, as a branch of study worthy a place in our public schools, must be taught with other aims than that of cultivating the musical talent of those who have it, and making musicians of such as desire to become artists or teachers of music.

Music must be used as a means to an end, and that end the same for which all study is given.

Music, properly taught, strengthens the intellect, by cultivating such mental habits as assist the mind to grasp other branches of knowledge; strengthens the will, giving it added power over body and mind; develops and enriches the emotional nature; and in many ways makes the individual better prepared for the duties and pleasures of life.

As there is such a field of work to cover, it is impossible to visit each room once a week. This I am able to do in the higher grades, and the others once in two or three weeks.

We are in need of new music—especially in the high school—supplementary work for the grammar grades, also one new chart.

Since my last report two pianos have been purchased by the children. They have worked well and should receive the hearty support of the people.

In closing, I acknowledge the faithful work of the teachers and thank you and the Committee for your cordial support.

Respectfully submitted,

HELEN M. PAGE.

High School.

Mr. C. E. Stevens, Superintendent of Schools:

Dear Sir:—I have the honor to submit to you my sixth annual report of the Saugus High School.

The membership and attendance during the past year has been the largest in the history of the school. This is especially true of the last term.

Enrollment	123
Average membership	117
Average attendance	113

By comparing these figures with those of the corresponding term six years ago, we find that the average attendance for the past term has been almost exactly twice as large as it was then. The growth of the school has been constant and there seems to be every reason for believing that it will continue.

Six years ago there were three teachers with an average attendance of fifty-seven pupils. We now have five teachers with an average attendance of one hundred and thirteen pupils.

If this increase continues for the next two years, our present accommodations will be inadequate. We now have to seat pupils in two of our three large rooms. Should the entering class next September equal that of last year, the three rooms will be fully occupied.

There has been no change of teachers in the High School during the past year, but owing to the number of large classes that had to be divided, Miss Cossar, a graduate of Vassar, was added to the teaching force.

We have a large number of students who are preparing to take preliminary examinations for College. Some are pre-

paring for Harvard; others for Wellesley, Mount Holyoke, Boston University or Institute of Technology.

A few slight changes in our course of study have been made in order to give more time to certain subjects and a greater opportunity for choice of subjects by the pupils. A new system of Book-keeping has been introduced in order that the pupil may become familiar with the various forms of business documents that he would naturally meet in business life.

We have arranged for a class in Constitutional History of the United States for students who do not wish to study Geometry and are not going to College. The opportunity to study German has met with general approval by students and parents, and our classes in that language are among the largest in school.

Apparatus for a Physical Laboratory has been supplied, and now, for the first time, we are fairly well equipped for a limited number of pupils. The benefit derived from this apparatus cannot be over-estimated. The student now has a chance to verify for himself the statements found in the textbook or made by the teacher. I know of nothing that will arouse greater interest in a subject than to have a chance to prove the truth of the statements that are made.

In conclusion, I wish to thank all who have any connection with the High School for their assistance and encouragement during the past year.

Financial Report.

Reading and Literature.

Within a few years, courses of study in nearly all the leading branches of school work have been printed. While in no way preventing the teachers from asserting their individuality, these courses have been helpful in bringing about harmony of effort and purpose. They show the teacher what she is expected to do in her own school, but leave her free to do that work in her own way. The courses of study also reveal to the teacher the work which the children are expected to have done before coming to her and what they will be asked to do after leaving her. All this is necessary if we are to have systematic progress and well-directed energy.

For some time the teachers have been working upon a course of study in reading. All the grades, each separately, have endeavored to prepare an outline which should include not only a list of books for class reading, but also suggested material for story-telling and for reading by the teacher and selections suitable for memorizing. In addition to this, a short list of good books for home reading has been added. In this study the teachers have had numerous meetings and conferences. Finally a report was made up and handed to the Superintendent. He has taken the papers from the sev-

eral groups of teachers and arranged and combined the same into the outline course which is printed as an appendix to this report. It is to be hoped that the outline may be of assistance to teachers, parents and pupils.

Citizens of the Future.

It is well for us now and then to look seriously at the work in which we are engaged. A hundred pupils begin their school life each year in Saugus and a hundred leave school to enter upon active or inactive life out of school. What of the school product? When we see many pupils advancing successfully in school work, maintaining good health and vigor of body and gaining in strength and firmness of moral nature, we are pleased and hopeful of the future. But too often we see children whose training and education looks like a failure. This is shown if children are dishonest and untruthful, if their powers of body and mind are seriously impaired by cigarette smoking, if they are lazy, greatly lacking in the power of application and having no strong purpose to behave properly. Such children are troublesome at home and at school and a mistake has been made in their education.

Education is too large to be confined to the school-room. The work done there is great, but the contribution of the school is never greater than that of the home and other agencies. So that whether the result is a success or a failure, the home, the school and numerous social powers must share the responsibility.

Parents sometimes err in failing to act in harmony with the spirit and motives of the school. The result is harmful to the child. The teacher may fail to understand the home and parental desires. This condition is not helpful and should be avoided. We can never hope for marked improvement in our

educational product unless the home and school work together in loyal co-operation. We cannot expect fewer disasters in child training unless the controlling educational agencies work together for the good of these little ones.

But when the two grand and necessary institutions of a democracy, the good home and the good school, are united and harmonious in their noble endeavors, there need be no fear for the perpetuity of good citizenship.

And now a final word in closing this report. When our pupils pass from us into the world of adult activity, we may feel a large degree of satisfaction if they have good health, strong bodies, and are willing to work at any useful and honorable employment; if they have high ideals, sturdy morality, and are honest, earnest and truthful; if they are absolutely free from all degrading or vicious habits; if they have a taste for study, good reading, and can think with power; and if they have a willing spirit, ready to obey promptly, ask no questions and give no advice unasked.

I am greatly indebted to you, gentlemen, for your helpful advice and hearty support. The Town is fortunate in having a School Committee who take such a just and impartial attitude toward all school problems.

I am under great obligation to teachers for their unfaltering devotion to the noblest ideals and for their many kind words and helpful co-operation. Saugus needs to be congratulated because of the high character of the teachers in charge of its public schools.

Respectfully submitted,

C. E. STEVENS.

Auditor's Report.

To the Citizens of the Town of Saugus:

I hereby submit the annual report of the Town for the year 1902 and trust that every citizen of the Town will give it a careful persual.

The accounts of the Treasurer, Tax Collector and the Overseers of the Poor have been carefully examined and proper vouchers found for all payments made. Last year I recommended that the sum of \$10,500 be appropriated to meet interest charges, but it will be seen by the Treasurer's Report that including the interest collected on the Sinking Fund notes it took over \$12,000 to meet this account partially owing to the large amount of temporary loans required. The interest account for 1903 on Water Loans, Schoolhouse Loans, the Hathaway Bond and allowing the temporary loans to average \$60,000 will require about \$7,500 and I recommend that this amount be appropriated to meet interest charges the ensuing year. An appropriation of \$3,000 will be required to meet the principal of Water Loan due this year, \$2,150 for the Clifftondale Schoolhouse Loan and \$350 for the Lynnhurst Schoolhouse Loan.

Respectfully submitted,

GEORGE PARSONS,

Auditor.

SAUGUS, Feb. 12, 1903.

ANNUAL TOWN MEETING.

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus.

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the several voting precincts in the Town, on Monday, March the third, A. D., 1902, at six (6) o'clock A. M., then and there to bring in their ballots to the Wardens for the following Town Officers :

Town Clerk, three Selectmen for one year, Town Treasurer, one Assessor for three years, three Overseers of the Poor for one year, Tax Collector for one year, one member of Board of Health for three years, Auditor, Constable, one Sinking Fund Commissioner for three years, one Trustee of Public Library for three years, one Water Commissioner for three years, one Member of School Committee for three years, three Fence Viewers, Tree Warden for one year. Also, your answer, "Yes" or "No" to the following question: "Shall License be granted for the sale intoxicating liquors in the Town for the ensuing year?"

Also to appear at the Town Hall, on Monday evening, March tenth, A. D. nineteen hundred and two, at 8 o'clock, to hear and act on the following articles, viz :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on reports of Committees.

ART. 3. To choose all other Town Officers which Towns are, by law, required to choose in the months of March and April annually.

ART. 4. To revise the Jury List.

ART. 5. To choose a Committee on Appropriations, as required by the Town By-Laws.

ART. 6. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed in the ensuing year.

ART. 7. To make an appropriation and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

ART. 8. To see what action the Town will take in the matter of fixing the compensation of any or all Town Offices, and make an appropriation for the same.

ART. 9. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same for the following purposes :

First. For the purpose of paying notes coming due the present year.

Second. For the purpose of paying notes not yet due.

Third. To hire money temporarily, not exceeding seventy-five thousand dollars (\$75,000) for one year, in anticipation of the taxes of the year 1902.

ART. 10. To see if the Town will make an appropriation for Police Service.

ART. 11. To see if the Town will appropriate the sum of two hundred dollars for the observance of Memorial Day, the same to be expended under the supervision of Post 95, G. A. R., or to see what action the Town will take in the matter.

ART. 12. To see what action the Town will take in relation to Street Lighting, and make an appropriation therefor.

ART. 13. To see if the Town will make an appropriation to cover the cost of insurance on Town Buildings.

ART. 14. To see if the Town will make an appropriation for Repairs on Town Buildings and Grounds.

ART. 15. To see if the Town will make an appropriation for the Board of Health, or to see what action the Town will take in the matter.

ART. 16. To see if the Town will make an appropriation for the Superintendent of Schools.

ART. 17. To see if the Town will appropriate the sum of one hundred dollars (\$100) for searching the Records and Plans and for Incidentals for the Assessors.

ART. 18. To see if the Town will make an appropriation for Sidewalks, or to see what action the Town will take in the matter.

ART. 19. To see if the Town will make an appropriation of two hundred dollars (\$200) for Tree Warden, or to see what action the Town will take in the matter.

ART. 20. To see if the Town will make an appropriation for Sealer of Weights and Measures, or to see what action the Town will take in the matter.

ART. 21. To see if the Town will make an appropriation of three hundred dollars (\$300) for repairs and incidental expenses on School Buildings, to be expended under the direction of the School Committee, or to see what action the Town will take in the matter.

ART. 22. To see what compensation the Town will give the Collector for collecting the tax of 1902, or to see what action the Town will take in the matter.

ART. 23. To see if the Town will vote to adopt some rule for collecting taxes, or to see what action the Town will take in the matter.

* ART. 24. To see if the Town will instruct the Assessors to abate the tax on a certain Town note held by Mrs. E. Hathaway, in payment of the Gravel Pit purchased by the Town, or to see what action the Town will take in the matter.

ART. 25. To see if the Town will defray the expenses of the Lock-up from Court fines, or to see what action the Town will take in the matter.

ART. 26. To see if the Town will make an appropriation for the Salaries of Firemen of the Saugus Fire Department, or to see what action the Town will take in the matter.

ART. 27. To see if the Town will appropriate the sum of two thousand dollars (\$2,000) for the expenses of the Fire Department for the ensuing year, or to see what action the Town will take in the matter.

ART. 28. To see if the Town will appropriate the sum of six hundred dollars (\$600) and dog tax for use of the Public Library, the same to be expended under the direction of the Trustees of the aforesaid Library, or to see what action the Town will take in the matter.

ART. 29. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to make a Water Loan of twenty-five hundred dollars (\$2,500) for the extension of the water pipes, or to see what action the Town will take in the matter.

ART. 30. To see if the Town will accept the provisions of Section 21, and the four following sections of Chapter 78 of the Revised Laws, relating to a Board of Cemetery Commissioners.

ART. 31. To see if the Town will elect three Cemetery Commissioners, or to see what action the Town will take in the matter.

ART. 32. To see if the Town will make an appropriation for salary of Superintendent of Cemetery, or to see what action the Town will take in the matter.

ART. 33. To see if the Town will make an appropriation for the purpose of laying out and grading avenues in the Cemetery, or to see what action the Town will take in the matter.

ART. 34. To see if the Town will make an appropriation of four hundred dollars (\$400) for Soldiers' Relief, or to see what action the Town will take in the matter.

ART. 35. To see if the Town will make an appropriation of five hundred dollars (\$500) for repairs on the schoolhouse at North Saugus, agreeable to the petition of Thomas W. Riley, D. B. Walker, F. H. Coburn and others, or to see what action the Town will take in the matter.

ART. 36. To see if the Town will make an appropriation for the purpose of concreting or cementing the basement of the Roby school building.

ART. 37. To see if the Town will reimburse E. B. Oliver, W. L. Newhall, H. J. Mills and others, ninety-five dollars (\$95) for hydrant in Franklin Square, or to see what action the Town will take in the matter.

ART. 38. To see if the Town will appropriate the sum of eight hundred dollars (\$800) to be expended on Adams avenue, from Central street to the railroad crossing, agreeable to the petition of John S. Smith, Thomas Cox and others, or to see what action the Town will take in the matter.

ART. 39. To see if the Town will make an appropriation to cover the cost of three drinking fountains for horses, one to be located in each of the principal villages, agreeable to the petition of Elmer B. Newhall, James A. Halliday and others.

ART. 40. To see if the Town will vote to extend Pleasant avenue in Cliftondale to Broadway, or the Newburyport Turnpike, so called, according to plans filed with the Town Clerk; also to authorize the Selectmen to purchase land and execute contracts for the building of said extension and make an appropriation for the same, or what action the Town will take in the matter.

ART. 41. To see if the Town will vote to remove the ledge on Broadway, Cliftondale, to admit of the safe and proper construction of the extension of Pleasant avenue and make appropriation for the same, or what action the Town will take in the matter.

ART. 42. To see if the Town will make an appropriation of one hundred and fifty dollars (\$150) for purchasing apparatus for the High School Laboratory, or to see what action the Town will take in the matter.

ART. 43. To see if the Town will vote to remove the boiler from under the Old Schoolhouse and place the same in the basement of the Town Hall, and make an appropriation for the same, or see what action the Town will take in the matter.

ART. 44. To see if the Town will remove the hay scales from the Roby School lot and place new ones at the rear of the Town Hall and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 45. To see if the Town will instruct the Selectmen to have hydrants put in on Vine street; also on Main street above the Methodist Church and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 46. To see if the Town will make an appropriation to lay a six inch pipe from Dudley's Four Corners (so called) to the Town Farm for the protection of the Town buildings, or to see what action the Town will take in the matter.

ART. 47. To see if the Town will instruct the Selectmen to properly take care of the surface water on Main street, near the B. & M. R. R. crossing in Cliftondale and make an appropriation for the same agreeable to the petition of John E. Palmer, John L. Rowell and others, or to see what action the Town will take in the matter.

ART. 48. To see if the Town will make an appropriation of two hundred dollars (\$200) to cover the cost of new stable for horses and other needed repairs to the Town Farm Barn, agreeable to the petition of George H. Ames, James A. Halliday and others, or to see what action the Town will take in the matter.

ART. 49. To see if the Town will instruct the Selectmen to locate incandescent lights in the following places, viz.: Junction of Walnut and Edison streets; Cleveland avenue and Edison street; Fairmont and Jefferson avenue; Washington and Cleveland avenue; Fairmont avenue and Walnut street; Walnut street at the boundry between Saugus and Lynn; Fairmont avenue between the residence of Fred Neal and C. N. Wormstead; Fairmount avenue corner Fairmount place; Fairmount avenue near Hickey estate; Main and Howard streets; Main and Forest streets; Lincoln avenue and Endicott street; Whitney and Myrtle streets, and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 50. To see if the Town will instruct the Selectmen to locate an arc light at the corner of Stone and Elm streets and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 51. To see if the Town will accept Stone and Elm streets in accordance with plans filed at the Town Clerk's office, agreeable to the petition of James A. Halliday, C. D. Whittredge and others, or to see what action the Town will take in the matter.

ART. 52. To see if the Town will accept Endicott street, or to see what action the Town will take in the matter.

ART. 53. To see if the Town will accept 290 feet of Columbus avenue from Central street, as shown on plan on file with the Town Clerk, or to see what action the Town will take in the matter.

ART. 54. To see if the Town will accept the eastern end of Western avenue, between Ocean View avenue and Baker street,

as a public highway, agreeable to the petition of Washington L. Bryer, Charles G. Woodbridge and others, or to see what action the Town will take in the matter.

ART. 55. To see if the Town will lay out and accept that portion of Jasper street now used as a private way, leading from Cross street to land of Arthur Huggins, opposite lot numbered 116, said highway to be ten hundred and fifty-three (1,053) feet in length, more or less, and fifty feet wide, substantially on the lines defining the present private way, agreeable to the petition of Frank L. Oliver, Daniel B. Dwinell and others, or to see what action the Town will take in the matter.

ART. 56. To see if the Town will appoint a committee of three (3) citizens to select a name for the new school building at Cliftondale and report the same at the adjourned meeting, or to see what action the Town will take in the matter.

ART. 57. To see if the Town will vote to give a rebate of two-thirds of the taxes on all new manufacturing buildings, stock and machinery that shall be built and put into operation during the next period of five (5) years; also same rebate on all stock and machinery that shall be put into operation in all old buildings in the Town for the same period of time, or to see what action the Town will take in the matter.

ART. 58. To see if the Town will instruct the Superintendent of Streets to employ the horses that are used by the Fire Department to work on the highways, or to see what action the Town will take in the matter.

ART. 59. To see if the Town will vote to accept the Australian ballot at the annual caucus, or to see what action the Town will take in the matter, agreeable to the petition of M. F. Cunningham and others.

ART. 60. To see if the Town will instruct the Selectmen to take proper action to the end that hereafter no person or persons be employed by said Town of Saugus, either directly or indirectly, to build, alter, change or repair any street or highway that

has or may hereafter be built or established within said Town of Saugus, unless such person or persons at the time of such employment be actual residents and taxpayers of said Town and citizens of the United States, or to see what action the Town will take in the matter, agreeable to the petition of W. E. Snell, A. D. Field, A. Penney and others.

The Polls will open at six o'clock A. M. and may close at 4.30 P. M., and you are hereby directed to serve this warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting and to distribute copies as provided by the By-Laws at least four days before.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands and Town Seal this twentieth day of February, A. D. nineteen hundred and two.

J. WESLEY PAUL,
HERBERT O. PRATT,
HENRY F. FISKE,

Board of Selectmen.

SAUGUS, March 3rd. 1902.

Pursuant hereunto I have served this Warrant as within directed.

CHARLES A. BLAKELY.

Constable of Saugus.

Report of Precinct One.

SAUGUS, March 3, 1902.

The polls were opened at 6 o'clock A. M.

The state of the ballot box register at the opening of the polls was 000.

The state of the ballot box at the close of the polls was 275.

The total number of names checked by the Ballot Clerks was 276.

The total number of names checked at the ballot box was 276.

ELECTION OFFICERS.

Warden.	Frank E. Parker	sworn by	Elmer B. Newhall.
Clerk.	Arthur F. Jenkins	" "	Frank E. Parker.
Inspector.	Daniel S. Bannon	" "	" "

ART. 49. Voted, That the placing of arc lights as called for be referred to the Selectmen.

ART. 50. Voted, That the matter of an arc light at the corner of Stone and Elm streets be referred to the Selectmen.

Voted, To take up Articles 51, 52, 53, 54, 55.

ART. 51. Voted, To accept Stone street and Elm street in accordance with plans filed with the Town Clerk.

ART. 52. Voted, To indefinitely postpone the acceptance of Endicott street.

ART. 53. Voted, To indefinitely postpone the acceptance of Columbus avenue.

ART. 54. Voted, To indefinitely postpone the acceptance of Western avenue.

ART. 55. Voted, To indefinitely postpone the acceptance of that portion of Jasper street called for under Article 55.

ART. 56. Voted, To accept the Report and Recommendation of the Committee as follows :

SAUGUS, March 14, 1902.

The Committee chosen at the Annual Town Meeting on March 10th, 1902, "to select a name for the new School Building at Cliftondale, (Central street) and report the same at the Adjourned Town Meeting," has considered the matter, and unanimously recommends the name of the "Felton School," in memory of Cornelius Conway Felton, who was for several years a resident of the Town of Saugus, and afterwards President of Harvard College.

The Committee considers the selection as quite appropriate in view of the fact that Mr. Felton in his early days, while residing in the village where the Building in question is located, attended the public schools of the Town, and subsequently attained great distinction as a classical scholar.

In this connection the Committee deems it proper to present a brief biographical sketch of Mr. Felton, as follows: Born in West Newbury, Mass. Nov. 6, 1807, and came to Saugus in 1815, when eight years of age. Graduated at Harvard in 1827; latin tutor at Harvard in 1829; Greek tutor in 1830; professor of Greek in 1832, Eliot professor of Greek Literature in 1834; President of Harvard College from July 1860 to the time of his death, Feb. 26, 1862. He was also the author of many classical works; a member of the Massachusetts Board of Education; Regent of the Smithsonian Institution; and a member of the American Academy of Arts and Sciences.

Respectfully submitted,

GEORGE M. AMERIGE,
WILBUR F. NEWHALL,
JOHN H. PARKER,

Committee.

Voted, To dissolve the meeting at 11.27 P. M.

A true copy. Attest:

ELMER B. NEWHALL,

Town Clerk.

SPECIAL TOWN MEETING.

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in town affairs, to appear at the Town Hall on Friday, October the seventeenth, A. D. 1902, at eight o'clock P. M., to hear and act on the following articles, viz:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on Reports of Committees.

ART. 3. To see if the Town will appropriate a sum of money to take care of surface water flowing from Lincoln avenue on to land of George G. and J. Dudley Richards, or to see what action the Town will take in the matter.

ART. 4. To see if the Town will appropriate a sum of money to take care of surface water flowing from Lincoln avenue on to land of J. W. Blodgett, or to see what action the Town will take in the matter.

ART. 5. To see if the Town will appropriate a sum of money to straighten and widen Central street in conformity with the plans of the County Commissioners filed with the Town Clerk, or to see what action the Town will take in the matter.

ART. 6. To see if the Town will appropriate a sum of money to set boiler, and pipe the Town Hall for steam heat, or to see what action the Town will take in the matter.

ART. 7. To see if the Town will appropriate a sum of money to wire the Town Hall for electric lights, or to see what action the Town will take in the matter.

ART. 8. To see if the Town will appropriate the sum of seven hundred dollars (\$700) to purchase hose for the Fire Department or to see what action the Town will take in the matter.

ART. 9. To see if the Town will authorize the Treasurer with the approval of the Selectmen to make a water loan of of fifteen hundred dollars (\$1,500) for extension of the water pipes or to see what action the Town will take in the matter.

ART. 10. To see if the Town will reimburse Charles B. Oliver, one of the petitioners in the case of Oliver and others, petitioners, against Gale and others, in the sum of one hundred and fifty dollars for counsel fees and expenses incurred in contesting, for the benefit of the Town, an illegal contract made by the Board of Health, or to see what action the Town will take in the matter.

ART. 11. To see if the Town will vote to accept and lay out as a public highway that portion of Jasper street leading from Cross street to the easterly corner of land of Frank L. Oliver according to plan filed with Town Clerk agreeable to the petition of James Biffin and others and to make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 12. To see if the Town will vote to expend two hundred dollars (\$200) on Main street, Cliftondale, agreeable to the petition of Charles E. Putnam and others, or to see what action the Town will take in the matter.

And you are hereby directed to serve this Warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting, and to distribute copies as provided by the By-Laws, at least four days before.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town seal this sixth day of October, A. D. nineteen hundred and two.

HERBERT O. PRATT,
HENRY F. FISKE,
ISAAC E. GRAVES,
Selectmen of the Town of Saugus.

SAUGUS, October 17th, 1902.

ESSEX, SS.

Pursuant hereunto I have served this Warrant as within directed by posting attested copies in the usual places seven days before the time of said meeting also by distributing copies at least four days before the time of said meeting.

CHARLES A. BLAKELEY,
Constable.

SAUGUS, October 17, 1902.

Meeting called to order at 8 o'clock P. M. by the Town Clerk Elmer B. Newhall.

ART. 1. Chose Judge George M. Amerige Moderator, who after being duly qualified by the Town Clerk took charge of the meeting and appointed and qualified as Tellers, Chas. E. Putnam Edgar B. Oliver, Henry F. Fiske, Bayard S. Reed.

ART. 2. There were no reports of Committees.

ART. 3. Voted, That the sum of \$200 be and hereby is appropriated for the purpose of building a catch basin on Lincoln avenue and laying a twelve-inch pipe through Dudley street to Richards to connect with sewer.

ART. 4. Voted, That the sum of \$1,200 be and hereby is appropriated to build a catch basin on Lincoln avenue and to lay a fifteen-inch pipe through land of J. W. Blodgett connecting with open drain to salt water.

ART. 5. Voted, That the sum of \$3,000 be and hereby is appropriated to be applied to straightening, widening and grading Central street.

ART. 6. Voted, That the sum of \$2,000 be and hereby is appropriated for the purpose of setting boiler and piping the Town Hall for steam heat.

ART. 7. Voted, That the sum of \$500 be and hereby is appropriated for the purpose of wiring the Town Hall for Electric Lighting.

ART. 8. Voted, That the sum of \$700 be and hereby is appropriated to purchase hose for the Fire Department.

ART. 9. Voted, That the Treasurer with the approval of the Selectmen be authorized to make a Water Loan of \$1,500 for the extension of water pipes. Yes 84. No 3.

ART. 10. Voted, Not to reimburse Chas. B. Oliver and others for money expended for council fees in regard to a certain contract let by the Board of Health.

ART. 11. Voted, That Jasper street be accepted as according to plans filed in the hands of the Town Clerk and that an appro-

priation of \$500 be made and expended on Jasper street from Cross street to the easterly corner of lot No. 30, same to be left in the hands of the Selectmen.

ART. 12. Voted, That the sum of \$200 be and hereby is appropriated to be expended on Main street Cliftondale.

Voted, to dissolve the meeting.

A true copy. Attest:

ELMER B. NEWHALL,
Town Clerk.

In submitting their annual report the Overseers feel that the financial showing of their department must be quite satisfactory to the citizens of the Town, especially when the prevailing prices of grain, meat, fuel and other supplies which have to be used at the Almshouse and Farm, and to the families supported outside, have been very high during the year.

The increase in the personal property was not as great as in the previous year, caused by a short hay crop, increase in the cost of grain, etc., but with all that it will be seen that the total cost of seven inmates, 284 weeks was only 97 cents. Three cows have died during the year which also caused a loss of about \$150.00. This was not owing to the mouth disease, recently so prevalent in some parts of this State, for the cows have been entirely free from it, but from ordinary causes.

The breaking up of about six acres of rough land, which cost only \$100.00, and the sum of \$20.00 for ditching a portion of it, was paid out of the revenue of the farm, as was also a wall in the barn cellar and necessary improvements in the interior of the the house, amounting to \$250.00. The bringing into cultivation of the land referred to, will be a great advantage to the farm, as it will give additional tillage and hay area.

The money appropriated for the new horse stalls was expended by the Selectmen and the result is very satisfactory. They also repaired the roof of the barn and the buildings are now in a good condition, except that the house needs painting.

It will be seen that while the Board was compelled to issue orders amounting to \$220.12 more than the appropriation, the sum of \$734.28 was for supplies for non-settlement persons or for private persons in hospitals, a part of which has already found its way into the Town Treasury and the sum of \$515.58 is still due.

The house and premises are kept in good condition, and the superintendent, Mr. Wiggin, and the matron, Mrs. Wiggin, show as deep interest in the property of the institution as ever, and the town is fortunate in having them at the head of the farm and house.

One thing appears to be very necessary, that is a fire escape from the third flat of the house. The State Inspector is not satisfied with the present means of egress, in case of fire; and

we recommend that a sufficient sum be placed at the disposal of this Board to remedy this apparent danger.

In closing, your Board recommends an appropriation of the same amount as last year, namely, \$5,000.

JAMES A. HALLIDAY,
GEORGE H. AMES,
HENRY N. OLIVER.

TREASURER'S REPORT.

FOR THE YEAR ENDING DEC. 31, 1902.

J. S. MEACOM, TREASURER,
Trustee.

Selectmen's Report.

To the Citizens of the Town of Saugus:

We respectfully submit our report for the past year, and congratulate the town upon having made a reduction of \$2.10 in the tax rate. This is a step in the right direction and a similar reduction can be made this year, it seems to us, if the citizens will only use the same care in making their appropriations that they would if it were an individual, instead of a Town matter.

We are pleased to note a decided improvement in the payment of the taxes, also a disposition on the part of the several boards of Town Officers, to economize in every way possible, "Economy is Wealth," and your Board firmly believes that if this policy is pursued for a few years that our tax rate will come down to a par with other towns of our class.

The action of the Board for the past year has been unanimous. This is a condition that is absolutely necessary, we believe, for the proper conduct of the affairs of the Town.

Highways and Bridges.

In this department there is no end to the call for improvements and while we have succeeded in remedying a great many of those that have been a source of expense to the Town in years gone by, namely, the surface water running from Lincoln avenue on to the land of Richards, Blodgett and Stocker for which an abatement of taxes had to be made by the Assessors each year, there nevertheless remains an immense amount of work to be done along this line.

We would respectfully call your attention to the improvements that have been made on Central street, Saugus, from the monument to the junction of Winter and Winter to the cemetery, also on

Jackson and Essex streets, Cliftondale. We believe that the citizens will appreciate the several concrete cross-walks that have been laid on the several squares of the Town, and would suggest that the Citizens, as far as they can, build their sidewalks of this same material.

Our efficient Superintendent of Streets has performed his duties with marked credit, and every year finds him more competent to look after this important department of our Town. The special appropriation made for Adams avenue will speak for itself, that of Central street yet unexpended will prove to be one of the best improvements that the Town has ever made. The extension of Pleasant avenue, together with the blasting away of the ledge on Broadway has been completed in a very satisfactory manner.

Street Lighting.

The number of arc lamps is at a cost of \$67 per lamp. The number of incandescent lamps is at a cost of \$16 per lamp. You will see by this that the total cost of the system will be about \$5,400.

The service the past year, all things being considered, has been as good as could be expected. There have been some inconveniences due to the wires breaking. The candle power of the lights has been somewhat impaired owing to the rapid growth of the Town. We have seen the Lynn Gas & Electric Company about this matter and already steps have been taken to remedy it. It seems to us that the Lynn Gas & Electric Company are endeavoring to give the Town the best service possible.

A new contract for street lighting will have to be provided for at our annual Town meeting.

If the Town will slightly increase this appropriation the coming year the Board believes that they will be able to take care of any reasonable call for extensions.

Police Department.

The Police Department has taken care of the Town in a manner that is creditable to them. All complaints have been investigated and justice meted out. The business of this depart-

ment has been steadily increasing and we urge the citizens to cooperate with the officers in every way possible in order that peace may prevail within our borders.

Please see report for further information.

Fire Department.

The work of the Fire Department this year as in the past, has maintained its high standard of efficiency. No town with a similar apparatus can boast of a better department than we have. For a detailed report of this department please see the Engineer's report.

Cemetery.

The Town having accepted the provisions of Section 21 and the four following sections of Chapter 78 of the Revised Laws relating to a Board of Cemetery Commissioners, all that will be necessary now will be the election of the same at the annual election.

Public Buildings.

Some of the Town buildings are sadly in need of repair. The Town Hall will need painting this year, also the floor in the audience room will have to be relaid. The schoolhouse at Oaklandvale will have to be shingled and should be painted. These, we believe, embrace the principal repairs necessary on Town buildings.

Finances.

While the Town debt will not show so great a decrease this year as last owing to the larger allowance being made, from the Town income, by the Assessors in order to reduce the tax rate, nevertheless, there has been a reduction of about \$6,500.00 in the Town deficiency and a reduction of \$2.10 on the tax rate.

The amount of uncollected taxes to date is about \$67,000.00 as against about \$72,000.00 for a corresponding period last year.

With a reduction of \$6,500.00 in the deficiency and a reduction of \$2.10 in the tax rate, we feel that the Town has made a very creditable showing the past year.

The Assessors hereby recommend that the sum of \$750.00 be appropriated to meet the expenses (salary) of their department for the year 1903.

Also the sum of \$50.00 to be used for searching the records, and obtaining such plans as may be needed to facilitate the work of the Assessors.

BENJAMIN F. CALLEY,
LEVI G. HAWKES,
M. F. CUNNINGHAM,

Assessors of Saugus.

Report of Superintendent of Streets.

To the Honorable Board of Selectmen:

GENTLEMEN,—I herewith submit my second annual report for the year ending December 31, 1902. I am well pleased with the present condition of our streets, great improvement having been made the past year. This is owing to new grades and the material used, being mostly crushed stone which is cheap and durable. There has been about fifteen hundred tons crushed from the town pit, and about one thousand tons purchased last year. I would call your attention to the great improvement made on Central street from Monument square to Winter street which is built of crushed stone. I would recommend the coming year a more liberal use of this material.

Jackson Street.

There has been quite an improvement made on this street which I think the residents of Clifondale greatly appreciate.

Vine Street.

Very extensive repairs having been done on this street, it is in better condition than for many years.

Drainage.

A large sum of money has been spent this year for the care of surface water and I would call your attention to the great volumes of water that flow through the street from Lincoln square to Revere town line. I would recommend a special appropriation for the grading and piping of same with proper catch basins.

Richard Street.

Two hundred and eighty-six feet of twelve inch pipe has been laid with proper catch-basin to take care of the water that comes from the hills in this section of the town.

Main Street.

Four hundred and seventy-feet of ten inch earthen pipe and thirty-six feet of cast-iron pipe has been laid with two catch-basins, taking the water down Essex street to the brook and thence to the Saugus river. With a small amount of grading, this work on the street will be complete.

Lincoln Avenue.

Twelve hundred feet of fifteen inch pipe has been laid through land of J. W. Blodgett, which being so low required a large amount of filling to cover the pipe. As this appropriation was made so late in the year it has been impossible to complete the work and a lot is yet to be done. A portion of the street as well as the gutter has got to be graded from Spring Rock, so called, to the present drain.

Pleasant Avenue.

This avenue has been extended to Broadway with a substantial bridge over the brook. The ledge has been removed and this is a great improvement and convenience to the general public. Owing to the small appropriation, we were not able to put the same in a satisfactory condition, but this will be completed in the spring.

Central Street.

Good progress has been made on this street but owing to the fact that the Boston and Northern Railroad have asked for a location of its track through this street, work was suspended until spring. If carried out as intended this street will be one that the Town may be proud of.

I would call your attention to the condition of Walnut street from Edison street to Fairmount avenue and from the head of

Rich pond to Central street, which is in a very bad condition and should receive prompt attention. Myrtle street from Howlett's pond to the Wakefield line, and Howard street, from Mitchell's corner to the Melrose line, are also in very bad condition.

The extra appropriation has somewhat increased the difficulties of this department and I wish to thank Mr. Hall and the employees of this department for their careful attention to their duties, and merit commendation for faithful service.

My acknowledgments are extended to the Honorable Board for their advice and approval and same has been very much appreciated by me.

Following is a schedule of property in charge of this department, all of which is in good condition :

6 bank wedges	\$18 00
2 bank hammers	1 50
45 picks	22 50
5 stone hammers	3 00
2 drill hammers	1 50
13 square pointed shovels	9 00

	<hr/> \$3,994 90

The total amount of fines paid during the year was \$343. Paid to Town of Saugus, \$286.50. Paid to Essex County, \$30. Paid to Massachusetts Society of Cruelty to Animals, \$20. Paid to various officers in peddler cases, \$650.

I would recommend that the sum of \$4,000 be appropriated for police service for the year of 1903.

Conclusion.

In concluding my report, I wish to thank the honorable Board of Selectmen and George M. Amerige, Trial Justice, for the many acts of kindness shown me.

I also wish to extend my thanks to the officers, both regular and special, for their hearty co-operation the past year.

Respectfully submitted,

CHARLES O. THOMPSON,
Chief of Police.

REPORT OF Engineers of Fire Department.

I would recommend that the sum of \$2,000 be appropriated for the running expenses of the department, also the sum of \$1,540 to be paid as Firemen's salary, four companies of eleven men each at \$35 per man which will include the drivers. I would also recommend that an appropriation be made to equip the department with horses to be used on all Town work which I think would be a paying investment and add greatly to the department.

The apparatus consists of three hose wagons, one hook and ladder truck, eight Underwriters' and four Babcock extinguishers, 6,000 feet of hose, 100 feet of garden hose, three plain brass and seven regulation play pipes, 12 extinguishers in Town buildings, four sets of double harness, 300 feet of ladder, 28 rubber coats, three jump nets, one line gun, one pull down hook with chain and rope attached, three crotch poles, eight lanterns, three long hooks, two axes, three bars, 26 spanners and 20 belts, 12 lighters, 14 fire hats, three wrenches, three wagon jacks.

CHARLES A. BLAKELEY,

Chief.

The Fire Department at the present time consists of 40 regular men and five call men and superintendent of the fire alarm and three engineers :

C. A. BLAKELEY, *Chief.*

C. I. HITCHINGS, *First Asst.*

M. F. CUNNINGHAM, *Second Asst.*

Record of Alarms.

Total number of bell alarms, 20.

Total number of false alarms, 3.

Total number of still alarms, 3.

Total number of second alarms, 1.

Total miles run by all apparatus, 61.

Total feet of hose laid, 4,600.

Total feet of ladders used, 435.

Total gallons of chemicals used, 170.

Detail of Alarms.

March 27, 3 o'clock P. M. Box 36. Alarm rung for woods fire on westerly side of Winter street, land of Dudley Johnson.

March 31, 7.20 A. M. Box 24. Vacant house rear of 252 Lincoln avenue, owned by Mrs. J. P. Dearborn, and used for storehouse and hencoop. Damage, 50 cents.

April 1, 8.30 P. M. Still alarm for woods fire on easterly side of Broadway, land of Joseph Whitehead.

April 3, 8.45 P. M. Still alarm for woods fire on northerly side of Main street, near Wakefield line, land of Breakheart hill forestry.

April 15, 4.45 P. M. Box 18. Woods fire, north of Main street, land of Hitchings heirs.

April 26, 8 A. M. Still alarm for woods fire north of Main street, rear of E. Butters.

May 14, 11.00 P. M. Box 126. Woods fire west of Cliftondale depot, land of J. R. Hatch.

May 31, 11.30 A. M. Box 123. Woods fire on the South side of High street.

June 1, 4.10 P. M. Box 42. Fire on roof of house on southerly side of Walnut street, owned by Alethia Buffum. Damage, \$10.

June 8, 9.00 P. M. Fire in stable of E. Butters, caused by tipping over lamp. Damage, \$5.

June 17, 9.30 P. M. Box 124. Fire at 172 Essex street, caused by tipping over lamp. Damage, \$25.

June 18, 9.10 A. M. Box 21. Fire on roof of building No. 334 Lincoln avenue, owned by A. M. Stocker ; cause, defective chimney. Damage, \$15.

July 4, 2 P. M. Box 12. Explosion of fireworks in a tent on the southerly side of Central street, owned by H. Milligan. Damage, \$90.

Report of Board of Health.

The Board of Health respectfully submits its annual report for the year 1902.

The Board was organized as follows: George W. Gale, M. D., Chairman; William F. Belcher, Secretary; Benjamin F. Robinson, Health Officer.

Regular meetings of the Board are held at the Town Hall on the first Monday of each month at 8 o'clock P. M.

Complaints of various kinds were made to the Board, and all were investigated without delay, and where any nuisance was found to exist it was promptly ordered abated, and the order was complied with in every case.

We have had the smallest number of cases of contagious diseases reported this year since the board was created all due to the general cleanliness of our citizens who take pleasure in complying with the regulations of the board. Diphtheria, seven cases; Scarlet Fever, one case, and eight cases of measles.

We would still call the attention of all owners of real estate to the necessity of having their vaults and cesspools kept in a sanitary condition and cleaned out once a year at least as required by law. Many vaults and cesspools are used until they run out upon the ground, thereby creating a nuisance for themselves and their neighbors. We would also urge the necessity of using an iron cover to all cesspools, the same being once done is done for ever, while a wooden top has to be renewed every six or seven years besides the liability of a horse or wagon breaking through it. We would also urge upon the citizens a more thorough collection of ashes and swill, it being no more work to them to put it in a proper receptacle and have it taken away than to throw it out in the yard to rot and breed mosquitoes and flies, to say nothing of the improved condition of their premises. We find that once a

household has the same removed they do not wish to go back to the old way.

We have had four cases of small-pox in Saugus during the year 1902, all of these were imported from other places. Two of these were sent to the Somerville Contagious Hospital for treatment, as the disease made its appearance soon after moving to this place, they having brought the germs of small-pox with them, and were legal residents of Somerville. One case was sent to Lynn Hospital, as she had been a former resident of Lynn and had contracted the disease while residing there, the other case was treated in Town. All of these cases have fully recovered.

The premises where these cases were found were quarantined and all the inmates and those residing in the immediate vicinity vaccinated. The premises were subject to a thorough fumigation.

Every precaution was taken by the Board of Health to prevent a spread of the disease, and we are pleased to state that not a single case was communicated from those four cases of small-pox to any other person.

Several suspected cases of small-pox have been reported to this Board during the past year, which, on investigation, have proved to be negative.

Contagious Diseases.

RULE 1. When a physician knows that a person whom he is called to visit is infected with small-pox, diphtheria, scarlet fever, typhoid fever, or any other disease dangerous to public health he shall immediately give notice to the Board of Health.

RULE 2. When a householder knows that a person within his family is sick of cholera, small-pox, diphtheria, scarlet fever, typhoid fever, measles or membranous croup, he shall immediately give notice to the Board of Health, and upon the death, recovery, or removal of such person, the rooms occupied, and the articles used by him, shall be disinfected by such householder in the manner hereinafter provided, and subject to the approval of, and under the direction of the Board of Health.

Cesspools, Privies and Vaults.

RULE 22. No person shall build, or cause to be built, any privy, vault or cesspool, unless the same is constructed in a

thorough and substantial manner, lined with stone, brick, or other suitable material of sufficient thickness and strength to prevent the walls from falling in, and located so that the inside of the same shall be at least three feet distant from the line of any adjoining lot or street. Every cesspool shall be of sufficient size to contain at least eighty cubic feet, measured below two feet beneath the surface of the ground, and, when not water tight, shall be at least twenty feet from the outside of the cellar wall of any tenement or dwelling, and thirty feet distant from any well, spring, or any other source of water supply used for culinary or domestic purposes. In no case shall the drainage from a privy, vault, cesspool or sink, or foul drainage from any domestic source, be permitted to enter any stream, brook, run or pond within the limits of the town.

RULE 23. All privies and vaults shall be cleaned at least once a year. Any privy or vault not cleaned within that time shall be declared a nuisance.

WILLIAM F. BELCHER, *Secretary.*

BENJAMIN F. ROBINSON, *Health Officer.*

Public Library Report.

Trustees' Report.

The Trustees of the Free Public Library present their fifteenth annual report for the year ending December 31, 1902.

Aside from the facts contained in the Librarian's Report, there is but little to be recorded that has not been mentioned in previous reports. It is the earnest wish of your Trustees that the day is not far distant when more ample accommodations will be allotted by the town so that a good reading room may be provided for our citizens.

It was found necessary to build two new book stacks to accommodate the increased number of volumes, consequently the space for the routine work of the library is further decreased.

The general work of the library remains substantially the same from year to year, and we have little to add to the record of its growth and use, more than our grateful appreciation of the devotion to its interests which has been so constantly manifested by the Librarian and her assistants who are justly entitled to our commendation, as well as that of the community whom they have so faithfully served.

Our grateful acknowledgments are due to the following persons from whom donations of books and pamphlets have been received during the year: Thomas W. Lawson, of Boston, Deloraine P. Corey, of Malden, N. Mortimer Hawkes, of Lynn, John C. Houghton, George Faulkner, Marshall B. Faxon, "One who loves to give," James Pratt, Mrs. F. C. Cheever, Mrs. A. C. Cheever, Miss E. E. Newhall, Miss J. J. Nourse, Arthur B. Coates, a set of cosmos pictures.

Your Trustees have been unable to answer Mr. Carnegie's question, "Is a requisite site for a library building available?" in

the affirmative. We are in hopes that some action will be taken by the Town towards securing a site for a building, or that some other action will be taken in the matter.

Your trustees recommend the same appropriation for the coming year as was made last year, viz., \$600 and the dog tax.

REPORT OF

Sealer of Weights and Measures.

FOR THE YEAR ENDING DEC. 31, 1902.

Number of glass jars sealed . . .	16,198	
Number of glass jars condemned . .	428	
Number found broken when received .	122	
	<hr/>	16,748

Extracts from the Revised Laws of Massachusetts, relating to the sealing of weights and measures.

CHAPTER 65, SECTION 25.

“Whoever sells, or, if by the custom of trade, such weights, measures, scales, beams or balances than those which have been sealed as provided in chapter sixty-five, shall forfeit not more than twenty dollars for each offence to the use of the person suing therefor.”

An act relating to the sealing of glass bottles or jars used by milkmen.

CHAPTER 62, SECTION 43.

“Glass bottles or jars used for the distribution of milk or cream to consumers, that hold, when filled to a level with the bottom of the cap or stopple, not less than seven ounces and six drams and not over eight ounces and two drams; not less than fifteen ounces and five drams and not over sixteen ounces and four drams; not less than thirty-one ounces and four drams and not over thirty-two ounces and four drams; not less than forty-seven ounces and three drams and not over forty-eight ounces and five drams; not

less than sixty-three ounces and two drams and not over sixty-four ounces and six drams, shall be sealed as measures under the provisions of chapter three hundred and sixty-nine of the acts of the year nineteen hundred, and of chapter sixty-five of the Public Statutes; and all dealers in milk or cream who use glass bottles or jars for the distribution of milk or cream to consumers shall bring in such bottles or jars to the office of the Sealer of Weights and Measures in their respective cities and towns to be sealed as aforesaid, and no fee shall in any case be charged or received for sealing the same. When a bottle or jar has once been sealed by the Sealer of Weights and Measures it shall not in any case be necessary to have it sealed again at any time while it is used for the distribution of milk or cream to consumers. Glass bottles or jars sealed under the provisions of this act shall not be legal measures except for the distribution of milk or cream to consumers "

The jars must contain the prescribed capacity with the cap in place to be considered of standard measure; those which do not should be treated as short measures.

The $\frac{1}{2}$ pint jar may contain not more than $\frac{1}{2}$ ounce additional.

The 1 pint jar may contain not more than $\frac{3}{4}$ ounce additional.

The 1 quart jar may contain not more than 1 ounce additional.

The $1\frac{1}{2}$ quart jar may contain not more than $1\frac{1}{4}$ ounces additional.

The 2 quart jar may contain not more than $1\frac{1}{2}$ ounces additional.

The top of the measure in all cases is considered the level at which the cap is placed. The quantity of the ounce should be determined by the use of a druggist's glass graduate.

[Chapter 339, Acts of 1900, as amended by Chapter 327, Acts of 1901.]

AN ACT RELATIVE TO THE SIZE OF BERRY BASKETS.

SECTION 1. Every basket or other receptacle holding one quart or less, used or intended to be used in the sale of strawberries, blackberries, cherries, currants or gooseberries shall be of the capacity of one quart, one pint, or one half pint, Massachusetts standard dry measure.

SECT. 2. Whosoever sells or offers for sale any such basket or other receptacle holding one quart or less, not conforming to

said standard, to be used in the sale of any of the aforesaid fruit, and whoever sells or offers for sale any of the aforesaid fruit in any such basket or other receptacle holding one quart or less, not conforming to the said standard, shall be punished by a fine of not less than five dollars nor more than ten dollars for each offence.

SECT. 3. The said baskets or other receptacles shall not be required to be tested and sealed as provided by chapter sixty-five of the Public Statutes, but the sealer or deputy sealer of weights and measures of any city or town, or the deputy sealer of the Commonwealth, may, when he so desires, and shall upon complaint, test the capacity of any basket or other receptacle in which any of the aforesaid fruit is sold or intended to be sold; and when the same is found to contain less than the standard measure it shall be his duty to seize the same, and to make complaint against the vendor for the violation of the law.

[Chap. 423, Acts of 1901.]

AN ACT RELATIVE TO THE SALE OF COKE, CHARCOAL AND COAL.

Be it enacted, etc., as follows:

SECTION 1. Coke in quantities of less than one hundred pounds, and charcoal in any quantities, shall be sold only by baskets or in bags, and when sold by baskets shall be kept until delivered in the same baskets in which the goods are measured. Coke sold in quantities of one hundred pounds or more shall be sold only by baskets or by weight. Coal sold in quantities of one hundred pounds or more shall be sold only by weight.

SECT. 2. Every basket used in selling coke or charcoal shall be of the capacity of two bushels, of one bushel, or of one half bushel, Massachusetts standard dry measure; shall be sealed, and its capacity plainly marked thereon by a sealer of weights and measures of the city or town in which the person using the same resides or does business, and shall be filled level full. Every bag of coke or charcoal sold or offered for sale shall contain and shall be sold as containing one half bushel, dry measure, standard aforesaid, of said goods, and shall be plainly marked with the name of the person who puts up the same, and the words in capital letters, each at least one inch in height,—ONE HALF BUSHEL.

SECT. 3. Every person selling coke or coal by weight shall without cost to the purchaser cause the goods to be weighed by a sworn weigher of the city or town in which they are sold, and shall cause a certificate stating the name and place of business of the seller, the name of the person taking charge of the goods after the weighing, as given to the weigher on his request, and the quantity of the goods, to be signed by the weigher; which certificate shall be given to the said person and shall by him be given only to the owner of the goods or his agent when he unloads the same; and every such person, owner or agent shall, on request and without charge therefor, permit any sealer of weights and measures of any city or town to examine the certificate and to make a copy thereof.

SECT. 4. Any sealer of weights and measures of any city or town in which any quantity of coke, charcoal or coal for delivery is found may, in his discretion, direct the person in charge of the goods to convey the same without delay or charge to scales designated by such sealer, who shall there determine the quantity of the goods, and, if they are not in baskets or bags, shall determine their weight with the weight of the vehicle in which they are carried, and shall direct said person to return to such scales forthwith after unloading the goods; and upon such return the sealer shall weigh the vehicle.

SECT. 5. Every sealer of weights and measures of a city or town and every sworn weigher shall keep in a book used by him solely for that purpose a record of all baskets sealed by him as aforesaid, and of all weighings and determinations of quantities of coke, charcoal or coal made by him as aforesaid, which record shall be made at the time of measuring or weighing, and shall state the day and hour of the measuring or weighing, the name and place of business of the seller of the goods, the name of the owner of the baskets or of the purchaser of the goods as given to him on his request by the person taking charge of the baskets or goods after weighing or measuring, the capacity of the baskets measured or quantity of goods determined, and the name of said person, and, in the case of a re-weighing as aforesaid, shall state the weight as given in the certificate and as determined by him. No charge shall be made by any such sealer for anything done under authority of this act.

SECT. 6. Whoever violates any provision of this act or fails to comply with any request for information or direction made under authority of this act, or gives a false answer to any such request, shall for each offence be punished by a fine not exceeding fifty dollars; and whoever shall be guilty of any fraud or deceit in relation to the weighing, selling or delivering of coke, charcoal or coal, shall for each offence be punished by a fine not exceeding one hundred dollars.

CHAPTER 65 PUBLIC STATUTES.

SECT. 20. All weights, measures and balances that cannot be made to conform to the standard, shall be stamped "condemned" or "CD." by the Sealer; and no person shall thereafter use the same for weighing or measuring any commodity sold or exchanged, under the penalties provided in the case of the use of false weights and measures.

Report of Tree Warden.

I herewith tender my report for 1902, reviewing the work done during the year.

In 1900 and 1901, most of the appropriation was used in trimming trees in the three villages.

In 1902, a large part of the money was expended in the outlying districts, owing to the bad condition of the trees. The trees were trimmed on Walnut street from the Wakefield line to Birch Pond ; on Central street from Walnut street to the Parker estate ; on Main street from the Wakefield line to Broadway ; on Forest street ; on Broadway from Walnut street to the Malden line ; and on Essex street from Broadway to the Melrose line.

I have taken down five elm and three horse-chestnut trees.

Respectfully submitted,

A. ELWOOD DAVIS,
Tree Warden.

Report of Inspector of Cattle and Milk.

Since January 1st, 1902, I have taken 325 samples of milk, finding none that had been watered.

I have inspected at the different slaughter houses 114 animals, none of which had tuberculosis.

I have quarantined three horses with glanders and they were disposed of by rendering.

In the fall of the year when the animal inspection takes place I inspected 1,011 animals, all of them, in my opinion, being free from contagious diseases.

Respectfully submitted,

A. W. SAWYER.

ELMER B. NEWHALL,

Town Clerk.

Report of Sinking Fund Commissioners.

SAUGUS, January 1, 1903.

To the Selectmen of Saugus:

The Sinking Fund Commissioners beg leave to submit the following report:

Value of Sinking Fund Jan. 1 1902 .	\$80,500 00	
Cash in Town Treasurer's hands .	705 00	
Interest collected to Nov. 1, 1902 .	4,980 00	
	<hr/>	\$86,185 00

(No appropriation made for year 1902.)

Invested in Town Saugus notes .	\$85,500 00	
Balance in Town Treasurer's hands .	685 00	
	<hr/>	\$86,185 00

Balance of Sinking Fund Jan. 1 1903,		
Town of Saugus notes . . .	\$85,500 00	
In Town Treasurer's hands . .	685 00	
Interest accrued to January 1, 1903 .	855 00	
	<hr/>	\$87,045 00

By act of the Legislature of 1875, limiting the indebtedness of towns, the Town Saugus was required to pay all of its indebtedness within thirty years, and in pursuance of this act the Town elected a Board of Sinking Fund Commissioners for the purpose of extinguishing this debt; and the Board has continued in office by the election of one member each year.

The town has made appropriations from time to time, as asked for by the Commissioners, and it is with much pleasure that the Commissioners now report to the Town that the full indebtedness,

which at the time of the passage of the act limiting the indebtedness of towns, was more than one hundred thousand dollars, has been fully paid, two years before the required limit.

You will see by our report that the Commissioners hold the notes of the Town to the amount of eighty-five thousand, five hundred dollars. This was loaned to the Town from year to year out of the yearly accumulations of the sinking funds; the Commissioners taking the notes of the Town for the same. It is through this loan of the sinking funds that the indebtedness has been paid, and the Commissioners will at the coming annual Town meeting ask authority to return these notes, not yet due, to the Town Treasurer for cancellation.

It will be necessary to continue the sinking fund for the reason that one of the sums borrowed was with the express agreement that the sinking fund should continue until this loan was paid; and for this reason some further votes of the Town will be asked to meet this agreement, and to make provision for the payment of these notes as they mature.

HERBERT B. NEWHALL,
SAMUEL HAWKES,
HERBERT O. PRATT,

Sinking Fund Commissioners.

	<hr style="width: 20%; display: inline-block; vertical-align: middle;"/> \$22,521 00

EXPENDITURES.

Teachers	. \$15,517 22
Janitors	. 2,162 01
Supplies	. 1,982 68
Fuel	. 1,986 26
Incidentals	. 770 22
Balance unexpended	. 102 61
	<hr style="width: 20%; display: inline-block; vertical-align: middle;"/> \$22,521 00

Report of School Committee.

To the Citizens of the Town of Saugus:

We respectfully make our report for the year 1902. It has been a year of change in the personnel of our corps of teachers, perhaps to a greater extent than in any previous year. In most every case the change has been voluntary on the part of the teacher and in many instances much to our regret.

The cause for change in many cases has been because of a better position offered in some other place. Larger towns and cities pay much higher salaries than we do, consequently our teachers are open to offers for more lucrative positions while on the other hand towns and cities are constantly coming to us and drafting from our ranks teachers whom they consider the best and most desirable.

It speaks well for the management of the schools, however, to state in this connection that in several instances teachers have refused offers from other towns where an increase of salary was promised, their relations and surroundings here being of so pleasant and harmonious a nature that they preferred to remain with us even at a smaller compensation.

It has not been the policy of the School Committee to consider, or to have the teachers feel that they are the servants of the Town, but rather as co-workers each with the other for the education and moral development of the children. Whatever criticism is passed upon a teacher's work is made for her benefit and improvement, and any suggestion offered or fault found with her methods of instruction is prompted by the kindest of feeling and with the sole aim of improving the work of the teacher.

Love and obedience go hand in hand, it is as essentially necessary that the teacher should have the obedience as the love of her

pupils. A firm hand as well as a warm and tender heart should be the characteristic of every teacher, to these qualities add a keen insight to read character and a wise judgment to study the pupil's disposition, in order to know how best to manage the many different natures, and you have the qualifications which tend to produce a successful teacher.

A child is not a receptacle in which to store facts as a tender is employed to store fuel and water, he is the engine itself and knowledge is but a force to enable him to best perform his work, hence he must be taught to think and to reason.

The true teacher will strive to bring out what is in the child and inspire him with noble aspirations and high aims, and not merely store him with information. Much time and study have been given to the education and training of the child still we believe there is much yet to be learned.

We have practiced economy in order to keep within the appropriation and we are pleased to be able to say we have succeeded.

We are to make an effort to get through the coming year without asking for an increase.

We estimate that we shall require for the year, as follows :

Teachers	\$15,000
Supplies	2,000
Janitors	2,100
Fuel	2,100
Incidentals	300
<hr/>						\$22,000

Respectfully submitted,

THOMAS P. PARSONS,
HENRY J. MILLS,
GEORGE M. AMERIGE,

School Committee.

Report of Superintendent.

To the School Committee:

GENTLEMEN,—I have the honor to present herewith the ninth annual report of the Superintendent of Schools.

For the statistical year ending June 30, 1902, the average membership of the schools of the town was 1,127, a gain of thirty over the preceding year. The average membership for the fall term ending December 19, 1902, was 1,189, an increase of fifty-six over the fall term of the previous year. The largest membership of the year was in October when we had 1,215 pupils in school, but owing to the prevalence of whooping cough and other causes of illness, this number was considerably decreased the latter part of fall term.

No additional schools have been opened this year yet, it is evident that another will be necessary at Cliftondale very soon. The schools in this part of the Town were somewhat crowded in the early fall. Indeed, it was only by careful planning and numerous transfers that all the pupils were accommodated. A little later illness caused considerable decrease of attendance, especially in the primary schools. But with the return of favorable conditions the schools will again be crowded and another room will be required.

The membership figures for several years are here given. It will be observed that the total membership has increased about forty per cent. in six years.

Since the report of one year ago was printed, nine teachers or nearly one third of our entire teaching force have resigned, one has been granted leave of absence for one year to study in France, and four have been transferred at their own request. The most serious interruption occurred in the High School as all the teachers except Miss Bacheller withdrew. Mr. Adams, who has served as Principal of this school with conspicuous efficiency for six years resigned to accept a similar position in Lewiston, Me. Miss Kelley withdrew temporarily for a year of study abroad.

Miss Cossar declined re-election and Miss Sawyer went to Quincy High School.

Miss Chase, Principal of the Felton School, after a successful service of seven years in this town, resigned to accept a position in Boston. The following is the complete list of changes:

WITHDRAWALS.	SCHOOL.	ELECTIONS.
Alice E. Chase	Felton	Fred E. Goddard
Nellie R. Carroll	Saugus	Rachel Y. Cornwell
Norris E. Adams	High	Leland A. Ross
Harriet B. Cossar	High	Hulda J. Barnes
Edith A. Kelley	High	A. May Sanger
Laura C. Brooks	Cliftondale	Alice B. Sawyer
Laura C. Austin	Cliftondale	
	Felton	Alice M. Goodwin
Martha F. Sawyer	High	Bessie V. Watson
Ethel A. Tufts,	Lynnhurst	Abbie A. Fuller
Olive N. Richardson	North Saugus	W. K. Putney
TRANSFERS	FROM	TO
Olive E. Bryer	Felton	Cliftondale
Eva May Brewer	Saugus, VI.	Saugus, VII.
Anna P. Danforth	E. Saugus, III.-IV.,	E. Saugus, V.-VI.
Ella F. Robinson	E. Saugus, V.-VI.,	E. Saugus, III.-IV.

Mr. Leland A. Ross was elected to fill the vacancy in the principalship of the High School. His previous work in similar positions in Maine has won for him excellent recommendations and we expect him to succeed here. The other vacancies in the High School were filled by Miss Bessie V. Watson, Miss A. May Sanger, and Miss Hulda J. Barnes. These teachers are college graduates of some experience and seemed to be well qualified for the positions they were to fill here. Unfortunately Miss Watson has been ill for several weeks and her department is temporarily in charge of Mr. George L. Ward.

Miss Cornwell, a graduate of Boston Normal School and a teacher of several years' experience, Miss Goodwin, a graduate of Salem Normal, Miss Sawyer, for several years a teacher in Port-

land, Me., Mr. Goddard, a graduate of Bridgwater Normal with several years' experience, and Mr. Putney trained at both College and Normal School with a short teaching experience are the other teachers who have begun work with us this year.

It sometimes happens that teachers are ill and are obliged for this reason or other urgent necessity to leave their schools for a few days. In such cases it has been somewhat difficult to obtain substitute teachers. Possibly, in connection with Stoneham an additional teacher might be employed to serve in this capacity as needed. When not thus employed she might do clerical work. Often it has happened that schools have been dismissed for a day or two, because a substitute teacher was not immediately available. Some plan should be devised that will prevent such serious break in the school work. I would suggest early consideration of this matter.

In addition to the usual teachers' meetings we have received much help from several visiting workers. Mr. A. W. Clark spoke to the teachers on the subject of penmanship; Mr. H. T. Bailey, State Supervisor of Drawing, addressed the teachers on some phases of the work in his department. Miss Charlotte E. Mendum has given valuable aid to the teachers in their study of basketry. Professor George H. Barton of the Massachusetts Institute of Technology, spent a half day in giving the teachers a valuable field lesson on some of the geographical and geological features of Saugus.

There is exceptional value in out-of-door lessons, when properly planned and carefully given. Teachers will do well to undertake more lessons of this kind. The fields of Saugus afford abundant opportunity for many profitable lessons upon a variety of subjects: Hill, valley, stream, rocks, glacial action, birds, trees, flowers and shrubs, are in evidence all about us, yet many of our boys and girls know very little of these subjects — very little of the wonderful lessons nature could teach them. We hope plans may be matured which will make it possible to give our pupils greater opportunity for out-of-door study under direction of the teacher.

The departments of music and drawing are in charge of the same supervisors who have directed the work of these subjects for

several years. Miss Melzard says: "There have been no radical changes in the general plans which we have followed the past year, but there has been a decided change for the better in the execution of these plans. The instruction has been given much more intelligently because the teachers have understood better the relation of art to other subjects."

Miss Melzard has but one day a week in which to do her work and the results obtained are out of all proportion to the time spent. With the increase in the number of schools it becomes increasingly difficult to properly supervise the work. Visits to each school cannot be made oftener than twice or three times a term, but the teachers receive additional help at teachers' meetings.

There is no special change in the work being done in singing. Miss Page continues to direct the work in her usual helpful way.

Your attention is called to the following report of the Principal of the High School.

Mr. C. E. Stevens, Superintendent of Schools:

DEAR SIR,—I have the honor to submit to you my report for the fall term of the Saugus High School. The membership and attendance of this term was practically the same as that of the corresponding term of 1901.

Enrollment	127
Average membership	-	118
Average attendance	113

The work of the fall term has been continued, as nearly as possible, along the same lines as that of the preceding year. In the class in physics the laboratory method has been used, necessitating the division of our unusually large class into three sections. In the course of study handed you herewith are suggested a few changes that the teachers consider it advisable to make.

That the employment of so many new teachers unacquainted with the routine work of the school would occasion more or less confusion was inevitable; but the helpful suggestions of Miss Bacheller, the only former teacher retained, and the hearty co-operation of the pupils have obviated that difficulty to a great degree. Indeed, nothing in my work as a teacher has so vividly impressed me as the kindly courtesy and helpfulness of the

scholars of the Saugus High School, and their evident desire that nothing on their part should mar the good work of the school.

As was foreseen by Mr. Adams, the new apparatus has been of inestimable value to our classes in Physics. Of the recent additions we believe that the work-bench and tools will prove to be among the most helpful. Though we may not be ready for manual training, we believe that the boy who makes his own electric telegraph, magnets, bells, motors, and other apparatus will by so doing learn more of the principles involved than in any other way. The new compound microscope will be a great help to our classes in Physiology, Botony, etc.

It seems to me that our most pressing need now is a laboratory table for our class in Chemistry. A class of sixteen now work at a table in which the only sink is so situated at one side that scholars on the opposite side must walk around the table to use it.

Very few parents were among our visitors for the fall term. We would be pleased if more would visit the school-room and see for themselves the work their children are doing.

In conclusion, I wish to thank you, Mr. Superintendent, the School Committee, and my teachers for the help and encouragement so kindly given me.

Financial Report.

Respectfully submitted,

LELAND A. ROSS.

The Cigarette Evil.

By the law of the State (acts of 1901, chapter 373), the sale or gift of cigarettes to any person under the age of eighteen years is prohibited. Any person violating any provision of this act shall be punished by a fine not exceeding fifty dollars.

My attention has been called to this matter of late by reports that school boys are smoking cigarettes freely. Inquiry of the teachers establishes the truth of these reports. We have in school about 525 boys. Of this number sixty are known to be users of cigarettes and fifty others are smokers without much doubt although proof may be lacking. In other words, about 20 per cent. of our school boys are believed to be cigarette smokers and more than ten per cent. are confessedly and openly addicted to this habit. Quite a large part of the users are less than ten years of age.

This appears to me to be a serious matter. It is well understood that the cigarette habit is exceedingly injurious to the growing boy. Physically, it retards growth, injures the heart and makes the strong boy weak, pale and sickly. It causes great reduction of mental power changing bright boys into dull and sleepy ones or even dunces. It produces moral degeneracy changing the honest and manly into cowards and embryonic criminals. Indeed, the habit is so destructive of all the desirable characteristics of the scholar and the man that it may be unwise for the town to try to educate the boy who persists in this bad habit. Possibly we ought to say to him as they do in some schools, "Give up the cigarette or give up the school."

Certainly he ought to be told of the great harm he is inflicting on himself and the probable results. He ought to know what extent he is throwing away his chances for success in life. He should understand that many large corporations, business houses, railroad companies, the United States Weather Bureau and other government departments do not employ cigarette smokers. Parent and teachers should be active in wise and judicious measures of prevention and policemen should see that the law prohibiting the sale or gift of cigarettes to boys under eighteen years of age is enforced.

The No-School Signal.

Under present conditions it is not easy to notify pupils that there is to be no school. The fire alarm bells cannot be heard except in a limited area near to the buildings where the bells are placed. Whenever the signal is given there are many pupils who

do not hear the bell ring. I should think the system would be unsatisfactory to the Fire Department and the people of the Town. Possibly, it would be worth while for the Town to consider the advisability of installing in some central location a fire whistle, to be blown by compressed air regulated automatically by electricity or by a water motor. This plan is in successful operation in several Towns near us.

In very stormy weather it is desirable to give the no-school signal as well as the system will permit but there is some difficulty in getting any one to be responsible for this service. Usually the superintendent is not in town at the right time and members of the school committee are busy men. Your attention is called to this matter in the hope that you may be able to solve the problem at an early date.

Manual Training.

In previous reports reference has been made to the incompleteness of any system of education which makes no provision for hand work. The importance of this matter is my reason for again bringing the subject to your attention.

By the law of the State "every city and town containing 20,000 inhabitants or more shall maintain the teaching of manual training as part of both its elementary and its high school system." In fact not only the larger cities but many of the smaller municipalities are giving some attention to this hitherto neglected part of education. Indeed, it is probably true that there has been no important school movement in recent years which has been so generally accepted and has been so widely adopted as the manual training movement. The reason for this quick recognition of its claims is in part due to its practical value. It is quite evident that for pupils who intend to follow any industrial or mechanical vocation manual training offers inestimable and permanent advantages. It is true also though less obvious that manual training accomplishes much for all classes of pupils. In all schemes of education provision must be made for the cultivation of the hand as well as the head and heart. If this is not done something essential and vital has been omitted and a loss is sustained — a loss which can never be made up.

In the early days of New England the education of the public schools was supplemented by home education in the use of tools and implements. But today industrial and social conditions are so changed that the education, formerly obtained at home, is no longer possible, and the schools are asked to furnish a substitute for the same. In response to this demand numerous occupations as a means of manual training have been introduced. Paper cutting and folding, pasteboard, light wood work, sewing, braiding, weaving, knitting, working rugs on canvas with hook and strips of cloth, and making baskets with reed and raphia, are among the suggestions already tried in primary and grammar school grades. Most of these suggestions have been tried so many times and so successfully that there appears to be no longer any doubt about their value.

In regard to the educative value of manual training a few statements may be made. In the first place, many pupils who are not easily reached by the usual work in history, grammar and arithmetic take great pleasure in all forms of hand work. Their former listlessness and indifference disappears and vigorous activity is aroused. This change has its effect upon all the work of the school for when the minds of pupils are wide awake with life and interest the condition is favorable for any intellectual effort. It is the opinion of all who have had experience in this line that manual training is uncommonly interesting, and that the usual school work is helped rather than otherwise by its introduction. This is true not only of pupils who have special mechanical aptitude but for all pupils.

In the second place, manual training affords opportunity for intellectual training of a high order. Some have thought that its processes are largely learned by imitation and that careful thought and reasoning are little used. Such is not the case and could not be unless some bit of work is repeated so many times that the doing becomes automatic.

Such movements would then cease to be of educational value. But all work which involves in the doing conscious thought and mental alertness yield profitable results, among which may be mentioned the habits of sustained effort, accuracy and careful observation. In the ordinary school work much effort is wasted

in trying to get pupils to think and reason about things unfamiliar to them. They do not have the perceptible knowledge necessary to think well. But manual training gives to them a wider acquaintance with things and adds to their conveniences for thinking.

In the third place, manual training offers considerable assistance in solving the great moral problem of school education. There is abundant evidence that carefully planned hand work has a strong and positive influence in developing character. Indeed it is now believed to be impossible for the individual to reach the highest and best moral development without hand training. Its influence upon the conduct of pupils is so beneficial that the introduction of manual training very nearly solves the "bad-boy problem." Truancy and corporal punishment diminish and co-operation takes the place of antagonism. Interest develops and idleness and street loafing are displaced by some useful home occupation.

It has been stated by certain critics that school education should be confined to books and that nothing more should be attempted. They admit that the child's education should be much broader but that the school should not concern itself about matters which have belonged to the home. To this it may be said that schools must adapt themselves to the needs of the pupils and to the demands of the social and industrial world. School education which adequately met the demands a century ago is not broad enough to meet the demands of the present. Manual training which was formerly given on the farm under the direction of the parents must now be given in school under the direction of the teachers, there is no other place for it.

May not the pupils of Saugus soon have the benefits which Manual Training offers? A beginning might be made with sewing or basketry. The latter is enjoyed by both boys and girls and is highly recommended by teachers who have had schoolroom experience in teaching it. Minneapolis had a very interesting exhibit last summer of the work done by public school pupils in weaving and basket making, and the pupils of many of the western cities are enjoying the benefits of work of this kind.

In conclusion, allow me to thank you, gentlemen of the committee, for your courteous treatment, cordial support and helpful advice; the teachers for their enthusiastic co-operation in all efforts to improve the work of the schools; and the parents and citizens for many kinds words.

Respectfully submitted,

CHARLES E. STEVENS.

SUMMARY

FOR THE YEAR ENDING JUNE 30, 1902.

Number of children in Town, September, 1902, from five to fifteen years of age	1,104
Number of boys	552
Number of girls	552
Number between seven (7) and fourteen (14)	784
Whole number enrolled in all schools	1,224
Number of boys	564
Number of girls	660
Number under five (5)	7
Number over fifteen (15)	130
Number between seven (7) and fourteen (14)	785
Average membership	1,127
Average attendance	1,030
Per cent. of attendance	91.3
Number of pupils who have moved into town	145
Number of pupils who have moved out of town	130
Number of teachers employed, including specials	34
Increase during the year	0
Number of teachers withdrawn	6
Number of new teachers	6
Number of different schools	28
Increase during the year	0
Number of tardiness	2,473
Number of dismissals	619
Number of visits, not including those of Committee and Superintendent	1,589

FOR THE FALL TERM, 1902.

Average membership	1,189
Average attendance	1,073
Per cent. of attendance	90+

Graduating Exercises
OF THE
Class of '01, Saugus High School,
Tuesday, June 24, 1902.

PROGRAM.

Auditor's Report.

To the Citizens of the Town of Saugus:

Having examined the accounts of the Treasurer, Collector, and Overseers of the Poor, and finding them correctly kept, with proper vouchers for all payments made, I hereby submit the annual report of the Town for the year ending December 31, 1903. By referring to that part of the report, "Condition of the Town," it will be seen that the deficiency has increased this year nearly \$6,500, but an explanation of the cause of this will show that the Town is really in a slightly better financial condition at this time than it was a year ago. There were three items placed in the assets last year amounting to \$8,030.20, as follows: Tools and apparatus of the Fire Department, \$6,500, tools and machinery of Highway Department, \$1,257.10, and tools and stock of Water Department, \$273.10, which some of our leading citizens claimed should not be placed there. I brought the matter up at our last annual meeting, and although not much was said upon the subject, the opinion expressed seemed to warrant my not placing these items in the account this year. Had these items, however, amounting to \$8,045.75, been placed there this year the deficiency would have shown a decrease of \$1,622.63 instead of an increase of \$6,423.12.

I recommend that the sum of \$8,000 be appropriated to meet interest charges the ensuing year, \$3,000 for principal of Water Loan, \$450 for principal of Cliftdale School House Loan, and \$350 for principal of Lynnhurst School House Loan.

Respectfully submitted,

GEORGE PARSONS, *Auditor.*

SAUGUS, February 12, 1904.

ANNUAL TOWN MEETING.

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus:

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the several voting precincts in the Town, on Monday, March the second, A. D. 1903, at six (6) o'clock A. M., then and there to bring in their ballots to the Wardens for the following Town officers :

Town Clerk, three (3) Selectmen for one year, Town Treasurer, one (1) Assessor for three years, three (3) Overseers of the Poor for one year, Tax Collector for one year, one (1) Member of Board of Health for three years, Auditor, Constable, one (1) Sinking Fund Commissioner for three years, two (2) Trustees of Public Library for three years, one (1) Water Commissioner for three years, one (1) Member of School Committee for three years, three (3) Fence Viewers, Tree Warden for one year, three (3) Cemetery Commissioners, one (1) for three years, one (1) for two years, one (1) for one year. Also, your answer, "Yes" or "No" to the following question, " Shall License be granted for the sale of intoxicating liquors in the Town for the ensuing year?"

Also to appear at the Town Hall, on Monday evening, March ninth, A. D. nineteen hundred and three, at eight (8) o'clock, to hear and act on the following articles, viz. :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on reports of Committees.

ART. 3. To choose all other Town Officers which Towns are, by law, required to choose in the months of March and April annually.

ART. 4. To revise the Jury List.

ART 5. To choose a Committee on Appropriations, as required by the Town By-Laws.

ART. 6. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed in the ensuing year.

ART. 7. To make an appropriation and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

ART. 8. To see what action the Town will take in the matter of fixing the compensation of any or all Town Officers, and make an appropriation for the same.

ART. 9. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same for the following purposes :

First. For the purpose of paying notes coming due the present year.

Second. To hire money temporarily, not exceeding seventy-five thousand dollars (\$75,000) for one year, in anticipation of the taxes of the year 1902.

ART. 10. To see if the Town will make an appropriation for Police Service.

ART. 11. To see if the Town will appropriate the sum of two hundred dollars for the observance of Memorial Day, the same to be expended under the supervision of Post 95, G. A. R., or to see what action the Town will take in the matter.

ART. 12. To see what action the Town will take in relation to Street Lighting, and make an appropriation therefor.

ART. 13. To see if the Town will make an appropriation to cover the cost of insurance on Town Buildings.

ART. 14. To see if the Town will make an appropriation for Repairs on Town Buildings and Grounds.

ART. 15. To see if the Town will make an appropriation for the Board of Health, or to see what action the Town will take in the matter.

ART. 16. To see if the Town will make an appropriation for the Superintendent of Schools.

ART. 17. To see if the Town will appropriate the sum of one hundred dollars (\$100) for searching the Records and Plans and for Incidentals for the Assessors.

ART. 18. To see if the Town will make an appropriation for Sidewalks, or to see what action the Town will take in the matter.

ART. 19. To see if the Town will make an appropriation for Tree Warden, or to see what action the Town will take in the matter.

ART. 20. To see if the Town will make an appropriation for Sealer of Weights and Measures, or to see what action the Town will take in the matter.

ART. 21. To see if the Town will appropriate a sum of money sufficient to purchase a site for a Public Library Building agreeable to a donation by Andrew Carnegie of ten thousand dollars (\$10,000), or to see what action the town will take in the matter.

ART. 22. To see what compensation the Town will give the Collector for collecting the tax of 1903, or to see what action the Town will take in the matter.

ART. 23. To see if the Town will vote to adopt some rule for collecting taxes, or to see what action the Town will take in the matter.

ART. 24. To see if the Town will instruct the Assessors to abate the tax on a certain Town note held by Mrs. E. Hathaway, in payment of the Gravel Pit purchased by the Town, or to see what action the Town will take in the matter.

ART. 25. To see if the Town will defray the expenses of the Lock-up from Court Fines, or to see what action the Town will take in the matter.

ART. 26. To see if the Town will make an appropriation for the salaries of Firemen of the Saugus Fire Department, or to see what action the Town will take in the matter.

ART. 27. To see if the Town will appropriate the sum of two thousand dollars (\$2,000) for the expenses of the Fire Department for the ensuing year, or to see what action the Town will take in the matter.

ART. 28. To see if the Town will appropriate the sum of six hundred dollars (\$600) and dog tax for use of the Public Library, the same to be expended under the direction of the Trustees of the aforesaid Library, or to see what action the Town will take in the matter.

ART. 29. To see if the Town will appoint a Committee to revise, amend or create new By-Laws for the Town and submit the same at the adjourned Town meeting to be held March 16, 1903, or to see what action the Town will take in the matter.

ART. 30. To see if the Town will vote to purchase a steam Roller for the Highway Department, and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 31. To see if the Town will vote to instruct the Selectmen to grant a location of tracks on Central street, as per the

proposition made by the Boston & Northern Street Railroad to the Board of Selectmen, or to see what action the Town will take in the matter.

ART. 32. To see if the Town will make an appropriation for salary of Superintendent of Cemetery, or to see what action the Town will take in the matter.

ART. 33. To see if the Town will make an appropriation for the purpose of laying out and grading avenues in the Cemetery, or to see what action the Town will take in the matter.

ART. 34. To see if the Town will make an appropriation of four hundred dollars (\$400) for Soliers' Relief, or to see what action the Town will take in the matter.

ART. 35. To see if the Town will vote to abolish the name of the Saugus Almshouse and substitute the name of the Saugus Home, or to see what action the Town will take in the matter.

ART. 36. To see if the Town will vote to lay a new floor in the Town Hall and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 37. To see if the Town will instruct its Board of Selectmen to petition the General Court to appropriate one hundred thousand dollars (\$100,000) or such sum as it deems necessary to be expended under the direction of a State Board or Commission, for defense against the gypsy moth, the brown tail moth, and other insect pests.

ART. 38. To see if the Town will appropriate the sum of two hundred dollars (\$200) to widen and straighten the Brook in the Basin, so called, in the rear of the Nanepashemet Club House, the same to be spent under the direction of the Board of Health, or to see what action the Town will take in the matter.

ART. 39. To see if the Town will make an appropriation for the extermination of the brown tail moth by removing the nests from the trees, or to see what action the Town will take in the matter.

ART. 40. To see if the Town will petition the Boston & Northern Street Railroad for a five (5) cent fare to Malden and Wakefield squares, or to see what action the Town will take in the matter.

ART. 41. To see if the Town will provide rooms for the Town officials not provided for and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 42. To see if the Town will make an appropriation for the construction of a fire escape on the Almshouse, or to see what action the Town will take in the matter.

ART. 43. To see if the Town will make an appropriation of fifty (\$50) dollars for numbering the houses in the town not yet numbered, or to see what action the Town will take in the matter.

ART. 44. To see if the Town will appropriate the sum of five hundred (\$500) dollars to grade and cut the grounds in front of the school buildings on Main Street, Saugus Center, or to see what action the Town will take in the matter.

ART. 45. To see if the Town will authorize the Sinking Fund Commissioners to deliver to the Town Treasurer on or after April 1, 1903, eighty-five thousand five hundred (\$85,500) dollars of Town of Saugus notes not yet due, and authorize and direct the Town Treasurer to cancel the same.

ART. 46. To see if the Town will authorize the Sinking Fund Commissioners to accumulate a fund for the purpose of paying twenty-five thousand (\$25,000) dollars of notes borrowed for the Cliftdale Schoolhouse Loan (new) and falling due from 1915 to 1919, or to see what action the Town will take in the matter.

ART. 47. To see if the Town will authorize the Sinking Fund Commissioners to hold the balance now in their hands, and all accumulations to April 1 next, for the purpose of commencing

ing a fund for the payment of the twenty-five thousand (\$25,000) dollars of notes for Cliftdale Schoolhouse Loan (new), or to see what action the Town will take in the matter.

ART. 48. To see if the Town will appropriate the sum of six hundred and seventy-seven dollars and fifty cents (\$677.50), on account of the sinking fund for payment of the notes borrowed for the Cliftdale Schoolhouse Loan (new), or to see what action the Town will take in the matter.

ART. 49. To authorize the Town Treasurer to borrow of the Sinking Fund Commissioners such sums of money as they may have to loan and give notes of the Town for the same, or to see what action the Town will take in the matter.

ART. 50. To see if the Town will instruct the Selectmen to locate incandescent lights in the following places, viz.: three (3) lights on Elm street between Pranker's Mills and Walnut street, two (2) lights on Howard street and one (1) light on Main street north of Howard street and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 51. To see if the Town will vote to observe "Old Home Week," appoint a committee of five (5) to make the necessary arrangements, and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 52. To see if the Town will accept Ernest street as shown on plan on file with the Town Clerk, or to see what action the Town will take in the matter.

ART. 53. To see if the Town will accept Endicott street as shown on plan on file with the Town Clerk, or to see what action the Town will take in the matter.

ART. 54. To see if the Town will vote to make an appropriation for draining Maple street, Cliftdale, or to see what action the Town will take in the matter.

ART. 55. To see if the Town will vote to accept Fairview avenue, according to plans and specifications filed with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of A. W. Pyne and others.

ART. 56. To see if the Town will vote to accept that part of Myrtle street, Cliftondale, between Whitney and Mt. Vernon streets, or to see what action the Town will take in the matter.

ART. 57. To see if the Town will accept and adopt the By-Laws as revised and amended by the Committee, or to see what action the Town will take in the matter.

ART. 58. To see if the Town will instruct the Selectmen to appear before the General Court in favor of, and by the representative to the General Court to support the petition calling for the passage by the General Court and submission to the people of a constitutional amendment to allow municipalities to establish fuel yards.

ART. 59. To see if the Town will vote to instruct the representative to the General Court that the Congress of the United States be memorialized to secure national ownership of the coal mines.

ART. 60. To see if the Town will vote to instruct the Selectmen to refer their action as to granting street railway locations to a referendum vote.

ART. 61. To see if the Town will vote to immediately elect by yea and nay vote a committee of five to obtain information in regard to the minimum amount of money necessary to establish a coal and wood yard, such committee to serve without pay, and make a report at the next town meeting.

ART. 62. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to make a Water Loan of fifteen hundred (\$1,500) dollars for the extension of the water pipes, or to see what action the Town will take in the matter.

ART. 63. To see if the Town will authorize the Treasurer with the approval of the Selectmen to make a Water Loan of ten thousand (\$10,000) dollars for the extension of the water pipes from where they now end on Essex street, to and through Vine street, and connect with the pipes on Main street, or to see what action the town will take in the matter.

ART. 64. To see if the Town will vote to accept the Australian Ballot at the annual Caucuses agreeable to the petition of Elmer B. Newhall, E. Curtis McKenney and others, or to see what action the Town will take in the matter.

ART. 65. To see if the Town will vote to pay the employees of the Highway Department two dollars (\$2.00) per day instead of the rate now paid, or to see what action the Town will take in the matter.

The Polls will open at 6 o'clock A. M. and may close at 4.30 P. M., and you are hereby directed to serve this warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting and to distribute copies as provided by the By-Laws at least four days before.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands and Town Seal this Sixteenth day of February, A. D. nineteen hundred and three.

HERBERT O. PRATT,
HENRY F. FISKE,
ISAAC E. GRAVES,

Board of Selectmen.

SAUGUS, March 2d, 1903.

Pursuant to the foregoing Warrant, the inhabitants of the Town of Saugus met at the various precincts and voted as follows :

The polls were opened at 6 A. M. and closed at 5 P. M.

Total vote for town offices, March 2d, 1903 :

Annual March Meeting opened March 9th, 1903, at 8 o'clock P. M., by Elmer B. Newhall, Town Clerk.

ARTICLE I. Chose Judge Geo. M. Amerige, Moderator, who, after being duly qualified by the Town Clerk, took charge of the meeting.

The Moderator appointed and qualified the following to act as Tellers: Edgar B. Oliver. Charles E. Putnam, James R. Hughes, E. Curtis McKenney.

ART. 2. There were no reports of committees.

ART. 3. Chose James B. Wiggin, Pound Keeper. Walter A. Pratt, Charles A. Driscoll, Charles N. Wormstead, Field Drivers. Frank H. Coburn, Phillip W. Farnham, Herbert O. Pratt, Measures of Wood and Bark.

ART. 4. Voted, to lay Article 4 on the table.

ART. 5. Chose as Appropriation Committee: Lewis W. Hawkes, Phineas H. Nourse, Charles E. Putnam, Clarence W. Fox, Martin Penny.

The following articles were referred to the above committee :
7, 8, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 25, 26, 27,
28, 30, 32, 33, 34, 36, 38, 39, 41, 42, 43, 44, 48, 50, 51, 54, 62,
63, 65.

ART. 6. Voted, That a discount of two per cent. be allowed on Taxes paid on or before Oct. 1st, 1903, and that interest at the rate of 6 per cent. be charged after Jan. 1st, 1904, on Taxes of 1903.

ART. 4. Adopted the jury list as follows :

Winslow D. Adlington	Benj. F. Newhall
Charles W. Bailey	Dennis S. Newhall
George W. Blodgett	E. B. Newhall
John Brierly	Everett H. Newhall
Charles D. Brown	Jonathan A. Newhall
Everett H. Day	Thomas Newhall
Albert F. Dikeman	Walter Newhall
Fred'k W. Feakins	Henry N. Oliver
Charles Florence	E. Chester Parker
Levi Florence	Frank E. Parker
F. W. Foss	Henry A. Parker
Aaron A. Gill	George Parsons
Joseph M. Hall	J. Wesley Paul
Leander P. Harding	Walter Raddin
Harry E. Hartitch	Frank M. Ramsdell
James R. Hatch	James W. Rae
Levi G. Hawkes	W. E. Rhoades
Alfred C. Hill	Francis D. Riblett
James W. H. Hill	Benj. F. Sanborn
John W. Hitchings	Arthur W. Sawyer
Benj. A. Homan	William F. Sawyer
Byron S. Hone	James M. Stokes
Davis T. Knox	Frank M. Symonds
Charles H. Libby	C. E. Torrey
Frank H. Little	John C. Townsend
Arthur B. Mansfield	George A. Valpey
Roland L. Mansfield	Joseph Whitehead

James M. Maxwell	C. D. Whittredge
Mervil S. Merrill	Daniel B. Willis
Ezekiel R. Messenger	Everett E. Wilson
Henry J. Mills	Charles N. Wormstead

ART. 9. Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to hire money temporarily, not exceeding one year, in anticipation of the taxes of the year 1903, and give notes of the Town for the same, and all money so hired be expressly made payable from such taxes of 1903, the whole amount so hired under this vote not to exceed the sum of \$75,000.

ART. 23. Voted, To indefinitely postpone the making of rules for the collecting of taxes.

ART. 24. Voted, To instruct the Assessors to abate the tax on a certain Town note held by Mrs. E. Hathaway in payment of the gravel pit purchased by the Town.

ART. 29. Voted, That a committee to consist of the Board of Selectmen and one representative from each ward be appointed to revise or amend the By-laws or create new ones and to insert such probable changes in the Warrant for the next Annual Town Meeting, in accordance with the provisions of Section 3, Art. 9 of the Town By-laws. Committee as follows: Frank M. Avery, Ernest E. Ryder, Marion V. Putnam, Charles D. Keyes.

ART. 24. Voted, That Article 24 be referred to the Selectmen to secure a legal opinion and report at the adjourned meeting what action shall be taken to fulfill the Town agreements with Mrs. Hathaway without invalidating the tax levy.

ART. 31. Voted, To instruct the Selectmen to grant a location of tracks on Central street as per the proposition made by the Boston and Northern Railroad to the Board of Selectmen.

ART. 35. Voted, That the Town Poorhouse, Almshouse, Workhouse, or any other name that carries with it a debasing

influence, shall be abolished from the future records of the Town of Saugus and the building that may be assigned for the use of our deserving poor shall hereafter be known as "The Saugus Home."

Voted, To now adjourn (10.35) until Monday, March 16th, 1903, 8 P. M.

SAUGUS, March, 16th, 1903.

Adjourned meeting opened at 8.07 P. M. by Judge Geo. M. Amerige, Moderator.

Voted, To take up Article 35.

Voted, To adopt the original vote of the Town, as per motion of Mr. Geo. Spurr.

The Moderator appointed and qualified Henry J. Mills as Teller.

Voted, After much discussion, not to reconsider Article 31.

Voted, That Charles A. Blakeley and George Haskell serve as Field Drivers, both of whom declined.

Voted, That Richard P. Whitcher fill the vacancy caused by the resignation of Marion V. Putnam, as a member of the Committee to revise the Town By-Laws.

Voted, To adjourn at 10.15 until Monday at 8 P. M.

Voted, To take up Article 40.

ART. 40. Voted, That the Town petition the Boston & Northern Street Railway Co. for a five-cent fare to Malden and

Wakefield Squares, and that a committee be appointed to confer with the railway, consisting of the Chairman of the Board of Selectmen and two members from Ward Two. E. Curtis McKenney and Benjamin F. Sanborn being chosen as above.

Voted, To take Article 24 from the table.

ART. 24. Voted, To indefinitely postpone the matter of making an abatement of the tax on a certain Town note held by Mrs. E. Hathaway in payment of the gravel pit purchased by the Town.

The Committee on Appropriations made its report at this time.

Voted, To accept the report of the Committee on Appropriations.

ART. 7. Voted, To accept Article 7 as a whole, and that the sum of \$55,800 be and hereby is appropriated.

Voted, To take up Article 65.

It was ruled by the Moderator that no action could be legally taken by the meeting under this Article.

ART. 8. Voted, That the sum of \$5,050 be and hereby is appropriated for salaries for the year 1903 as per recommendation of Appropriation Committee.

ART. 10. Voted, That the sum of \$4,000 be and hereby is appropriated for police service for the year 1903.

Meeting adjourned at 10.15 P. M.

MONDAY, March 23d, 1903.

Meeting opened at 8.10 P. M. by the Moderator.

ARTICLE 11. Voted, That the sum of \$200 be and hereby is appropriated for the observance of Memorial Day, the same to be expended under the direction of the Post No. 95 of the G. A. R.

ART. 12. Voted, That the sum of \$5,400 be and hereby is appropriated for street lighting for the year 1903, and that the Selectmen be and hereby are authorized to make a contract for one year with the Lynn Gas and Electric Co.

ART. 13. Voted, That the sum of \$700 be and hereby is appropriated for insurance on Town buildings for the year 1903.

ART. 14. Voted, That the sum of \$1,200 be and hereby is appropriated for repairs on Town buildings for the year 1903.

ART. 15. Voted, That the sum of \$1,800 be and hereby is appropriated for the Board of Health, and the collection of ashes and garbage be let by contract, and said contractor be required to give a good and sufficient bond in the sum of \$1,000 for the satisfactory performance of his contract under the direction of the Board of Health, the said contract to be let to the lowest responsible bidder.

ART. 16. Voted, That the sum of \$1,000 be and hereby is appropriated for Superintendent of Schools for the year 1903.

ART. 17. Voted, That the sum of \$50 be and hereby is appropriated for the use of the Assessors for the purpose of searching the records.

ART. 18. Voted, That the sum of \$300 be and hereby is appropriated for sidewalks.

ART. 19. Voted, That the sum of \$175 be and hereby is appropriated for the Tree Warden.

ART. 20. Voted, That the sum of \$150 be and hereby is appropriated for Sealer of Weights and Measures.

ART. 21. Voted, To indefinitely postpone the appropriation of money for the purchase of a site for the Public Library.

ART. 30. Voted, To indefinitely postpone the purchase of a steam roller.

Voted, To adjourn at 10.15 P. M. until Monday, March 30th, at 8 P. M.

Voted, To take up Article 39.

ART. 39. Voted, To indefinitely postpone the matter of an appropriation for the extermination of the brown tail moth.

Voted, To take up Article 44.

ART. 44. Voted, To indefinitely postpone the matter of grading the grounds and curbing the lot around the Roby School.

Meeting adjourned at 10.15 P. M.

SAUGUS, March 30th, 1903.

Adjourned meeting called to order by Moderator.

ARTICLE 22. Voted, That if less than 75 per cent. of taxes of 1903 are collected before May 1st, 1904, 1 per cent., if 75 per cent. or over are collected before May 1st, 1904, 1½ per cent.

Notice given of intention to reconsider Article 30 at 8.11 P.M.

Choose, Mr. D. M. Oliver, Field Driver.

The Moderator ruled that Article 30 cannot be reconsidered, it having been indefinitely postponed.

ART. 25. Voted, That the court fines be and hereby are appropriated to defray the expenses of the Keeper of the Lock-up, and if these are not sufficient the same to be paid from the Selectmen's Incidentals.

ART. 26. Voted, To indefinitely postpone Article 26, it having been covered in Article 8.

ART. 27. Voted, To indefinitely postpone Article 27, it having been covered in Article 7.

ART. 28. Voted, That the sum of \$600 and the dog tax be and hereby is appropriated for the Library for the year 1903.

ART. 32. Voted, That the sum of \$800 be and hereby is appropriated for salary of the Superintendent of the Cemetery.

ART. 33. Voted, That the sum of \$950 be appropriated for the grading of lots in the Cemetery.

ART. 34. Voted, That the sum of \$300 be and hereby is appropriated for Soldiers' Relief Fund for the year 1903.

ART. 36. Voted, To indefinitely postpone the matter of an appropriation for the laying of a new floor in Town Hall.

ART. 37. Voted, That the Board of Selectmen be and hereby is instructed to petition the General Court to appropriate \$100,000 for the extermination of the brown tail moth. To be expended by the State Board or commission.

ART. 38. The Moderator ruled that the Town cannot expend money on private property. Voted to indefinitely postpone.

ART. 41. To indefinitely postpone this Article in regard to providing rooms for the Town Officials.

ART. 42. Voted, That the sum of \$120 be and hereby is appropriated for the purpose of constructing a fire escape on the "Saugus Home" under the direction of the Overseers.

ART. 43. Voted, That the sum of \$50 be and hereby is appropriated for the purpose of numbering houses not numbered, under the direction of the Board of Assessors.

ART. 45. Voted that the Sinking Fund Commissioners be authorized to deliver to the Town Treasurer on or after April 7, 1903, \$85,500,000 of Town of Saugus notes not yet due and that the Treasurer be directed to cancel the same.

ART. 46. Voted, that the Sinking Fund Commissioners be authorized to accumulate a fund for the payment of \$25,000 of notes borrowed for the Cliftondale School-house Loan (new) due in 1915-1919.

ART. 47. Voted, That the Sinking Fund Commissioners be authorized to hold and use the balance now in their hands, together with all accumulations to April 1st, 1903, for the purpose of commencing a fund for the payment of the \$25,000 of notes borrowed on account of the loan for the Cliftondale School-house (new) and falling due from 1915-1919.

ART. 48. That the sum of \$677.50 be appropriated on account of the sinking fund for the payment of the note borrowed on account of the Cliftondale School-house, "new."

ART. 49. Voted, That the Town Treasurer be authorized to borrow such sums of money as they may have to loan and give notes of the Town for the same.

ART. 50. Voted, To indefinitely postpone the location of lights on Elm, Howard and Main streets.

ART. 51. Voted, To indefinitely postpone the appointment of a committee in regard to the observance of Old Home Week.

ART. 52. Voted, To accept Ernest street as per plan, filed with the Town Clerk.

ART. 53. Voted, To accept Endicott street as per plan filed with the Town Clerk.

ART. 54. Voted, To indefinitely postpone the matter of an appropriation for the drainage of Maple street.

ART. 55. Voted, to accept Fairview avenue as per plan filed with the Town Clerk.

ART. 56. Voted, to indefinitely postpone the acceptance of Myrtle street, Cliftondale, as called for under this article it having been previously accepted.

ART. 57. Voted, To indefinitely postpone action under this article, the committee not making any report.

ART. 58. Voted, To indefinitely postpone action in regard to petitioning the General Court to establish municipal coal yards.

ART. 59. Voted, To indefinitely postpone the matter of instructing the representative to the General Court that Congress be memorialized to secure national ownership of the coal mines.

ART. 60. Voted, To indefinitely postpone the granting of street railway locations to a referendum vote.

ART. 61. Voted to indefinitely postpone the election of a committee to obtain information in regard to the cost of establishing a wood and coal yard.

ART. 62. Voted, That the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to make a water loan of \$1,500 for the extension of water pipes. Vote: Yes, 71; no, 6.

ART. 63. Voted, to indefinitely postpone the extension of water pipes from where they now end on Essex street to and through Vine street to connect at Main street.

ART. 64. It was ruled by the Moderator that the Town had not the right to accept the Australian ballot at the annual caucuses as petitioned for.

ART. 65. Voted, To indefinitely postpone the matter of the rate of wages of employees of the Highway Department.

Voted at 10.44 P. M. to dissolve the meeting.

A true copy. Attest:

ELMER B. NEWHALL,
Town Clerk.

The Overseers of the Poor, in submitting their annual report, regret that in some respects the showing is not as good as they desired; yet, upon the whole, they feel that their department is in quite a satisfactory condition.

The extreme high price of coal during the first part of the year and the general high prices of supplies used at the home and furnished to families, which have prevailed during the year, have been somewhat burdensome.

It will be seen that the sum of \$463.14 over the appropriation was drawn, but a new floor had to be laid in the barn, and other repairs, for which no provision was made, caused an outlay of \$92.83, and the sum of \$581.37 was expended on non-settlement persons, a part of which has already and the rest will come into the treasury in due time. With these deductions, the outlay was \$210.96 less than the appropriation.

The increase in the personal property, \$341.96, was very good; and, after the \$196.19 balance due the superintendent is deducted there remains a credit to the home and farm of \$165.77; the five inmates for the year also being supported without extra charge.

The six acres of land broken up last year has been put to good account, as quite a large quantity of fodder was grown upon it this year, and in a short time a valuable hay field will be the result.

The fire escape, for which an appropriation was made at the last March meeting, was erected early in the summer, and was pronounced by the inspector as entirely satisfactory and the best for the outlay he knew of.

The home and premises are kept in excellent condition, and the superintendent, Mr. Wiggin, and the matron, Mrs. Wiggin, show no lack of interest in their work, and the town is fortunate in having such capable and trustworthy persons in charge.

As the State is to support all insane persons in future, your board in closing recommend an appropriation of \$3,500.00.

Respectfully submitted,

JAMES A. HALLIDAY,
GEO. H. AMES,
HENRY N. OLIVER.

TREASURER'S REPORT

FOR THE YEAR ENDING DEC. 31, 1903.

J. S. MEACOM, *Treasurer Trustee.*

Selectmen's Report.

To the Citizens of the Town of Saugus:

Respectfully submitting our report for the year 1903, we desire to not only acquaint the citizens of the Town with what has transpired during the year, but to offer some advice for the year 1904.

In the main the different departments of the Town have shown a disposition to acquiesce in the suggestion made by the Selectmen last year, in the matter of economy. There has been a marked improvement in this respect and we believe that even greater savings can be made if the officials will only be persistent.

Last July we granted a franchise to the Boston & Northern Street Railroad to lay their tracks on Central street, the franchise is on file in the Selectmen's Department and can be inspected by the citizens at any time. The Boston & Northern Street Railroad officials consumed so much time in getting the above approved and authorized by their Board of Directors that it was too late to build the road this year but the Superintendent has had orders to build the road as soon as spring opens.

We have also had a petition from the Maplewood & Danvers Street Railroad Co. for a proposed location of tracks over what is known as the Newburyport Turnpike road from the Melrose line to the Lynnfield line a distance of about four miles.

We have had the necessary hearings and have granted them the franchise petitioned for. If this proposed road is built it will easily eclipse any improvement ever made, either by the Town or a street railway, for the franchise calls for a street fifty-four feet wide, cut, filled, widened, tracks curbed, cross-overs block paved, a bond of \$50,000 to cover damages, and other minor conditions. All without one dollar of expense to the Town.

We desire to call the attention of the citizens to the following items expended by us from our Incidental account, which ordinarily would come from the Public Buildings appropriation, but which could not be taken from that account, on account of the large amount of repairs that were imperative and had to be provided for from the Incidentals.

W. H. Raddin, building cells	\$163 00
W. F. Paul, repairs on Town Hall	21 87
Bryant & Kent, cement for Town Hall	15 90
Fred Stocker, sand and brick for Town Hall	86 00
Illegal assessment tax, Ida A. Hatch	138 32
Sampson & Allen, balance electric light contract	164 70
Burns & Bee, repairs on Town Hall	34 60
F. L. Trefethen, new stack for boiler	106 88
W. H. Perkins, cementing boiler room	46 41
<hr/>	
Total	\$777 68
Incidental balance	117 56
<hr/>	
	\$895 24

You will see by the above statement that there would have been a balance of \$895.24 in the Incidental account had not the above items been paid therefrom.

Highways and Bridges.

This department is in first-class condition. Our streets are in better condition to-day we think than ever before.

If the citizens will only bear in mind the fact that we have about 56 miles of roadway to look after and keep in a safe condition for public travel, they will, if they are disposed to be reasonable, make due allowance for some of the inconveniences, which no one knows better than the Selectmen, they are called upon to bear.

With a somewhat limited appropriation to carry on the work of this department there must necessarily be some dissatisfaction among our citizens, as it is impossible for our Commissioner to rectify every complaint that comes to him.

We respectfully call your attention to the improvements that have been made in the various parts of the Town, and especially the widening of Central street.

It will be necessary to make quite extensive improvements in the north and west ends of the Town the coming year, as the streets have not been graded to any extent for some years.

For further information please consult report of Superintendent of Streets.

Street Lighting.

We have sixty-seven arc lamps at a cost of \$67 per lamp also fifty-seven incandescent lamps at a cost of \$16 per lamp, you will see by this that the total cost of the system will be about \$5,400.

The service the past year has been as good as could be expected. Our contract with the Lynn Gas & Electric Co. is precisely the same as that of Swampscott and Nahant who are subscribers to the same company and we believe that the Lynn Gas & Electric Co. are doing their utmost to give us satisfaction. They have laid their pipes through Cliftondale and are supplying that section of the Town with gas and this year intend to extend their pipes over Central street to Saugus Centre. The price of gas is ninety cents per 1,000 feet and is a great convenience. A new contract for street lighting will have to be provided for at our annual Town Meeting.

If the Town will slightly increase this appropriation the coming year the Board believes that it will be able to take care of any reasonable call for extensions.

Police Department.

What has been said of the Police Department in the past is equally true to-day.

There have been no changes in the regular force. The discipline of the men is first class, and the showing made by them is a credit to the Town.

The Town is growing to such an extent that it must be apparent to anyone, familiar with the duties that are imposed upon the officers, that the force will, in the near future, have to be considerably increased.

We congratulate the Chief and his men on the efficient services rendered the Town during the past year.

For further information please consult the Police Department report.

Fire Department.

This very important department of the Town is in good running order and on the whole is in a harmonious frame of mind. There are lots of petty differences bound to arise in a department of this kind, and must be expected, but what is true of this Town is also true of other Towns; about so often dissensions arise, and when they do, they have to be met and disposed of in a just and equitable manner, regardless of who they affect.

The efficiency of this department is up to about as high a standard as you can expect it to be under the present conditions. Some of the companies are seriously handicapped in not having horses located near the houses. The time is fast approaching, we believe, when the Town will come to the conclusion that it is time for them to own the horses that are necessary for the fire department and to use them, when not engaged in the fire service, upon the highways. We respectfully submit this proposition for your future consideration.

The details of this department are in the report of Engineers.

Public Buildings.

The improvements that have been made upon the Town buildings the past year have brought them up to a very good condition. The fire at the Oaklandvale School-house necessitated some additional repairs to what were contemplated. The insurance company adjusted the loss to the entire satisfaction of the Board. The North Saugus school property has been put in fair condition, also the Town Hall and Hose House No. 1 properties. We desire to have the citizens look over the steam heating and electric light system installed in the Town Hall the past year. If the citizens will take the trouble to see for themselves what has been done with the money appropriated for this department their verdict will be that it is money well spent.

Finances.

The finances of the Town are in no better condition to-day than they were ten, fifteen or twenty years ago, for the amount of uncollected taxes has increased almost identical with the growth of the Town, until to-day we find the Town authorizing its Treasurer to borrow \$75,000.00 to provide for notes and running expenses and making no especial effort to collect \$75,000.00 or \$80,000.00, due the Town for taxes. It has been our experience since serving you in the capacity of Selectmen that whenever there has been loss on the tax account the Town invariably has to stand it. Now it is not our desire to find fault with the tax collector but believe it our duty to point out to the citizens the reason for having to borrow so large a sum each year.

The method of collecting taxes in the Town, as conducted at present, is unbusiness-like and those citizens who pay their taxes promptly and whose interests ought to be protected, must suffer in consequence thereof.

We trust that the citizens will see that it is to their interest to take this matter up for careful consideration.

Appropriations.

We would respectfully recommend that the following appropriations be made for the ensuing year :

Highways and Bridges	\$4,500
Selectmen's Incidentals	6,500
Insurance	725
Police Department	4,000
Public Buildings	1,000
Street Lighting	5,500
Soldiers' Relief,	450

Tax for State, County, and Town purposes committed to Lewis J. Austin, Collector,	\$81,718 96
Street railway excise tax	2,480 31
Saugus tax rate on \$1,000	17 70

The Board of Assessors, in submitting their annual report to the citizens of the town, take advantage of the opportunity to offer some explanations and make some suggestions, to facilitate the work of their department.

The duties of the Board of Assessors in this Commonwealth are defined under Chapter 12 of the Revised Laws of the year 1902, and it may be superfluous to add that the Assessors of Saugus are obliged to conduct the business of their department according to the above mentioned laws, and any departure from their observance may make each individual member liable.

Each year on or before the first day of May, the Assessors post in conspicuous places, notices to the citizens of the Town, to file a list of their taxable property, both real and personal, with the

Assessors on or before June 25th, blank forms being furnished on application.

In previous years these requirements have only in a few instances been noticed and lived up to by the citizens of the Town and through inadvertance on the part of the Assessors, has resulted in the loss to the Town of the tax on income, money subject to check, stocks, etc., which the Assessors have this year levied and partly recovered.

The land values throughout the Town have been placed at an equitable valuation; each citizen having been assessed pro rata with his neighbor according to the judgment of the Board.

There are many applications for abatements each year and we call attention to the fact that only such abatements as are in compliance with Chapter 12 of the Public Statutes can be allowed by the Assessors. Judging from the number of poll tax abatements which we are called upon to make it would seem that a constable should be appointed for the specific purpose of aiding in the collection of said taxes when due.

The accommodations for keeping the Plans of Land in the Town Hall are very incomplete, and in case of fire a total loss of all plans would inevitably follow. We would recommend that the Town make an appropriation to construct a fire-proof vault in one of the closets adjacent to the Assessors' room.

The Assessors hereby recommend that the sum of \$800 be appropriated to meet the expenses (salary) of the department for the year 1904, also the sum of \$50 to be used for searching the records and obtaining such plans as may be needed to facilitate their work.

In conclusion, we feel that the Town has been fortunate in having the tax rate lowered to the point where it is not an object of adverse comparison with other municipalities and ask that stringent economy be practised in the expenditures of the ensuing year so that the Assessors may maintain our present rate if not reduce it materially.

MAURICE F. CUNNINGHAM,
LEVI G. HAWKES,
ALONZO PENNEY,

Assessors of Saugus.

Report of Superintendent of Streets.

To the Honorable Board of Selectmen :

I herewith submit my report for the year ending Dec. 31, 1903. I am well satisfied with the present condition of our streets and with the work done in this department the past year, especially the new grade on Lincoln avenue, from the Lynn line to Ballard street. The street having been resurfaced with crushed stone is in excellent condition and adds much to our permanent road building.

About seventeen hundred tons of crushed stone have been used this year, and I would call your attention to the advisability of the purchase of a crusher.

Drainage.

This is the first requisite for good streets, and I would recommend the drainage of Lincoln avenue, from Lincoln square to the Revere line, which is now a source of great trouble and expense. A large sum of money has been expended this year for the care of surface water. Five new catch-basins have been built, which required several hundred feet of earthen pipe. The old culvert at the corner of Essex and Vine streets not being of proper size to carry off the large volume of water from the brook, has been rebuilt, with the addition of two 20-inch pipes on each side, with retaining walls, which is a permanent piece of work.

Denver Street.

This street, owing to the heavy teaming, and not having been put to a proper grade, has required a large outlay of money, but now is in a condition to last a number of years.

Walnut Street.

This street, from Edison street to Fairmount avenue, has been regraded and is in excellent condition, which is greatly appreciated by the people in that section and the north end of our Town.

Central Street.

Good progress has been made on this street and most of the hard, rough work has been completed. It now awaits the building of the railroad, and when done will be of great credit to the Town.

Fairview Avenue.

Much improvement has been made on this street. Two large catch-basins have been put in, with 300 feet of 10-inch pipe, and a part of the gutters paved, which takes care of the water that flows from the hills. With the rest of the gutters paved this avenue would be in good repair for a number of years.

Snow and Ice.

Owing to the large amount of money that is necessary to take care of the snow and sanding of the walks, I would recommend a separate appropriation for the same.

The streets in the North and West Wards of our Town are in a very bad condition and should receive prompt attention the coming year.

I would especially mention the efficiency of the men employed and I wish to thank them and my foreman, Mr. Hall, for their faithful and efficient service. I also extend my thanks to the Honorable Board for their advice and encouragement which has been appreciated by me.

Respectfully submitted,

CHARLES FLORENCE,

Superintendent of Streets.

Expenses to Hyde Park	2 00
W. H. Ximiness, expert on dogs	2 00
Expenses to Malden and Melrose	50
Wm. Read & Sons, supplies	12 40
J. Abrahams, mattresses and blankets	15 60
W. F. Paul, carpentering	1 58
	<hr/> \$3,994 57

The total amount of fines paid during the year was \$555. Paid to the Town of Saugus, \$475. Paid to Essex County, \$30. Paid to the Massachusetts Society for the Prevention of Cruelty to Animals, \$35. Paid to complainants, \$5.

I would recommend that the sum of \$4,200 be appropriated for police service for the year of 1904, as the demands on the Police Department increase with the growth of the Town.

Conclusion.

In concluding my report, I wish to thank the honorable Board of Selectmen and George M. Amerige, Trial Justice, for the many acts of kindness shown me in the past year. I wish also to extend my thanks to the officers, both regular and special, for the able manner in which they have performed their duty.

Respectfully submitted,

CHARLES O. THOMPSON,

Chief of Police.

Report of Board of Engineers.

The apparatus consists of three hose wagons, one hook and ladder truck, 12 extinguishers, 6,000 ft. hose four sets double harness, 300 ft. ladders, 3 jump nets, one pull down hook with chain, 3 long hooks, one line gun, 3 crotch polls, eight lanterns, 28 rubber coats, 26 spanners, 20 belts, 12 lighters, 14 fire hats, 3 wrenches, 3 wagon jacks.

The Fire Department at the present time consists of 42 regular men, Superintendent of the fire alarm and two engineers. C. A. Blakeley having resigned December 21st. C. I. Hitchings, First Assistant; M. F. Cunningham, Second Assistant.

Record of Alarms.

Total number of bell alarms, 25.
Total number of still alarms, 8.
Total number of false alarms, 1.
Total miles run by all apparatus, 68.
Total feet of hose laid 3,400.
Total feet of ladders used, 285.
Total gallons of chemicals used, 179.

Detail of Alarms.

Report of Board of Health.

The Board of Health respectfully submits its annual report for the year 1903. The Board was organized as follows: George W. Gale, M. D., Chairman; Clarence Coates, Secretary; Benjamin F. Robinson, Health Officer.

Regular meetings of the Board are held at the Town Hall on the first Monday of each month at 8 P. M.

Number of contagious diseases reported, 50. Diphtheria, six cases; scarlet fever, twenty-three cases; measles, twenty cases; typhoid fever, one case; none of these cases of contagious diseases proved fatal.

Contagious Diseases.

RULE. 1. When a physician knows that a person whom he is called to visit is infected with small-pox, diphtheria, scarlet fever, typhoid fever, or any other disease dangerous to public health he shall immediately give notice to the Board of Health.

RULE 2. When a household knows that a person within his family is sick of cholera, small-pox, diphtheria, scarlet fever, typhoid fever, measles or membranous croup, he shall immediately give notice to the Board of Health, and upon the death, recovery, or removal of such person, the rooms occupied, and the articles used by him, shall be disinfected by such householder in the manner hereinafter provided, and subject to the approval of, and under the direction of the Board of Health.

Cesspools, Privies and Vaults.

RULE 22. No person shall build, or cause to be built, any privy, vault, or cesspool, unless the same is constructed in a thorough and substantial manner, lined with stone, brick or other suitable material of sufficient thickness and strength to prevent the walls from falling in, and located so that the inside of the

same shall be at least three feet distant from the line of any adjoining lot or street. Every cesspool shall be of sufficient size to contain at least eighty cubic feet, measured below two feet beneath the surface of the ground, and, when not water tight, shall be at least twenty feet from the outside of the cellar wall of any tenement or dwelling, and thirty feet distant from any well, spring, or any other source of water supply used for culinary or domestic purposes. In no case shall the drainage from a privy, vault, cesspool or sink, or foul drainage from any domestic source, be permitted to enter any stream, brook, run or pond within the limits of the town.

RULE 23. All privies and vaults shall be cleaned at least once a year. Any privy or vault not cleaned within that time shall be declared a nuisance.

GEORGE W. GALE, M. D., *Chairman.*

CLARENCE COATES, *Secretary.*

BENJAMIN F. ROBINSON, *Health Officer.*

Report of Cemetery Commissioners

FOR THE EIGHT MONTHS ENDING DEC. 31, 1903.

The Cemetery Commissioners, whom you elected at the last March meeting, organized March 6th, as follows: R. P. Whitcher, Chairman, J. S. Meacom, Clerk.

They voted March 20th, to use the existing rules and regulations for the government of the Cemetery for the present.

April 24th, the Commissioners voted to comply with the request of Mr. H. K. Sanderson, representing the Sons of the Revolution, in regard to placing markers or tablets (furnished by the Government) on the graves of Revolution soldiers buried within our Town, and that we set the same at an expense not exceeding \$10. We found that the following soldiers of the Revolution were buried in our Town: Samuel Pearson, Ezera Brown, Aaron Boardman, Joshua Danforth, Corporal, Nathan Hawkes, Lieutenant, Nathan Hitchings, Thomas Mansfield, Samuel Breedeen, Rev. Joseph Roby, a member of the Committee on Safety, Samuel Sweetser, Thomas Florence, Calvin Newhall, William Tuttle, Abijah Cheever, Abner Cheever. The last five are in unknown graves. In the tomb in the Old Saugus Cemetery are the remains of John Taggard, and David Taggard, in the War of 1812. David Taggard, Jr., and George Edwin Taggard, in the Civil War. We publish this list so that they may enter our Town report there being no other record of them in this town. At this meeting a committee was authorized to ask the Town Counsel, if the Commissioners have any discretion in regard to the amount of salary we were to pay our superintendent of the Cemetery, as the Town had given us the sum of \$800 for that purpose, and at a later meeting, held on April 28th, this committee reported his findings in the matter which were as follows: "That the Commissioners can pay as a maximum sum

for Superintendent of Cemetery the sum of \$800, but they can engage one at any price less than that amount that can be agreed upon, but he recommends that if they (the Commissioners) do engage one at less price, they place that party under contract not to call for any of the balance of the \$800 voted at the March meeting. The Commissioners then made the following proposition: Voted, that we employ Mr. Joseph Newhall as Superintendent of the Cemetery at a salary of six hundred and fifty dollars (\$650) per annum, and that we allow Mr. Newhall an additional one hundred dollars (\$100) for the use of his team for legitimate Cemetery purposes."

After this vote had been taken we sent out and asked Mr. Newhall to come before us, which he did. The above proposition was placed before him and he positively declined to accept it.

The following proposals for the position of Superintendent of Cemetery were received by us in writing: Mr. Joseph Newhall, \$800; Mr. E. E. Ryder, \$625; Mr. C. E. Rachell, \$600; Mr. Charles L. Davis, \$500.

Voted, that Mr. Charles L. Davis be employed as Superintendent of the Cemetery, at a salary of \$500 per annum he being the lowest bidder (we considered them all responsible) provided he sign the necessary contract as recommended by our attorney.

Friday, May 8th. The contract was signed, said contract was made out by the Town Counsel.

Voted, that the Commissioners leave the rules in regard to the care of lots in the cemetery this year the same as heretofore excepting as regards non-residents.

Voted, that the Superintendent be allowed to hire men at his discretion to work in the cemetery subject, however, to the approval of the Commissioners.

June 5th. In compliance with the request of the Commissioners the Board of Health appointed Mr. Charles L. Davis their burial agent.

Voted, that the price of putting in foundations be thirty cents per cubic foot.

We communicated with Mr. Benjamin N. Johnson in regard to moving the old hearse house and filling in the wall where it stood and in reply Mr. Johnson said if the Commissioner would

have it moved and the wall filled in he would pay the entire expense of the same, the expense was \$90 and Mr. Johnson sent his check for the same. The Commissioners in return sent Mr. Johnson a letter of thanks. We think the Town very fortunate to have such a friend.

At a meeting of the Commissioners they voted to name our cemetery Riverside Cemetery.

Before closing our report we would like to call the attention of the Town to a few things which come to our minds at this time and we hope the Town will see them as we do and take favorable action at the proper time. First, the tomb at the cemetery is in a very bad and dangerous condition, the roof stones are liable at any time to fall and if they should no one knows what amount of damage may result from such an accident we feel that as we are fully aware of this condition it is our duty to you to inform you and bring this matter before you at as early a time as possible.

We would call to your attention that when we took charge of the Cemetery, May 1st, the amount of money at our disposal was as follows :

Amount appropriated at the March meeting for laying out of avenues and care was \$950; superintendent's salary, \$800; total, \$1,750.

Out of this amount was paid for former administration, from January 1st to May 1, the sum of \$111.15, we also engaged a superintendent for the sum of \$500, which left \$300 in the treasury, which we could not use and is therefore unexpended. Then we were obliged to pay out about \$100 for tools with which to do the work, printing, etc. One hundred dollars was paid for the use of a horse and cart, making a total of \$611.15 for these items alone, leaving the sum of \$1,138.85, plus the \$90 given to us by Mr. B. N. Johnson, making \$1,228.85 the whole amount available for both maintaining and Superintendent's salary. As you will see, we had to work with for Cemetery work after paying the Superintendent the sum of \$728.85 from May 1st to January 1st. With this amount we have done all we could.

We would recommend that you appropriate the sum of \$2,000 for the erection of a new tomb in our Cemetery, one that will last for years, and be placed in a proper situation for such a

receptacle. Again we would recommend the sum of \$1,400 for laying out, grading avenues and care of Cemetery for the coming year. If you should give your Commissioners a small sum of money each year to be expended in shade trees and shrubbery it would not be many years before we would be able to show you a much more beautiful Cemetery.

We sincerely hope that all of our recommendations will meet your approval. We have started an interment book, something the town has never had before, in which we have made an accurate record of all interments made since we took charge of the Cemetery. This book is in the hands of the Superintendent, and open at all times for inspection. All parties who know of the location of any particular grave are earnestly requested to report the same to the Commissioners so a proper and complete record of all interments can be got at. Blanks for such will be furnished on application to the Commissioners or the Superintendent.

Gentlemen, eight months have elapsed since you placed the cemetery in the hands of the present Commission. We have done what we could to beautify the cemetery with what you gave us to do with. You will find in the Superintendent's report an account of the receipts thus far. His report being made a part of ours, we see no reason to regret having placed this department of town affairs on a basis of its own.

Amount received from the Superintendent .	\$769 26

Public Library Report.

Trustees' Report.

The Trustees of the Free Public Library herewith submit their sixteenth annual report for the year ending December 31, 1903. The statistics furnished by the Librarian give evidence of the gradually increasing popularity and usefulness of the institution. The Library is in a flourishing condition as far as usage is concerned.

The number of volumes loaned during the year was 22,501; an increase of 1,282 over the previous year, the average weekly circulation being about 433.

Many books, especially for children, have been placed on the shelves and afford a great deal of satisfaction to the little ones.

The new system of charging books which includes specially designed card racks and cards, has reduced the time limit to the lowest possible degree, and has enabled the Librarian and her assistants to accomplish much more work in a given time than heretofore.

During the year the quality of the circulation has improved. In 1902 fiction made up 78 per cent. of the issue; in 1903 it was reduced to 71 per cent. of the whole. There are many valuable and instructive books in the library that are seldom used.

Acknowledgment is due to our Congressman for many Government publications; to Nathan M. Hawkes for a fine copy of the Park Commissioners' report of the City of Lynn; to Charles O. Popp for "The Religion of Spiritualism;" to Mrs. F. C. Cheever, Mrs. A. Cheever, Miss Mary Thayer, Miss J. J. Nourse and Miss E. E. Newhall, for magazines. Through our connection with the Library Art Club we have had about a dozen collections of pictures on exhibition about a week each. Some colored views of Switzerland scenery were especially fine.

Views of Vienna, views of cathedrals, views of scenes in the Revolutionary times, miscellaneous views by John A. Lowell & Co., views of Grecian architecture, views of Japan, were included in the collection and were well worth a careful perusal.

The work of the Library has been satisfactory, and the results obtainable are only such as could be expected from the efficient Librarian and her assistants.

We herewith recommend that the sum of six hundred dollars (\$600) and the dog tax be appropriated for the benefit of the Library for the ensuing year.

Respectfully submitted,

JAMES R. HUGHES,
BENJ. F. CALLEY,
ARTHUR B. COATES,
MARION V. PUTNAM,
MARSHALL B. FAXON,
LEVI G. HAWKES,

Trustees.

Report of Sinking Fund Commissioners.

SAUGUS, January 1st, 1904.

To the Selectmen of Saugus:

The surviving Sinking Fund Commissioners beg leave to submit the following report:

DR.

Town of Saugus notes held January 1st, 1903	\$85,500 00	
Interest on Town of Saugus notes to April 1st, 1903	2,137 50	
Appropriation for 1903	677 50	
Cash in Town Treasurer's hands January 1st, 1903	685 00	
	<hr/>	\$89,000 00

CR.

Notes of Town of Saugus delivered to Town Treasurer for cancellation,	\$85,500 00	
City of Everett note bought	3,300 00	
Premium and accredited interest on same	140 91	
Balance cash in Town Treasurer's hands	59 09	
	<hr/>	\$89,000 00

Held in Sinking Fund, January 1st, 1904. Now held by order of Town for payment of loan made for Clifftondale School-house.

City of Everett note, due Nov. 2d, 1904, interest 4 per cent.	\$3,300 00	
Balance, cash in Town Treasurer's hands	59 09	
	<hr/>	\$3,359 09

We have to report the death of our associate, Samuel Hawkes, Esq. Mr. Hawkes was a valued member of our Board, and looked forward with pleasant anticipation to the time when we could ask the Town to allow us to return the Town notes for cancellation.

It is a pleasant duty to now report that, by vote of the Town, we have delivered to the Town Treasurer, eighty-five thousand, five hundred dollars of the Town of Saugus notes held in the Sinking Fund, and that they were cancelled in the presence of the Commissioners; thus completing the full payment of all indebtedness of the Town in 1875.

You will see that we have now, by direction of the Town, commenced the accumulation of funds for the payment of the Clifftondale School-house loan, *new*, of twenty-five thousand dollars, due, five thousand dollars each year of 1915-1916-1917-1918-1919.

The Commissioners have chosen the Town Treasurer, Joseph S. Meacom, as Treasurer of the Sinking Fund Commission, and he has accepted the trust, and taken the oath as prescribed by law.

The appropriation required for the year 1904 will be one thousand dollars.

HERBERT B. NEWHALL,
HERBERT O. PRATT,

Surviving Sinking Fund Commissioners.

REPORT OF
Sealer of Weights and Measures
FOR THE YEAR ENDING DEC. 31, 1903.

Number of glass milk jars sealed	15,242
Number of glass milk jars condemned	881
Number of glass jars found broken when received	71
	<hr/>
Total	16,194

Copy of laws relating to sealing of weights and measures, and glass bottles for dispensing milk may be found on page 189 in Town Report of 1902.

B. F. CALLEY,
Sealer.

Report of Cattle and Milk Inspector.

I have inspected at slaughter houses 58 head of beef cattle and 464 hogs, all of which in my opinion were free from disease.

In making the annual inspection, I examined 838 head of cattle and 350 hogs none of which showed signs of disease upon physical examination.

Respectfully,

A. W. SAWYER,

Inspector.

Report of Tree Warden.

I herewith tender my report for the year ending Dec. 31, 1903:

There having been no tree warden until 1900, the shade trees in all parts of the town were in bad shape.

With a small appropriation expended each succeeding year, the trees are now in fair condition.

Respectfully submitted

A. E. DAVIS,

Tree Warden.

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
AND
Superintendent of Schools
OF THE
TOWN OF SAUGUS

FOR THE YEAR ENDING DECEMBER 31, 1903.

LYNN, MASS.:
WHITTEN & CASS, PRINTERS
1904

SCHOOL COMMITTEE.

GEORGE M. AMERIGE, <i>Chairman</i>	.	Term expires 1904
HENRY J. MILLS, <i>Secretary</i>	.	Term expires 1905
FRANK P. BENNETT, JR.	.	Term expires 1906

The Board meets in its rooms in the Town Hall, the first Monday of each month at 7.30 P. M.

SUPERINTENDENT OF SCHOOLS.

CHARLES E. STEVENS.

The Superintendent may be found at his office, in the Town Hall building, on Mondays and Thursdays, from 8.30 to 9 A.M., and Thursdays, from 4 to 4.30 P. M. Telephone at residence.

CALENDAR, 1904.

Winter term (12 weeks), January 4—March 25.

Spring term (12 weeks), April 4—June 16.

Fall term (15 weeks), September 12—December 23.

School closes Wednesday noon of Thanksgiving week.

Winter term opens Monday, January 2, 1905.

The spring term of the high school will close one week later than is indicated above.

FINANCIAL STATEMENT.

RECEIPTS.

Town appropriation, March, 1903	.	\$22,500 00
From State and City of Boston, tuition children		458 00
From books sold and sundries		1 88
		<hr/> \$22,959 88

EXPENDITURES.

Teachers	\$15,871 21
Janitors	1,931 48
Supplies	1,640 61
Fuel	2,801 00
Incidentals	439 50
Water rate	231 00
Expense school census	45 00
Balance unexpended	08
		<hr/> \$22,959 88

Report of the School Committee.

To the Citizens of the Town of Saugus:

The report of the Superintendent of Schools herewith submitted, will give the desired information regarding the internal management of the schools. The committee believe that the desire of the citizens is, that this report shall be confined to those matters in which the committee acts directly, and to such matters this report is confined.

Salaries of Teachers.

It has long been apparent to this committee that some action must be taken regarding the salaries of our teachers. Towns about us are continually watching the most successful of our instructors, and in cases where greater salaries can be offered, the natural result has been the loss of many of our best teachers. The following figures showing the average salaries paid by towns of about the same size and means as our town, will indicate graphically what action this town ought to take in the matter. The undeniably larger salaries which wealthier towns and cities can pay ought not, of course, to be duplicated by us. It can properly be the aim of this town only to pay the same rate of wages to its teachers as is the average with towns of similar population and wealth.

Andover, Mass.	Grade 1.	\$390 to \$500
	Grade 2.	400 to 500
	Grade 3.	400 to 600
	Grade 4.	425 to 650
	Grade 5.	475 to 500
	Grade 6.	425 to 500
	Grade 7.	500 to 600
	Grade 8.	475 to 650
	Grade 6.	950 to 750

Ipswich, Mass.	Grade 1.	\$350
	Grade 2.	350
	Grade 3.	380
	Grade 4.	400
	Grade 5.	450
	Grade 6.	520
	Grade 7.	550
	Grade 8.	600
	Grade 9.	750
Greenfield, Mass.	Grades 1 to 4.	\$440 to \$450
	Grades 5 to 9.	450 to 480
(With three at \$520, and one at \$630.)		
Palmer, Mass.	Grades 1 to 7.	\$380
	Grades 8 and 9.	608
	Grades 1 to 6.	418
	Grades 7 to 9.	456 to \$494
Adams, Mass.	Grade 1.	\$448
	Grades 2, 3 and 4.	390
	Grades 5 to 9.	410 to \$468
Methuen, Mass.	Grades 1 to 4.	\$350 to \$425
	Grades 5 to 9.	400 to 650
Saugus, average.	Grades 1 to 4.	\$415
	Grades 5 to 9.	415 to \$450
(With one at \$480, one at \$525 and one at \$625.)		

It will be noted from the above that in grades one to four this town would seem to pay relatively as well as other towns of similar population and means, with a few exceptions, but that in the grades above the fourth, this town will have to take some step toward advancing the pay of the teachers, or will be subjected to continually occurring losses of its best teachers.

Election of Teachers.

The policy of the school board has been to leave the matter of the choice of teachers mainly with the Superintendent of Schools. It has been his task to look up the standing of the various applicants, and to hunt for applicants when none appear, and in most

instances his judgment has been followed absolutely by the committee. This policy has been adopted because of the inability of the individual members of the committee to devote the necessary time for this kind of work. It is the earnest wish, however, of the committee that more of the graduates of our own schools should be chosen to fill the vacancies as they occur in our teaching body. Graduates of our own schools may file with the Superintendent, or with some member of the committee, applications for such positions as they feel themselves capable of filling, and the committee will give to them the preference in the election to any position, to fill which they are equally as competent as the other applicants. It would be a source of pride to the town if every teacher that it employed could be a graduate of its own schools, and to this end the committee intend consistently to work.

Appropriation.

The citizens will note that the committee have felt compelled to ask for a larger appropriation for this year. This is due to two causes. First, the rapidly increasing number of scholars, necessitating larger purchases of supplies, and a larger number of teachers, and, secondly, the need of increasing the salaries of the teachers in our higher grades. It was only with the most careful management that the committee kept within its appropriation the past year, and it believes that it will be impossible to repeat the experience in the year 1904. There is a much larger number of scholars this year. The fall term will show an equally large increase, and it is not at all unlikely that the sole remaining unoccupied school room in the town, that at the old Lincoln Avenue School, will have to be opened. An additional room was opened there the past year, thus accounting for a considerable increase in the expenditures of the committee. The committee has also been compelled to make much smaller purchases of supplies than ought to have been the case.

New Building.

It will be necessary for the town to build another school-house within a year or two, and plans looking toward such a building

ought to be considered at once. It was hoped that the construction of the Felton School would do away with the necessity of building again for some years, but such has not proved to be the case. To-day, in fact, nearly every room is within one or two of the limit which the state law intended to permit in a single room under one teacher, fifty. A large increase in the enrollment this fall may send the number over fifty and require the committee to put an assistant in such rooms. The law says that such action *shall* be taken when that number is exceeded. The committee has also only one available unoccupied room for overflow of classes. There is also some crowding at East Saugus, one room having sixty-two pupils under a teacher and an assistant. It would seem, therefore, as though a new school building would be an immediate necessity, best located probably at some point, if possible, which would relieve both Clifftondale and East Saugus.

No-Session Signals.

One of the annoying features of our present arrangements for announcing no session or one session of school, is the lack of any easily accessible means of sounding the alarm. The difficulty of the absence of the Superintendent of Schools or the members of the school board from the town, at any given time, has been overcome at the Centre by placing the matter in the hands of the principal of the High School. His judgment, acquainted as he is with the needs of pupils under his management, is bound in the long run to be satisfactory to the greatest number. It only remains for the town to provide him with some method of announcing other than the one he has at present. To-day it is necessary for him to find some one who has authority to operate the fire alarm system, and unless such a one is accessible, the alarm cannot well be sounded. We would recommend that a hook be placed in the principal's office, enabling him to sound the alarm for the whole town from that point. Our opinion, based on inquiry, is that the cost of installing this would be merely nominal, probably about \$50.

Estimates.

We estimate that we shall require for the year, as follows :

Fuel	\$3,000 00
Janitors	2,200 00
Supplies	2,200 00
Teachers	17,000 00
Incidentals	1,000 00
						<hr/>
Total	\$25,400 00

GEO. M. AMERIGE,
HENRY J. MILLS,
FRANK P. BENNETT, JR.

Report of Superintendent of Schools.

To the School Committee:

GENTLEMEN,—I have the honor to present to you my tenth annual report as Superintendent of Schools.

The year has been one of quiet success. Nothing revolutionary has been attempted and no radical changes have been considered, but there has been a strong effort to make all teaching more effectual. In view of the fact that there have been fewer cases of insubordination on the part of pupils, fewer cases of mistakes in discipline on the part of teachers, and fewer cases of complaint by parents, there is reason to believe that the record of management and control for the year has been better than in some previous years.

Many of our teachers are showing a real desire to teach better each successive year, and they are succeeding because they are devoted, industrious, and adapted to their chosen profession. But such teachers are not easily secured nor long retained, because the market value of their services is much more than we are now paying. The average length of service of teachers in this town is so short that it is difficult to maintain the standard of excellence our schools have reached, and almost impossible to make further advances.

During the year ending June 30, 1903, the total average membership was 1170, an increase of forty-three for the year. The average membership for the fall term ending December 23, 1903, was 1265, a gain of seventy-six over the fall term of 1902. As usual, the greatest gains have been at Cliftondale, although schools in other parts of the town show some increase.

The membership figures for eight years are here inserted. The increase for the past year is about 6 per cent.

Average Membership.

September.....	112	276	624	185	1,277

Our school population is constantly changing. Many are moving into town and some are moving away but these changes show a large net gain. During the year 1903 there were 176 pupils entered our schools from other towns. Of these fifty-two

came from Lynn, twenty-four from Boston, ten from Everett, nine from Malden, nine from Chelsea, six from Revere; forty-three from other cities and towns of this state; three each from Maine, Vermont, and New York; and fourteen from other places.

The year shows a record of 2,291 cases of tardiness which although larger than it should be is somewhat less than last year. One school is responsible for nearly one-sixth of these marks. In some instances teachers have been so zealous in their efforts to reduce tardiness that they have increased the absences. Pupils have remained away from school rather than come in late. This mistake should be avoided for it is better to go to school a few minutes late than not to go at all. Probably one-half of the cases of tardiness are unnecessary and the co-operation of parents is asked in our efforts to reduce the number. Loitering on the way to school, a clock that was slow, staying in bed too long in the morning and going on errands just at school time are excuses that are too often given.

One very satisfactory feature of the year has been the unusually large number of visits to the different schools by parents and friends. In all 2,073 visits have been recorded. This number includes all who responded to special invitation to attend Memorial Day exercises, and other special exercises as well as the visitors who came to observe the usual school work. Parents do well to visit school often. They need to become acquainted with the teachers and to be fully informed of the record of their children at school. It is well for them to know something of the plans and purposes of the teacher, the arrangement of the course of study and to see the work of their children in comparison with that of others. Teachers are able to deal more understandingly with pupils when they work with the full confidence and support of the parents. Fathers and mothers are urged to make frequent visits to the school.

At the beginning of the fall term another room was opened at Cliftdale in the Lincoln Avenue building and an additional teacher employed. Even with this increase in seating capacity all rooms are full and additional accommodations are needed. Evidently the only remaining vacant room should be fitted up and made ready for immediate use. At the present time there are

pupils enough for another school, which if opened would afford relief to several rooms now over-crowded. Forty pupils are as many as should be placed in the care of any teacher, but with one exception every school in the village of Cliftondale has a greater number than this, several having fifty or more.

The East Saugus schools have been unusually large this fall. In the first room more than sixty little people were registered, making it impossible for one teacher to care for all properly. An additional teacher was employed and the two work together in one room. This is not the best way to teach sixty pupils, but it seemed to be the only way as there was no other available room. The East Saugus school building has reached its limit. If there is continued increase of pupils in this section additional school rooms will be needed.

The Saugus Centre schools above the third grade have been large. As there are but seven rooms for the nine grades, some classes must be divided. This year the eighth grade is divided, a part being with the ninth and a part with the seventh grade. Also the fifth grade is in two sections, one being with grade four and one with grade six. It would be much more satisfactory to have one or two more schools, so that each grade could have a room. If there should be an increase of fifty pupils this desirable change would become necessary. Then the present High School rooms would be needed for grammar school purposes and another building would be a necessity. When that time comes a new High School building carefully planned and properly equipped should be provided. If it were made large enough to accommodate the ninth grade from the three sections of the town, immediate relief would be afforded, besides making it possible to do much more satisfactory ninth grade work.

At the time of my first acquaintance with the schools of this town nearly ten years ago, there were eighteen schools, including the High School; twenty teachers, including a music teacher and two High School teachers; and an average membership of about 700. At that time the high school occupied rooms in the Town Hall and two other schools were in outside rooms hired for the purpose. None of the school buildings were supplied with modern systems of heating and ventilation. Now there are

twenty-nine schools and thirty-six teachers including two special teachers, one of music and one of drawing. The total membership is but little less than 1,300 which indicates an increase of more than eighty per cent. in ten years. During that time four new school-houses of modern plan and improved conveniences having nineteen rooms of large size have been completed. Three old buildings have been thoroughly repaired, remodeled and provided with modern systems of heating and ventilation.

When plans are being made for new school buildings it is well to study the school history of the past ten years. If the same rate of growth is made in the next decade as in the last, it means an increase of 1,000 pupils, and they would require twenty-five school-rooms. If the High School and ninth grade increase in the same proportion and they were all in one building ten years from now, they would number about 300. It is not too soon to make plans for the erection of school buildings which the rapid growth of the town will soon make necessary.

Since the last report was made thirteen teachers have withdrawn and fifteen teachers have been elected. The large number of resignations were due to the usual causes,—matrimony, offers of better positions and illness. On account of ill health Mrs. D. A. Dunn was obliged to tender her resignation in November. She has enjoyed a long and successful term of service in the town and all will wish her much pleasure in her years of quiet retirement. Miss Sadie R. Melzard, the supervisor of drawing, tendered her resignation because of the offer of a larger salary in a similar position in Chelsea. Miss Isabelle Hay one of our excellent primary teachers after serving us six years accepted a better position in Everett. Miss Anna P. Danforth another excellent teacher was called to Medford. Miss Edith A. Lucas was granted leave of absence for a year of study. The continued illness of Miss Bessie Watson of the High School made it impossible for her to return and Mr. George L. Ward was permanently engaged. Miss Edith A. Kelley after a year of study abroad returned to her work at the opening of the fall term, and Miss A. May Sanger, who had been serving as substitute teacher, necessarily withdrew. Miss Ellen Young, principal of East Saugus school, after a successful experience of five years, decided to give up teaching. The complete record of changes is as follows:

Withdrawals.	School.	Elections.
Rachel U. Cornwell,	Saugus,	Elsie P. Bates.
Bessie V. Watson,	High,	George L. Ward.
A. May Sanger,	High,	Edith A. Kelley.
W. K. Putney,	North Saugus,	Nellie I. Keene.
Isabelle Hay,	Roby,	Gertrude M. Hart.
Harriet C. Sanborn,	Essex St.,	Elizabeth P. Lefavour.
Edith A. Lucas,	Lincoln Ave.,	Beatrice A. Randall.
	Lincoln Ave.,	Marie L. Ambrose.
Henrietta Hawkes,	Oaklandvale,	Grace E. Penney.
Anna P. Danforth,	East Saugus,	Elizabeth W. Crowell
Sadie R. Melzard,	Drawing,	C. Edward Newell.
Abbie A. Fuller,	Lynnhurst,	Edith K. Moore.
Ellen Young,	East Saugus,	George F. Hopkins.
D. A. Dunn,	Felton,	Ethel W. Coker.
	East Saugus,	Lillian C. Campbell.

More than half of the present corps of teachers have accepted their present position within two years. Twelve teachers have taught in the town not less than three years, and five only have been with us ten years or longer. The statement of these facts is all that is necessary to indicate one of our most serious problem of school management. An increase of the annual appropriation for teachers' salaries is the only solution.

High School.

The High School has had a successful year. Its good work seems to be generally recognized for we hear many words of appreciation. Its teachers are all college graduates of superior scholarship, successful experience and evident fitness for their chosen work. The course of study is good in the usual lines. If it could be strengthened by the introduction of shop-work, stenography and typewriting it would be much better and meet a popular desire. Provision for these additions should be made as soon as the additional cost can be afforded.

Your attention is called to the report of Mr. Ross, principal of the High School.

Mr. C. E. Stevens, Superintendent of Schools:

DEAR SIR,—I herewith submit to you my second annual report of the Saugus High School:

Enrollment	112
Average membership for year	105
Average attendance for year	97
Percentage of attendance	93

Although the percentage of the attendance has varied little during the past five years, we believe it is altogether too low. For every case of absence or tardiness we insist upon a written excuse from the parent. Yet we must believe that they are often given for trivial causes, especially when we see scholars presumably too ill to attend school, well enough to be out on the street or to attend some entertainment. If, as has been said, the financial value of a school day can be estimated at not less than two dollars, and if, in addition to that, we consider the loss and hindrance to the class, how great is the loss when a scholar leaves school at too early an age, or is kept out of school for trivial causes.

Miss Kelley, after a year's study abroad, returned to her classes in September. There has been no other change in teachers. For this reason probably and because of the better preparation of the entering class, we have been able to do much more and better work than we did last year.

The few changes made in our course of study have proved beneficial. By putting the physics in the third year the pupils can do sufficiently advanced work to fit for college without making an extra class for them. What was said last year of the inadequacy of a single sink and table for our class in chemistry holds true even in a greater degree at this time.

Of the twenty-five scholars who graduated last June, one passed the examination for Mt. Holyoke, one for the Mass. Agricultural College, two entered Boston University, one the Lawrence Scientific School, one Harvard College and eight a business college. The large number entering a business college indicates the desirability of making our three years English course a business course as soon as it may be possible to do so.

For several years the scholars of the High School have been creating a fund to purchase a piano to replace the old one now in use in the High School room. The result of their efforts is shown in the following

Financial Report.

Amount on hand and in bank Jan. 1, 1903		\$112 12
Received from Bond Prize Exhibition .		59 15
Received from programs sold scholars .		1 65
Interest accumulated		5 28
		<hr/>
		\$178 20
Paid for printing	\$87 50	
Paid for books	1 75	10 25
	<hr/>	<hr/>
Amount on hand Jan. 1, 1904 .		\$167 95

I wish to express my appreciation of the earnest and faithful work done by the scholars, and my gratification at the cordial relations that have existed between pupils and teachers.

I heartily commend my assistants for the faithful and efficient service they have rendered this year.

In conclusion, I wish to thank you and the gentlemen of the committee for your kind and helpful interest during the past year.

Respectfully submitted,

LELAND A. ROSS.

Drawing.

The work in drawing which has been in charge of Miss Melzard for several years was placed in the care of Mr. C. Edward Newell at the opening of the fall term. By education, experience and natural aptitude Mr. Newell seems to be well equipped for his work. The good beginning he has already made indicates success for this department.

Mr. C. E. Stevens, Superintendent of Schools:

DEAR SIR,—The standard of the drawing work done in the school term just ended is unquestionably good, and in many cases excellent. I cannot take the credit of this to myself, for it belongs to the teachers who have grasped the subject readily, and also to the hearty interest which the pupils have shown in the work.

I am pleased with the work and the attitude toward it, but we cannot be satisfied as long as we see chance for improvement either in the pupils' work or in the manner of presenting the subject.

The teachers understand that it is quality which I want, and never quantity.

This will continue to be our motto for the coming year—not how much, but how well. Then at the end of the spring term, if we can see a steady development in the year's work of each grade, we shall feel well repaid for our effort.

In your report for last year I find you have asked this question, "May not the pupils of Saugus soon have the benefits which manual training offers?"

In a small way I think they may before the school year is ended. After January first I hope to form some small classes in basketry, knife work and hammock making. These classes will meet after school. I shall take but a few pupils at a time, these to aid me in teaching others.

In closing allow me to express a desire which my term's work has impressed upon me, namely, that Saugus should allow more time for the supervision of drawing in her public schools. This you probably realize and will bring about as soon as possible.

Respectfully submitted,

C. EDWARD NEWELL.

Music.

The department of vocal music continues in charge of Miss Page who has been responsible for this work for several years. In the main, the singing in our school is well taught and good results are in evidence.

Your attention is directed to the report of Miss Page:

Mr. C. E. Stevens, Superintendent of Schools:

DEAR SIR,—The general work of music in the grades has remained about the same during the year past. We are constantly training the children in the elementary work of music. Singing and hearing intervals, training the eye to read notes and time, training the ear to regular recurring accent, are all a part of the daily work of the school room. The past term we have emphasized individual work, urging more the development of the mechanical or language of music, which forms the foundation necessary to true appreciation of the artistic and esthetic side of music.

During the past two years our number of schools has so increased that my visits are necessarily less frequent. It is my plan to visit the higher grades once a week, intermediate grades once in two weeks, and primary and country schools once in three or four weeks.

A chorus of children from seventh grade sang at Memorial Day exercises, assisted by orchestra of three pieces from grammar grades. It has been the custom for a number of years to have pupils sing at this time and I am glad to have them take an active part in these patriotic exercises.

The work in the High School consists of chorus work once a week for forty-five minutes with the whole school.

The High School singing at graduation was worthy of mention. Our program was unusually good and the singing was greatly aided by work of school orchestra of six pieces. I wish that the music of the High School could amount to more than simply chorus drill which we now have. A course in harmony and musical history could be given in a way to make it interesting and instructive to a class who elect to take this study.

We are much in need of supplementary books in the highest grammar grade and I hope an appropriation may be made for our benefit.

Our field of labor is enormous. Our opportunities are unlimited. There is no nobler mission in the world than to bring beauty and happiness into the homes of the people through the culture of good music and to teach them to express their deeper feelings in the only adequate language—in song.

For your hearty co-operation in my work, I want to thank you, also the School Committee and our most faithful corps of teachers.

HELEN M. PAGE.

Physical Education.

Another of our unsolved school problems pertains to physical education. It has been said that school life should not merely prevent injury to health; it should benefit health. Certainly, we should not neglect a subject of so great importance as the care and development of the human body. All the conditions of school life should be so thoughtfully planned and the occupations of the pupils so wisely selected as to further bodily development. If it is true, as scientists assert, that the most desirable results of education depend upon tissue changes in the brain structure, and these, in turn, depend upon digestion, circulation and vigorous physical condition, then it would follow that good health and a proper working of the mechanism of the body are essential to a good education.

We have done much already for the comfort and health of the children as seen in the modern school-houses with their approved methods of lighting, heating, ventilating, and suitable furniture. Something more could be done. For all normal children it is desirable to have a daily period for bodily exercises, which will increase the circulation, clear the brain and fill the lungs with pure air. The benefits of such exercises are conceded. Even in schools which allow but a few minutes each day noticeable improvement in the sitting, walking and breathing of the pupils is shown.

If there are physical defects of any kind they should receive the careful attention of teachers and parents. Early discovery of any difficulty with sight or hearing and prompt application of corrective measures is of the greatest importance. When children are flat-chested and round-shouldered or have spinal curvature they should be studied individually and an attempt made to remedy their short-comings. If children are pale, weak and take no delight in the playground their lungs should be examined, their

habits investigated, and their food carefully chosen. But physical abnormalities of so severe a type would not be frequent if there was constant and painstaking attention to physical development from the earliest years. In this work parents, teachers and physicians need to share.

Under the most favorable conditions systematic and progressive physical exercises, combined with careful study of the needs of individual pupils is of great benefit to physical, mental, and moral health. Abounding health means brighter and stronger minds. It means greater courage and self-reliance which makes it easier to be truthful and honest. Parents and teachers are very slow to realize that there is a close relation between physical weakness and vicious habits. If children are stupid and untruthful it is quite possible that they need something to improve their circulation and enlarge the lungs more than they need a sermon or a flogging.

Your attention is directed to this problem because of the belief that much might be done for the physical welfare of our boys and girls without materially increasing the cost of our schools. Possibly one or two specialists might be employed to give our regular teachers a course of lessons, the better fitting them to carry on the work in their own schools.

Our Needs.

In conclusion allow me to call your attention to the important needs of our schools as they appear to me.

1. Additional school buildings to provide for our rapidly increasing school population.
2. Increase of teachers' salaries so that we may longer retain the services of our most successful teachers.
3. Additional time for the drawing teacher enabling him to enlarge the course so as to include easy construction work and elementary manual training.
4. Additional courses for the High School, including Shop Work, Stenography, and Typewriting.
5. Increased appropriation for text-books, reference and supplementary books.

6. The introduction of progressive and systematic work in Physical Training.

I desire to record my appreciation of the unfailing courtesy and the continued support of the School Committee, which has made the work of the year possible.

Respectfully submitted.

C. E. STEVENS,
Superintendent.

SUMMARY

FOR THE YEAR ENDING JUNE 30, 1903.

Number of children in Town, September, 1903, from five to 15 years of age	1,194
Number of boys	579
Number of girls	615
Number between seven (7) and fourteen (14),	84
Whole number enrolled in all schools	1,330
Number of boys	638
Number of girls	692
Number under five (5)	11
Number over fifteen (15)	152
Number between seven (7) and fourteen (14)	876
Average membership	1,170
Average attendance	1,044
Per cent. of attendance	89.2
Number of teachers employed, including specials .	34
Increase during the year	0
Number of teachers withdrawn	8
Number of new teachers
